

Norwegian fleet — Share of European total endpoint impact per year (all categories)

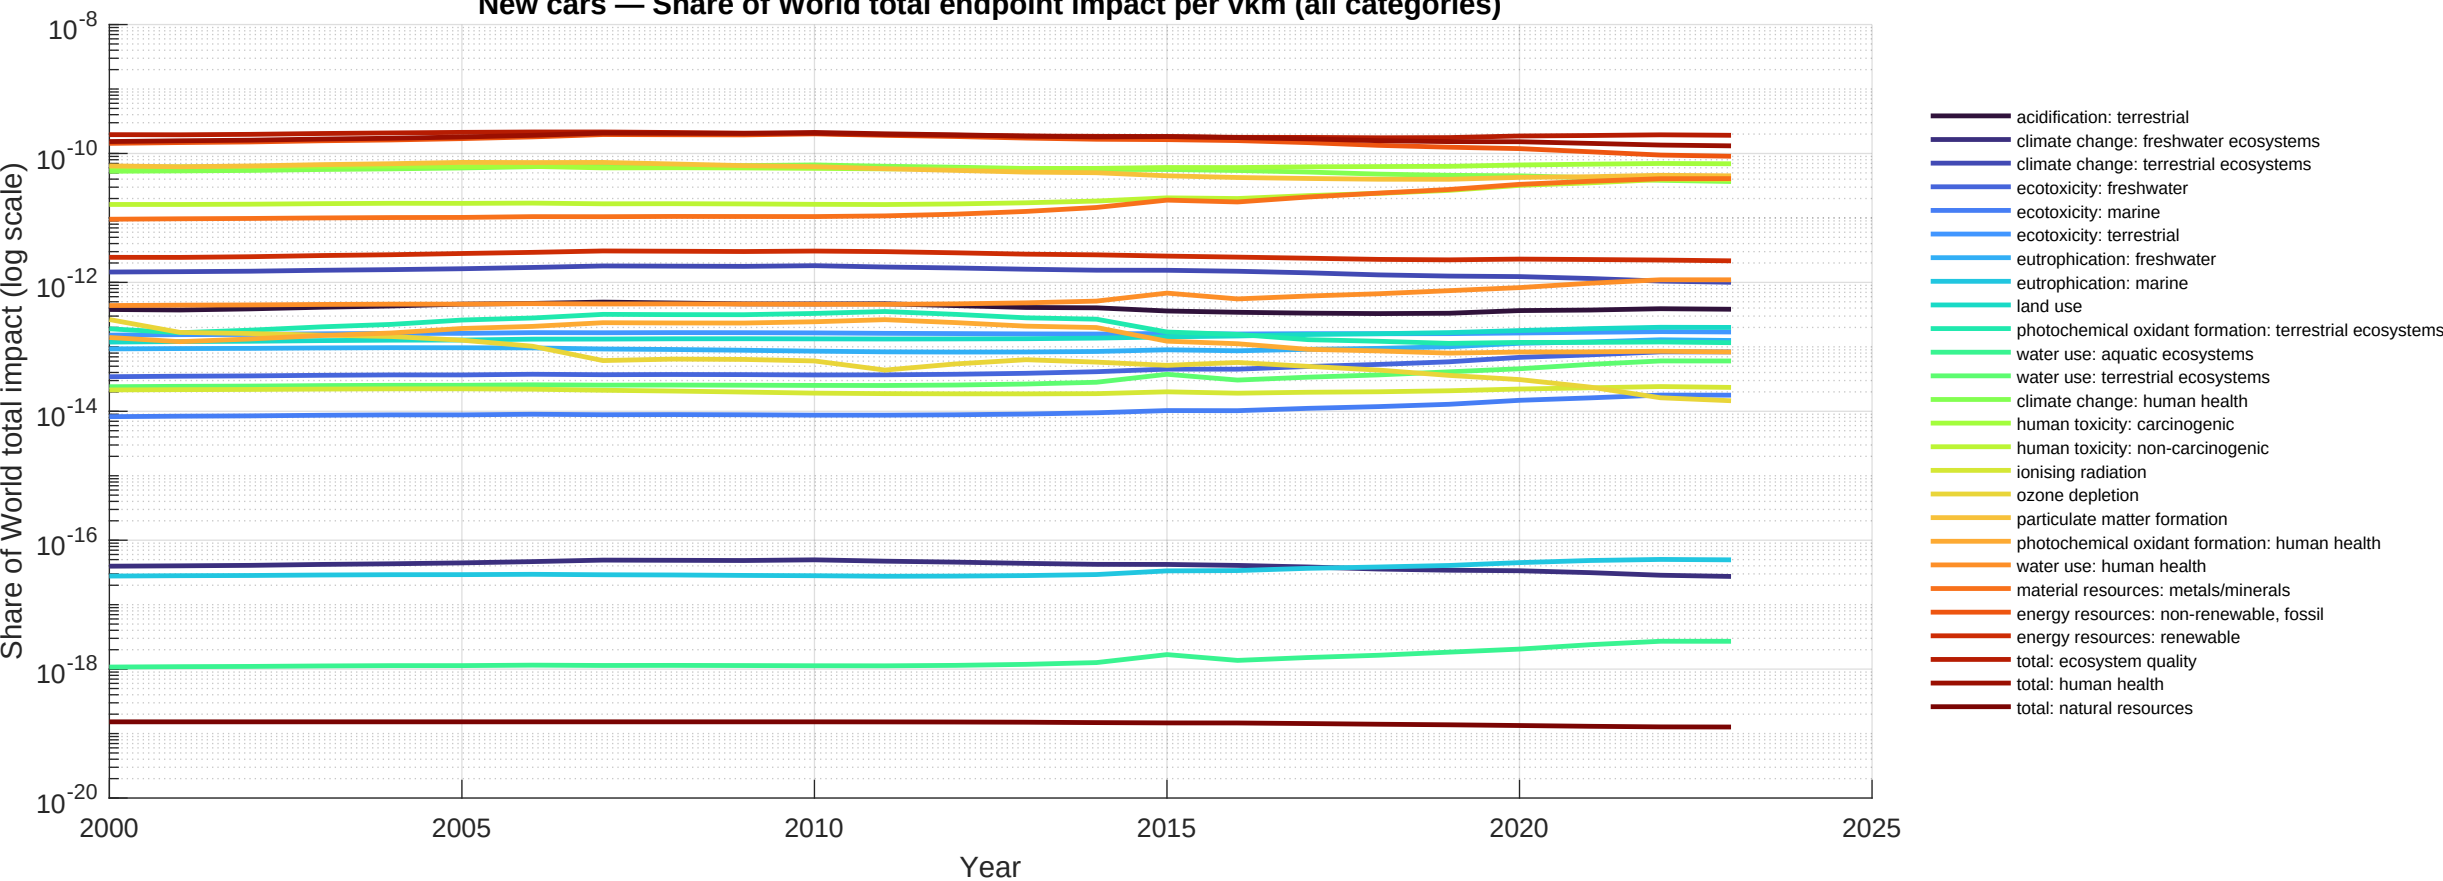

Norwegian fleet — Share of World total endpoint impact per year (all categories)

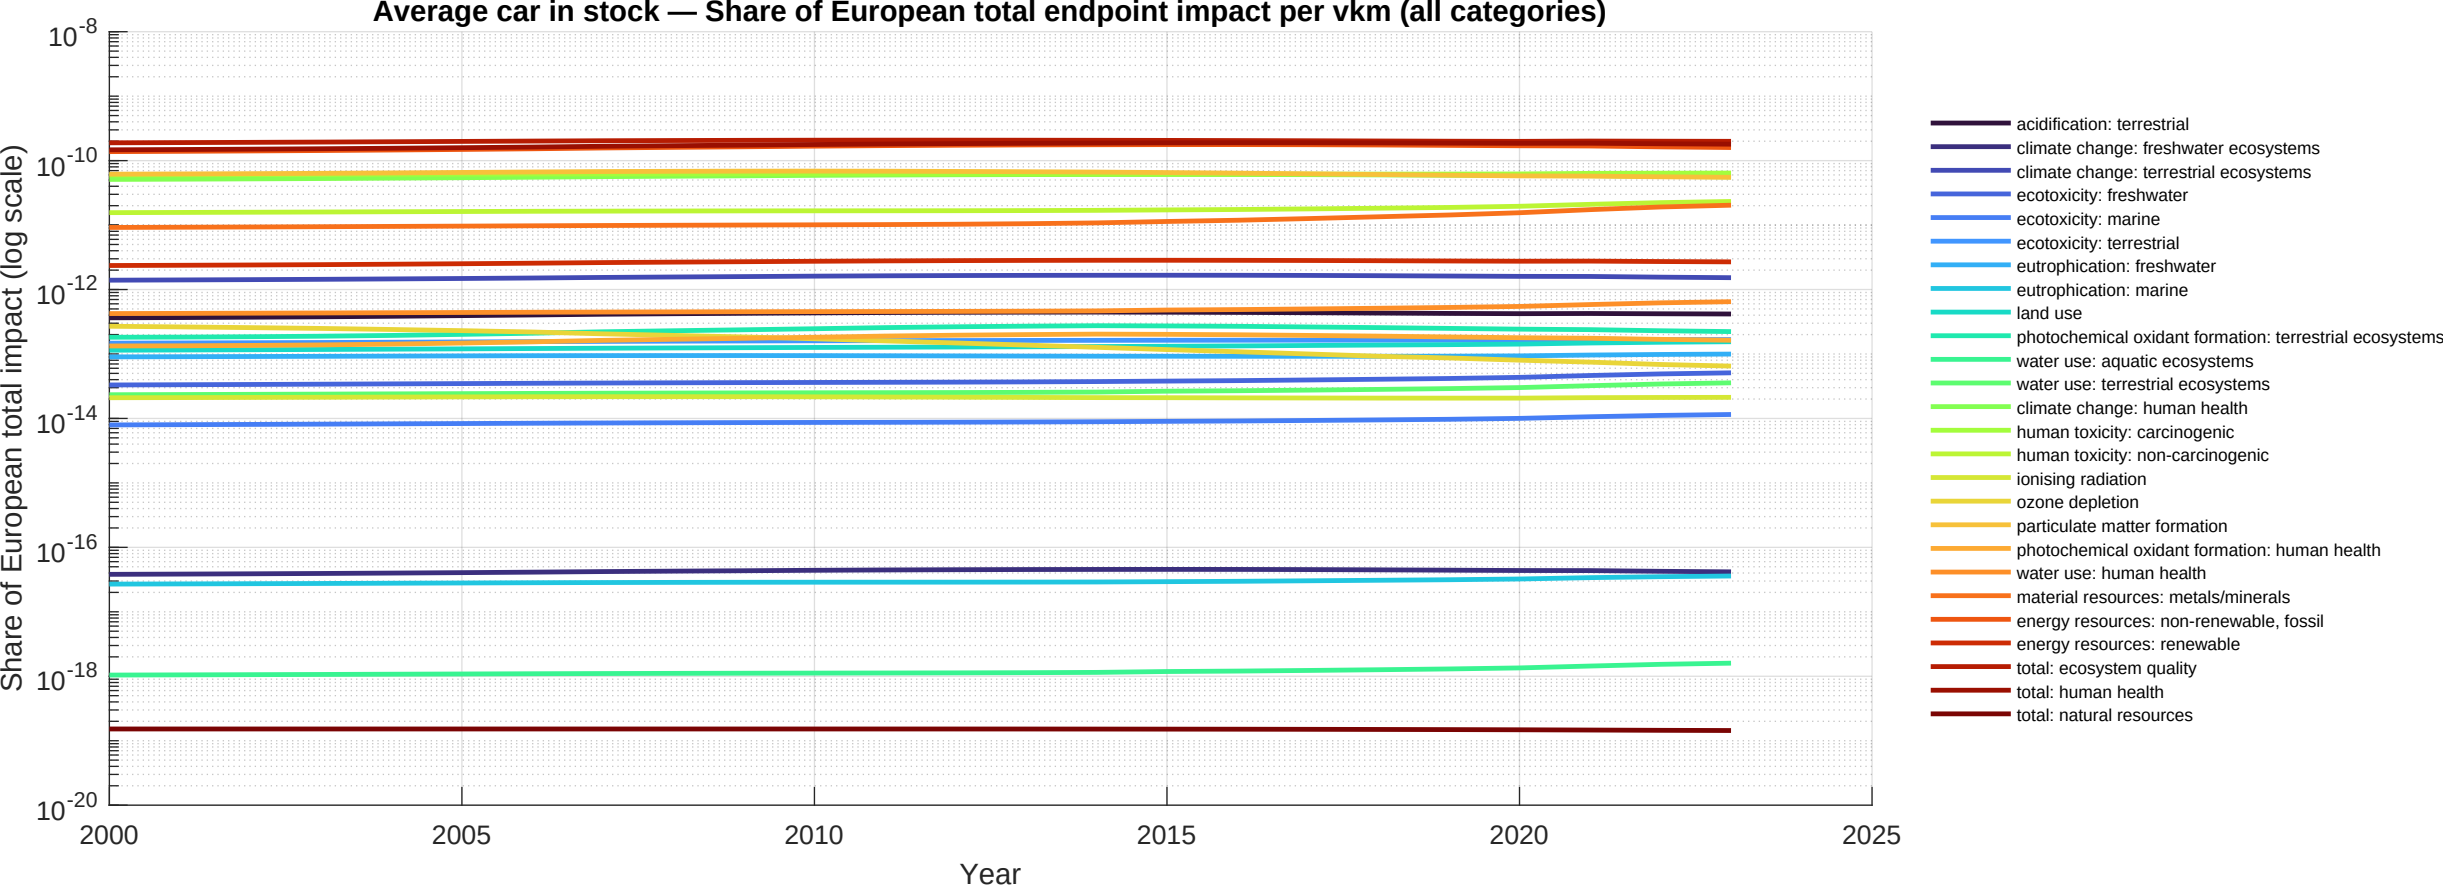

New cars — Share of European total endpoint impact per vkm (all categories)

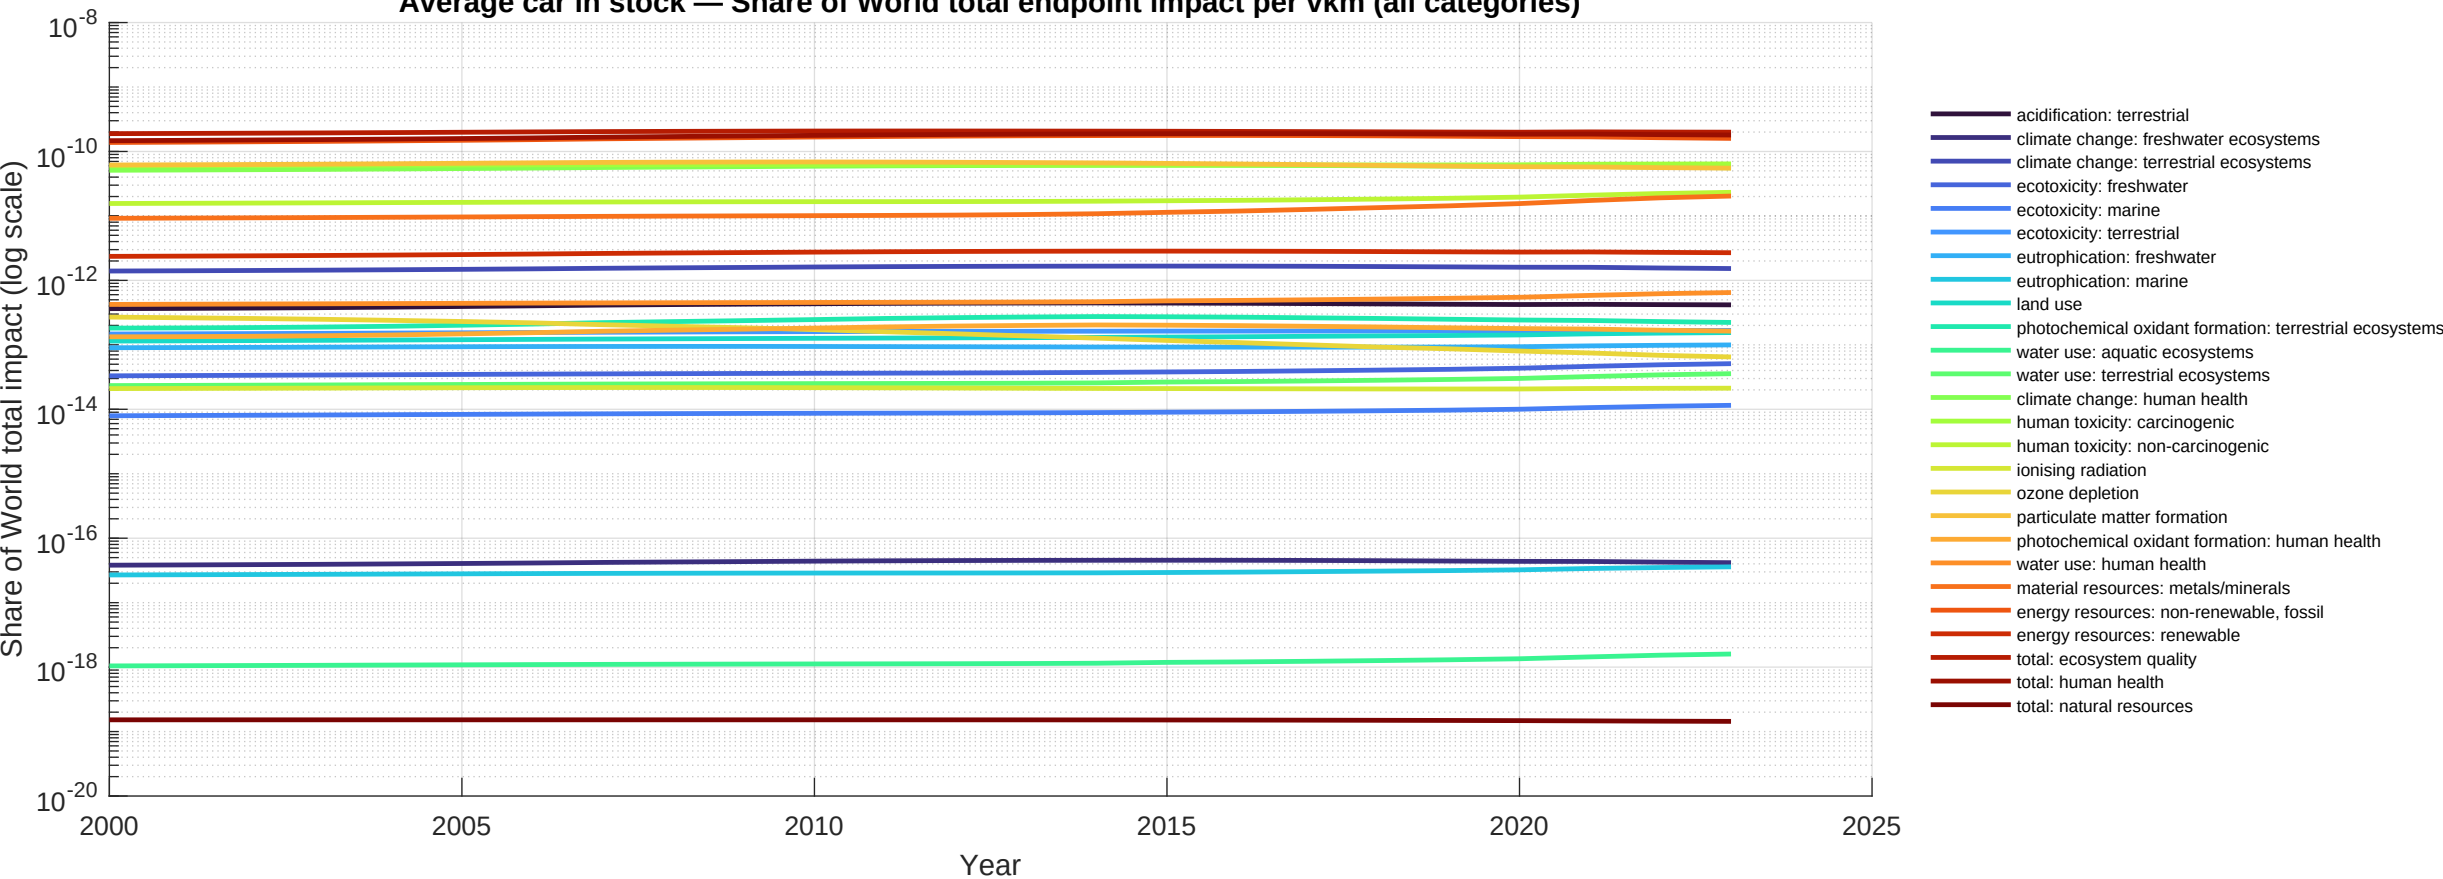

New cars — Share of World total endpoint impact per vkm (all categories)

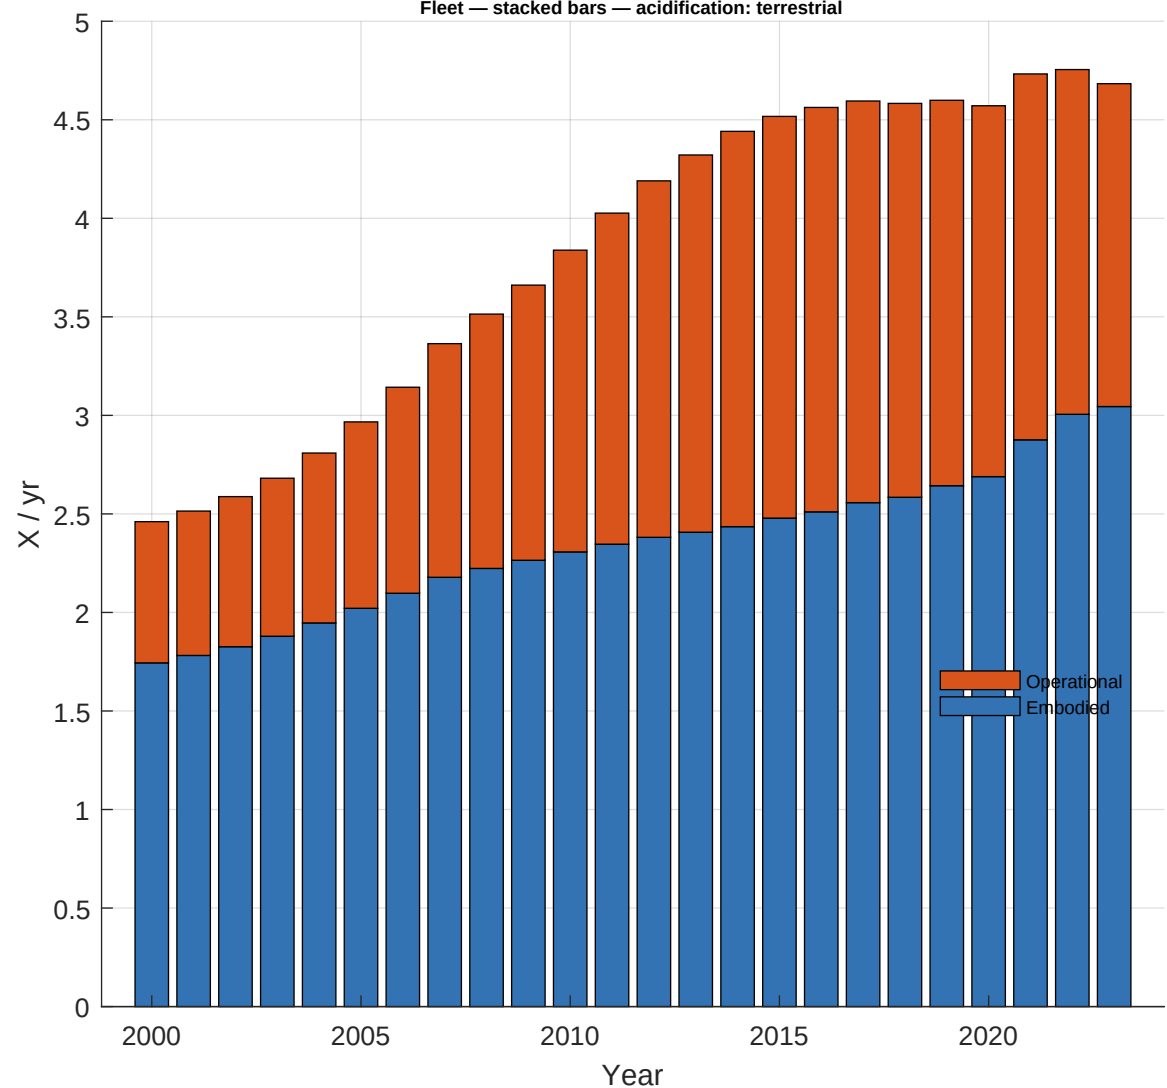

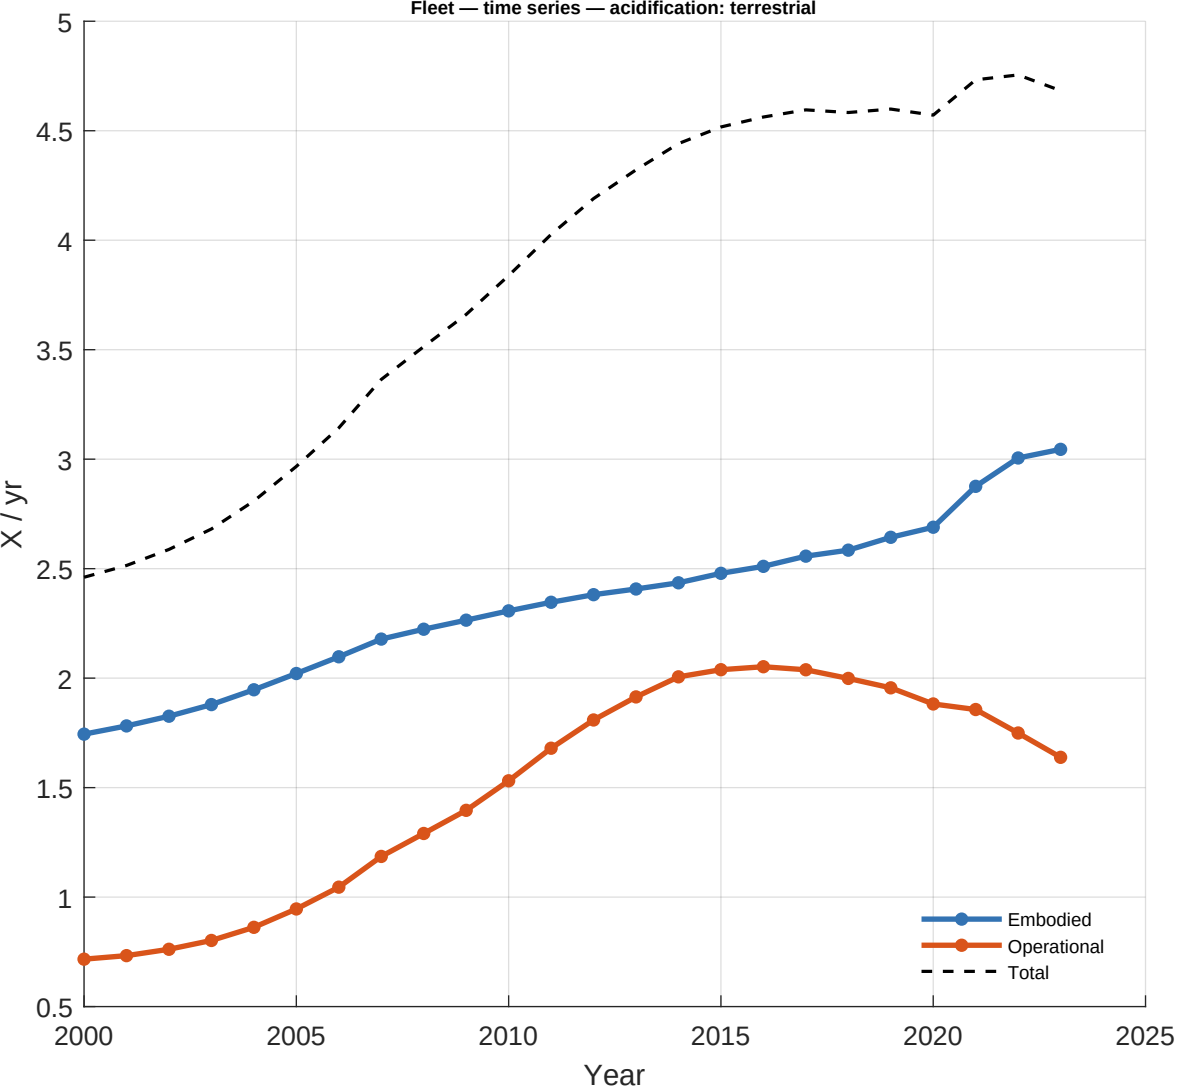

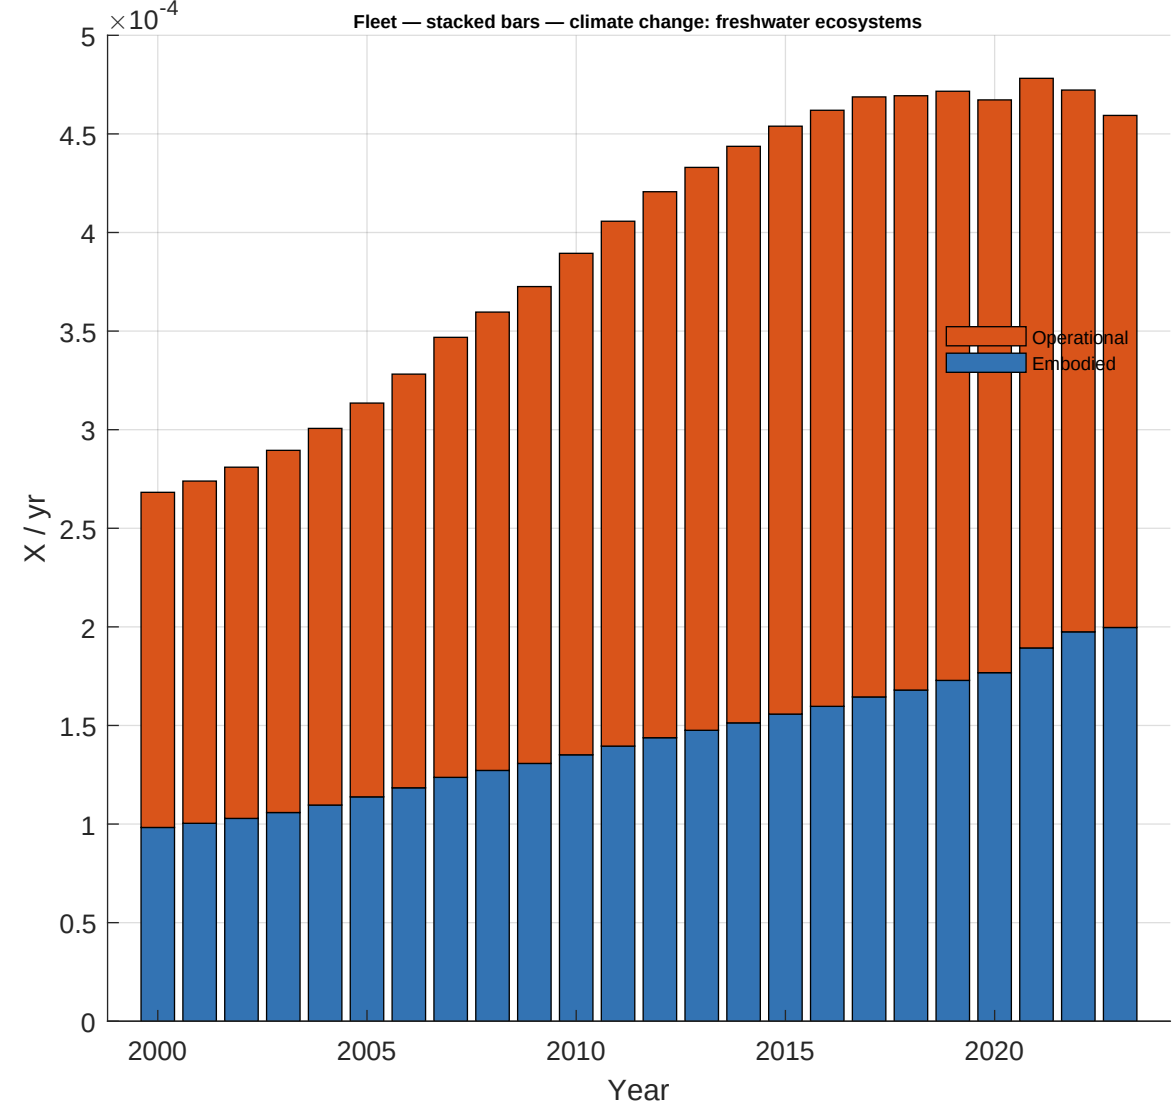

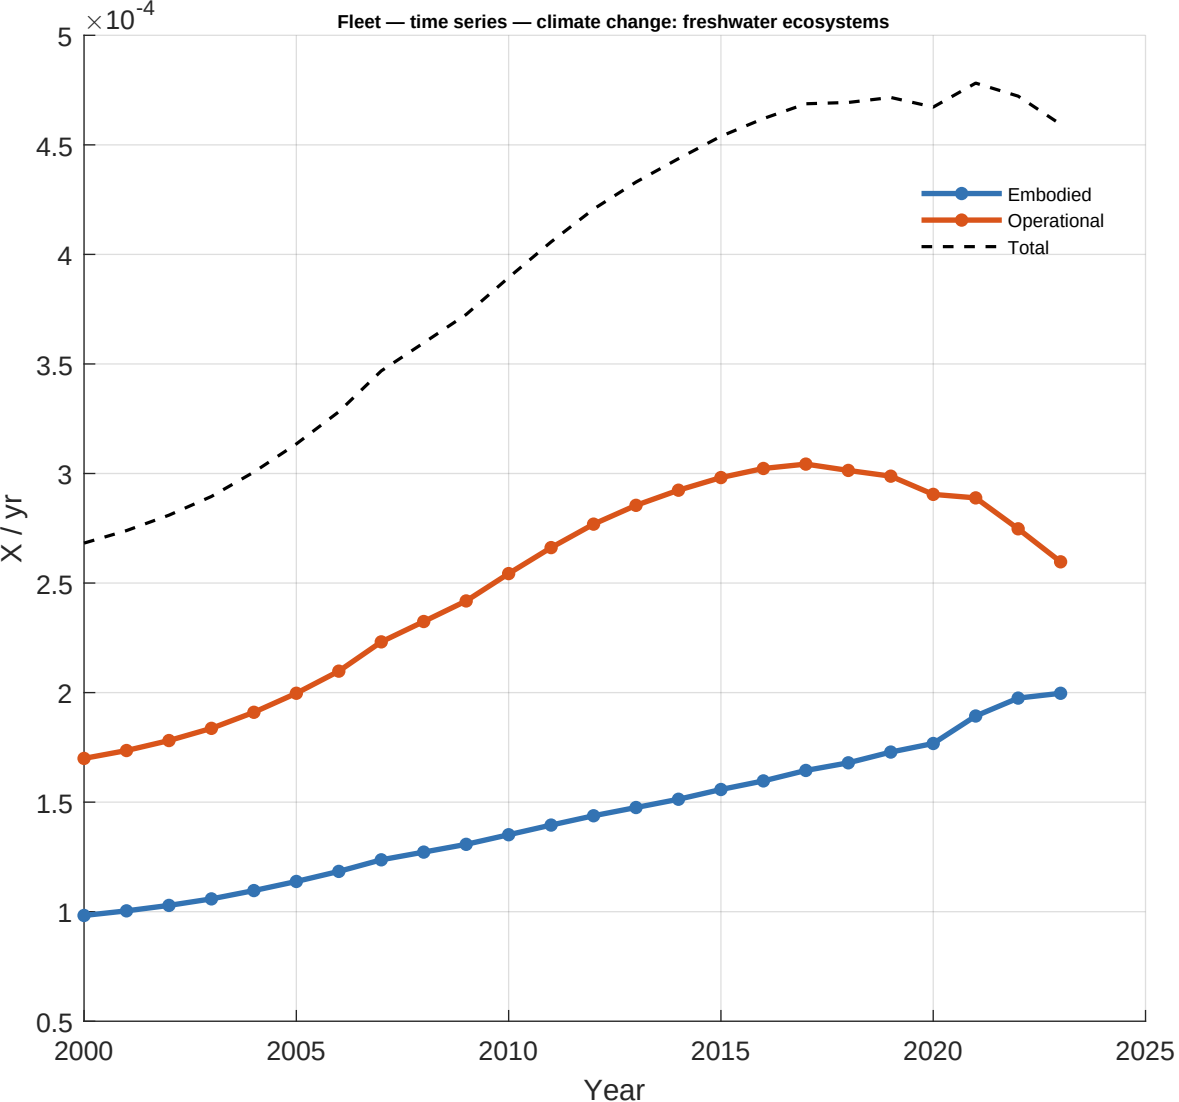

Average car in stock — Share of European total endpoint impact per vkm (all categories)

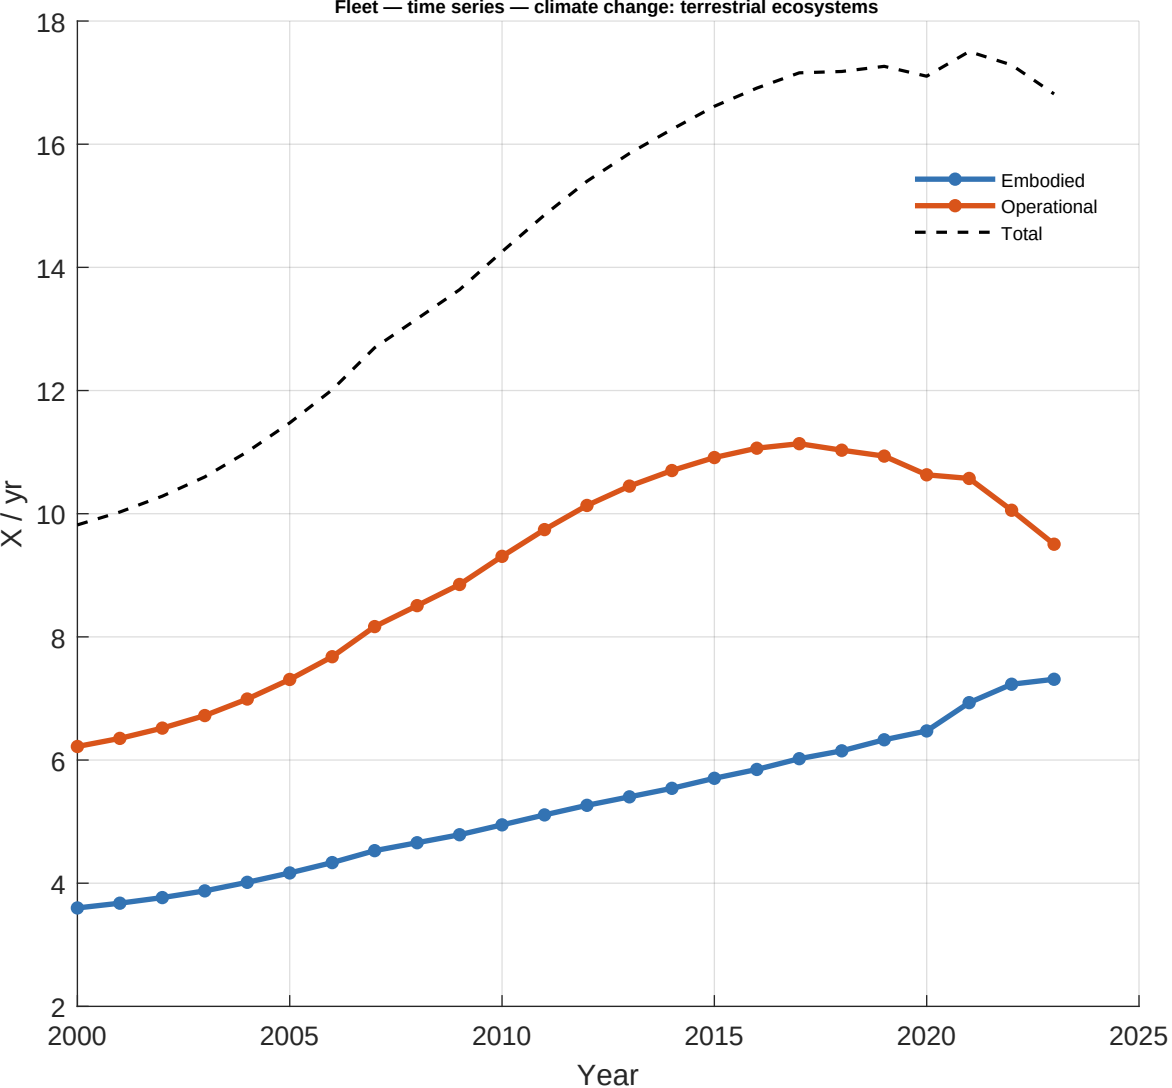

Average car in stock — Share of World total endpoint impact per vkm (all categories)

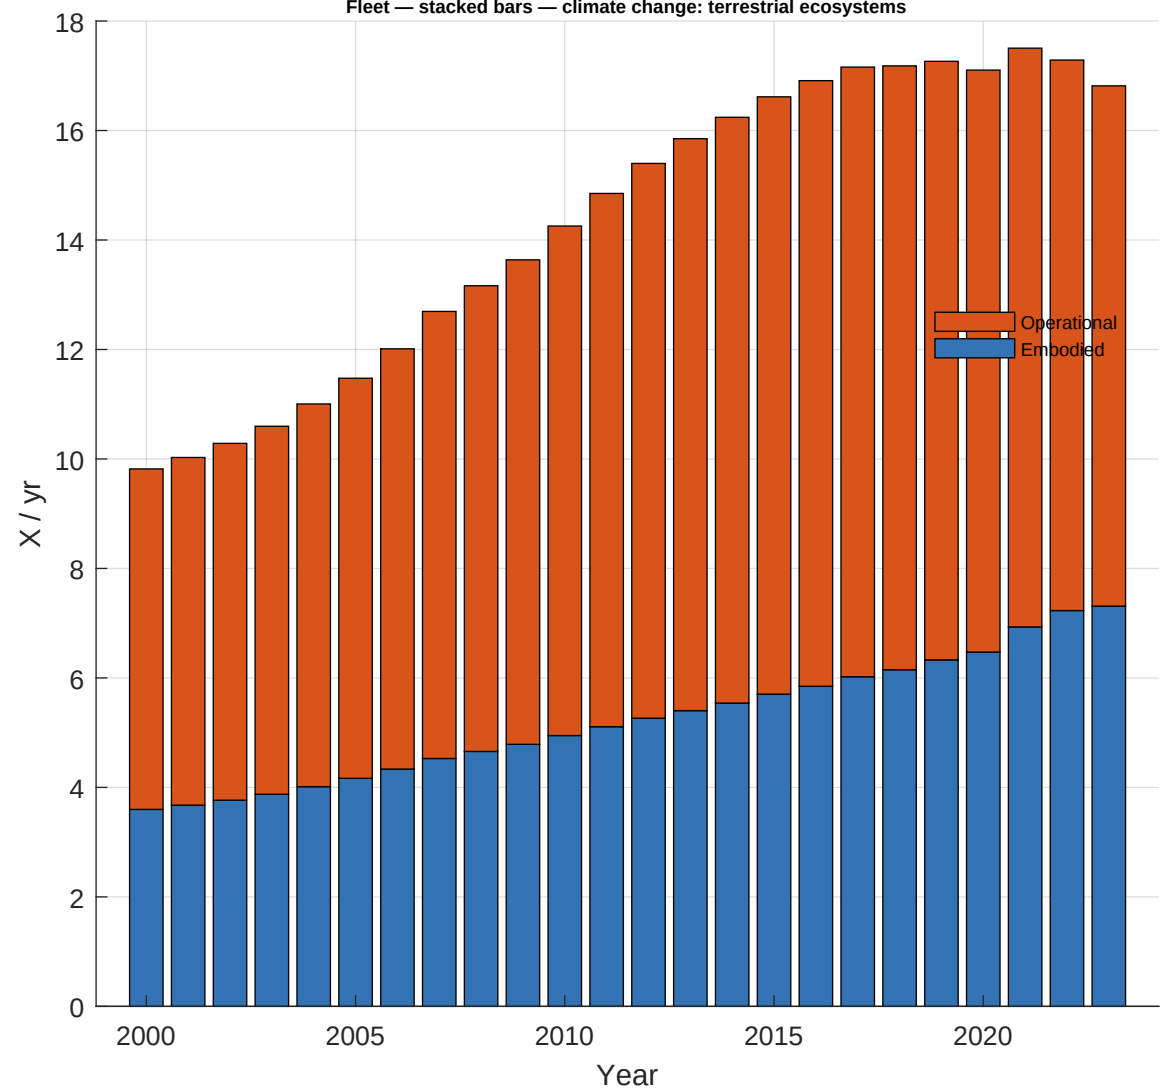

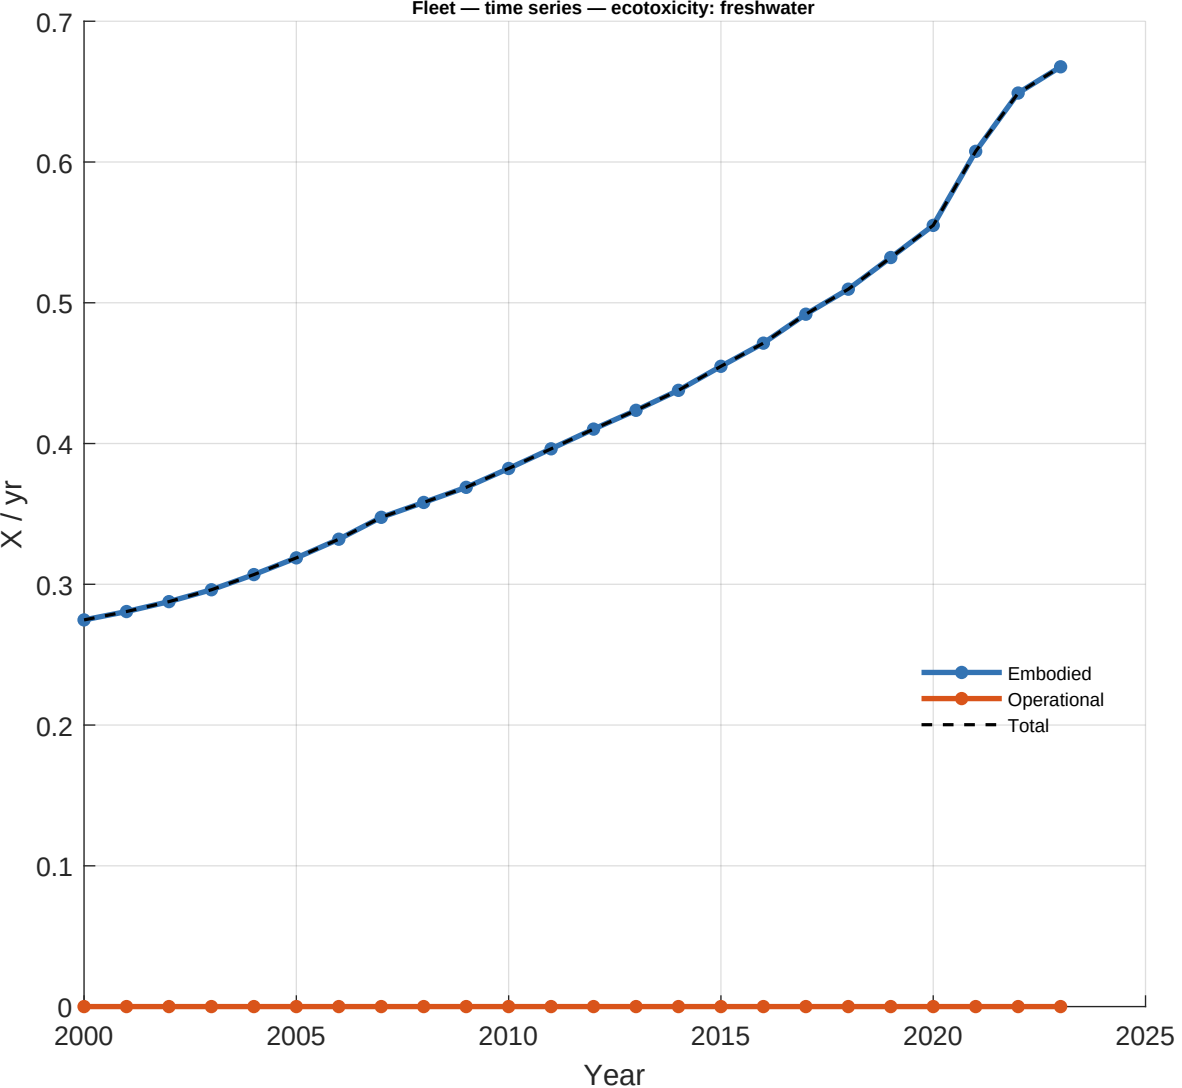

Fleet — time series — climate change: terrestrial ecosystems

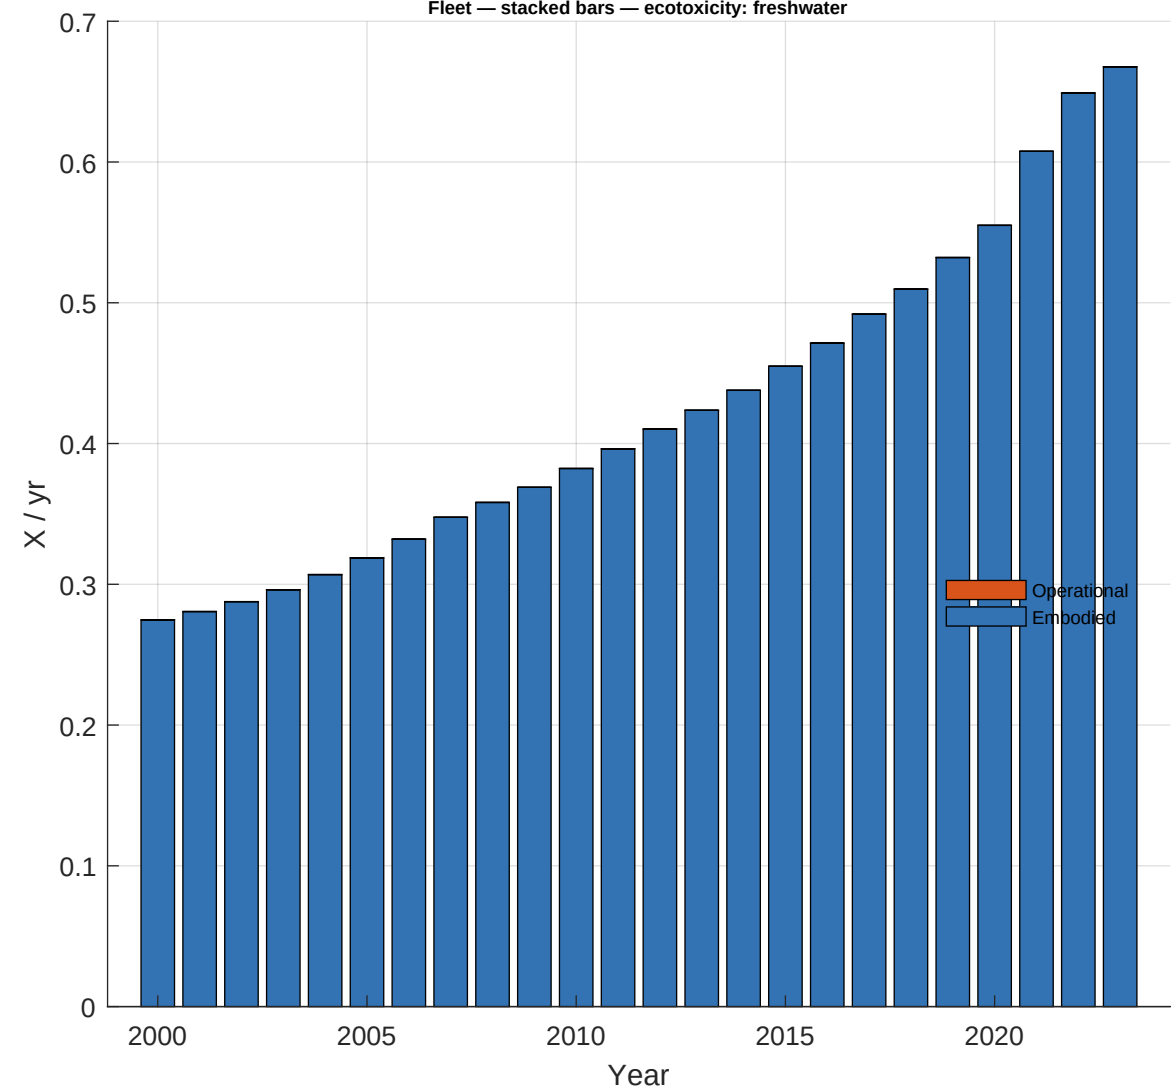

Fleet — stacked bars — climate change: terrestrial ecosystems

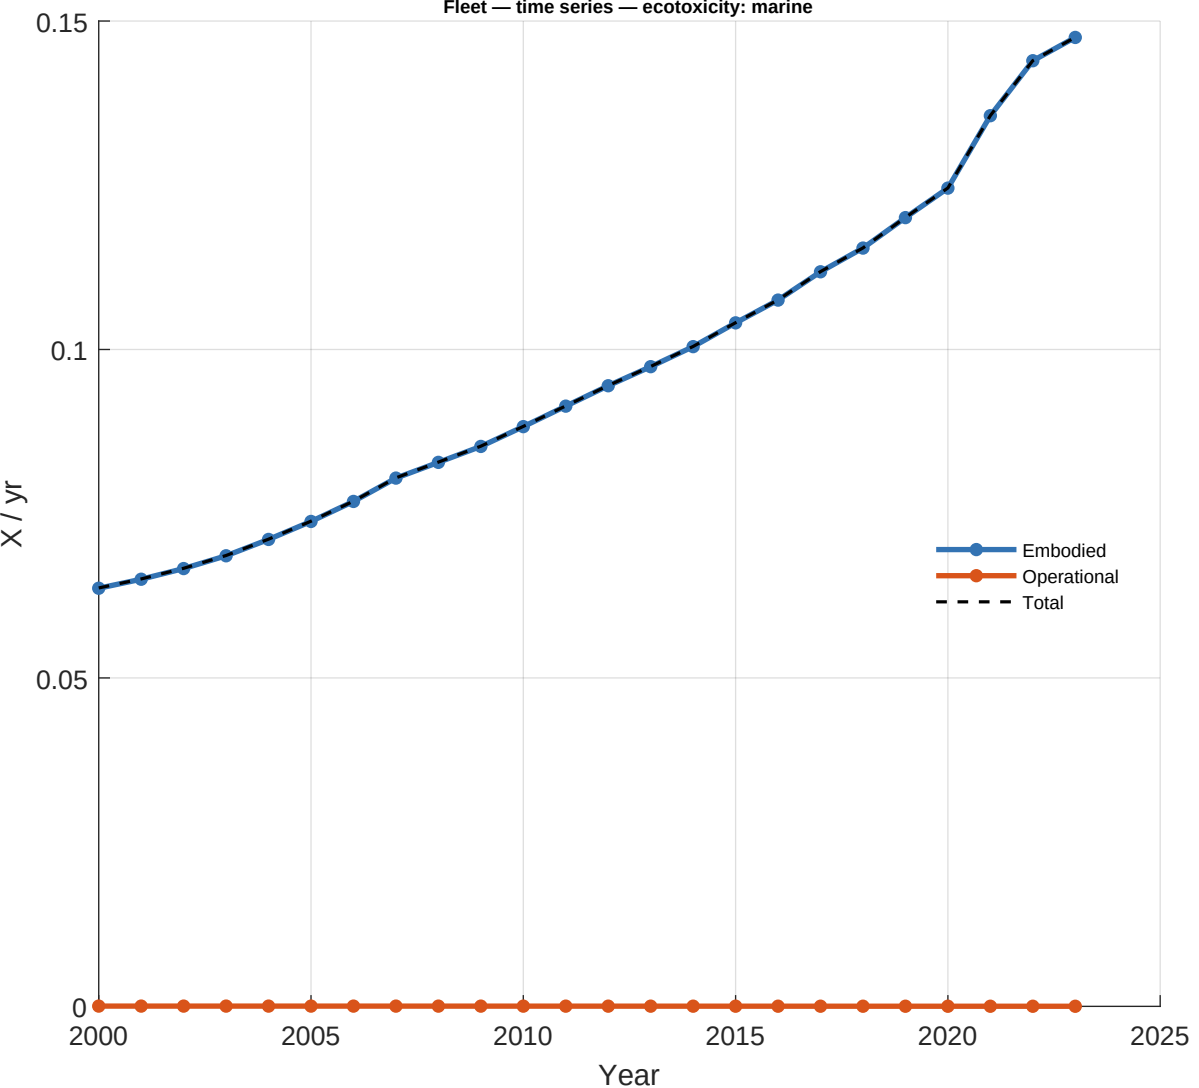

Fleet — time series — ecotoxicity: freshwater

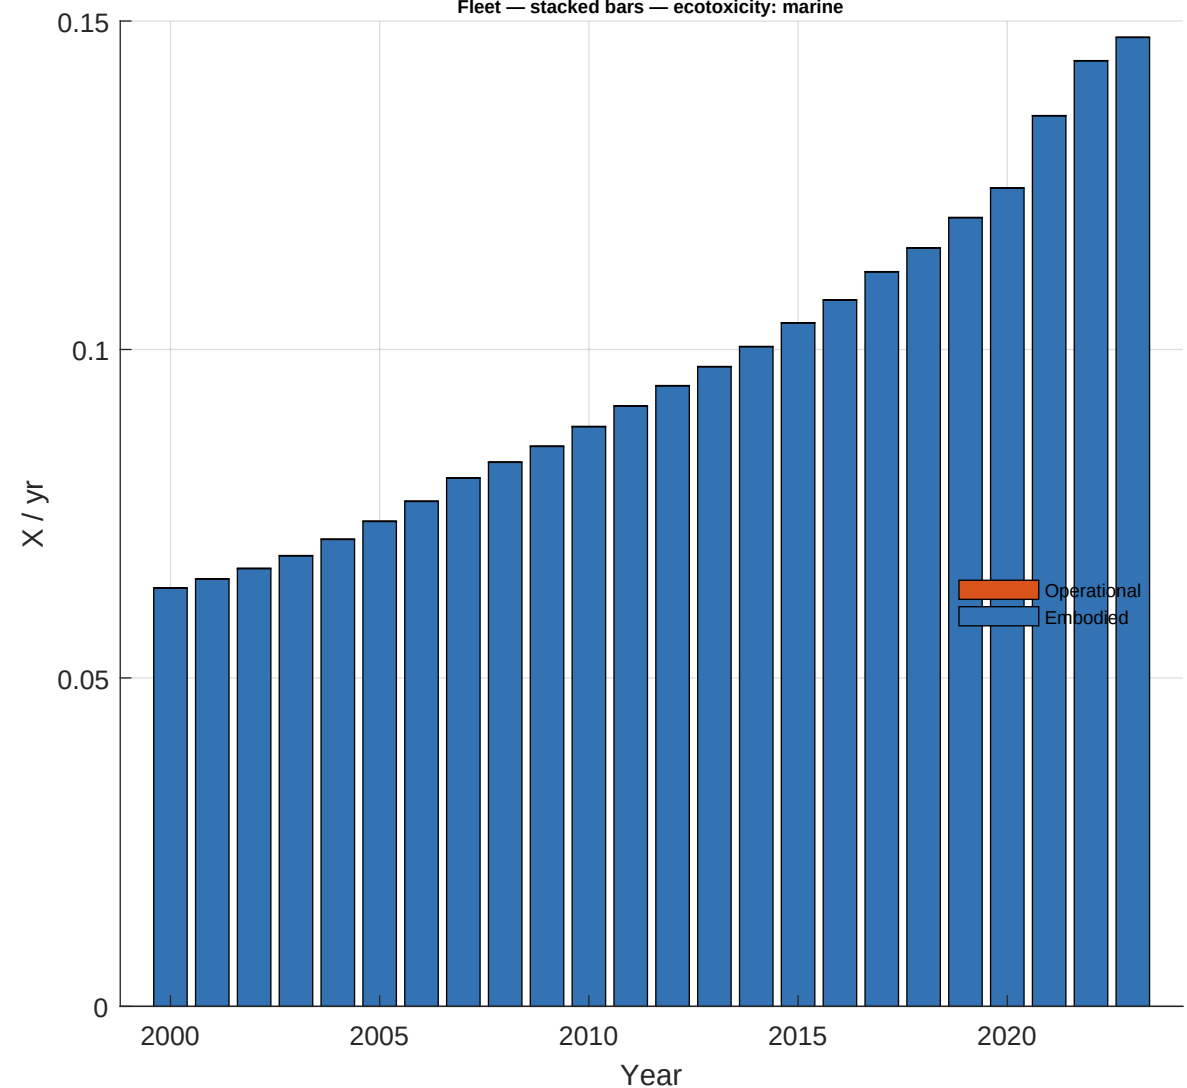

Fleet — stacked bars — ecotoxicity: freshwater

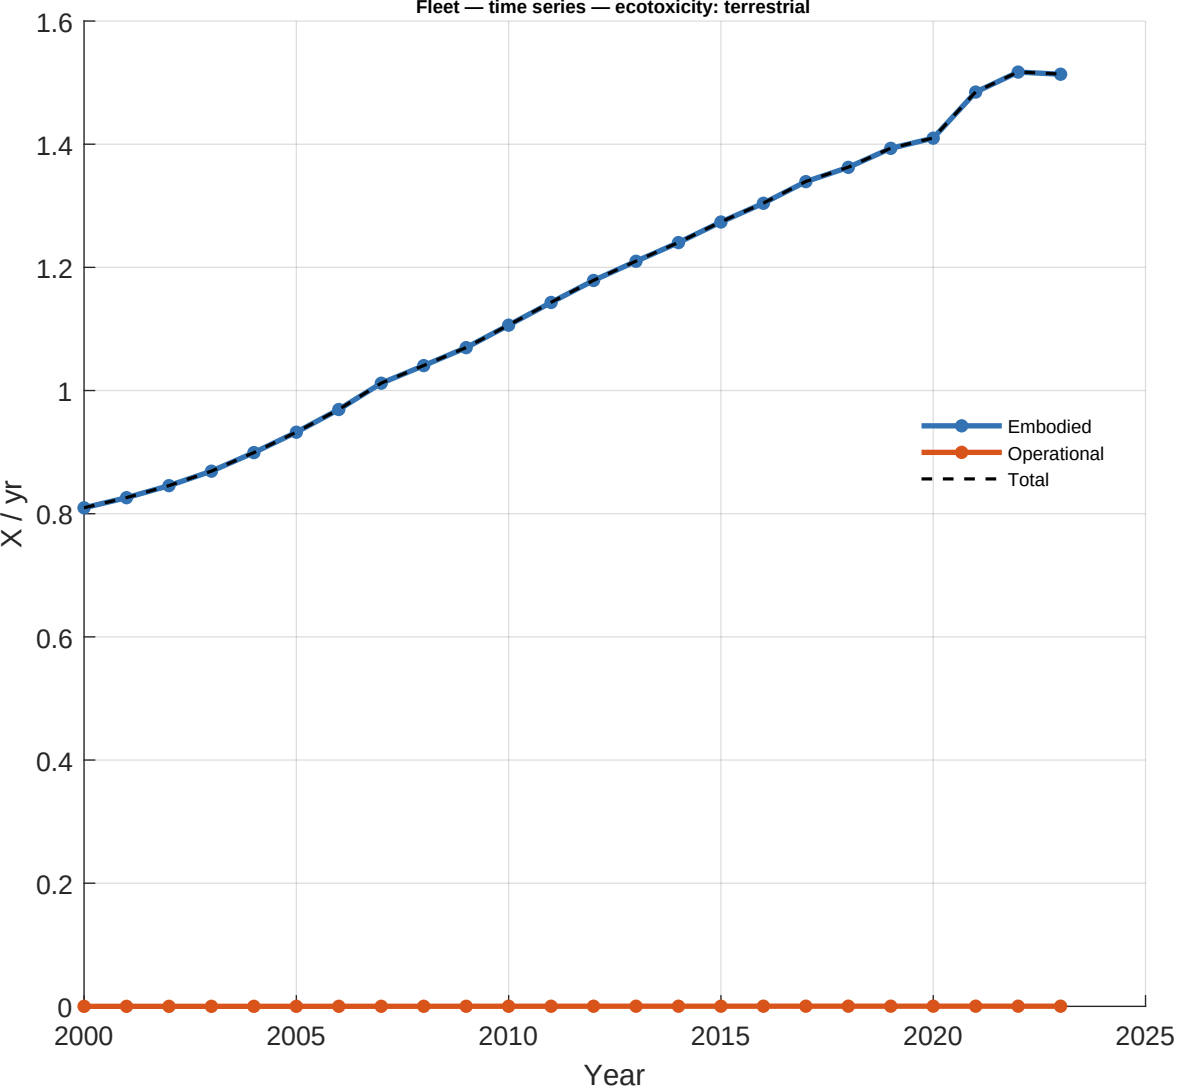

Fleet — time series — ecotoxicity: marine

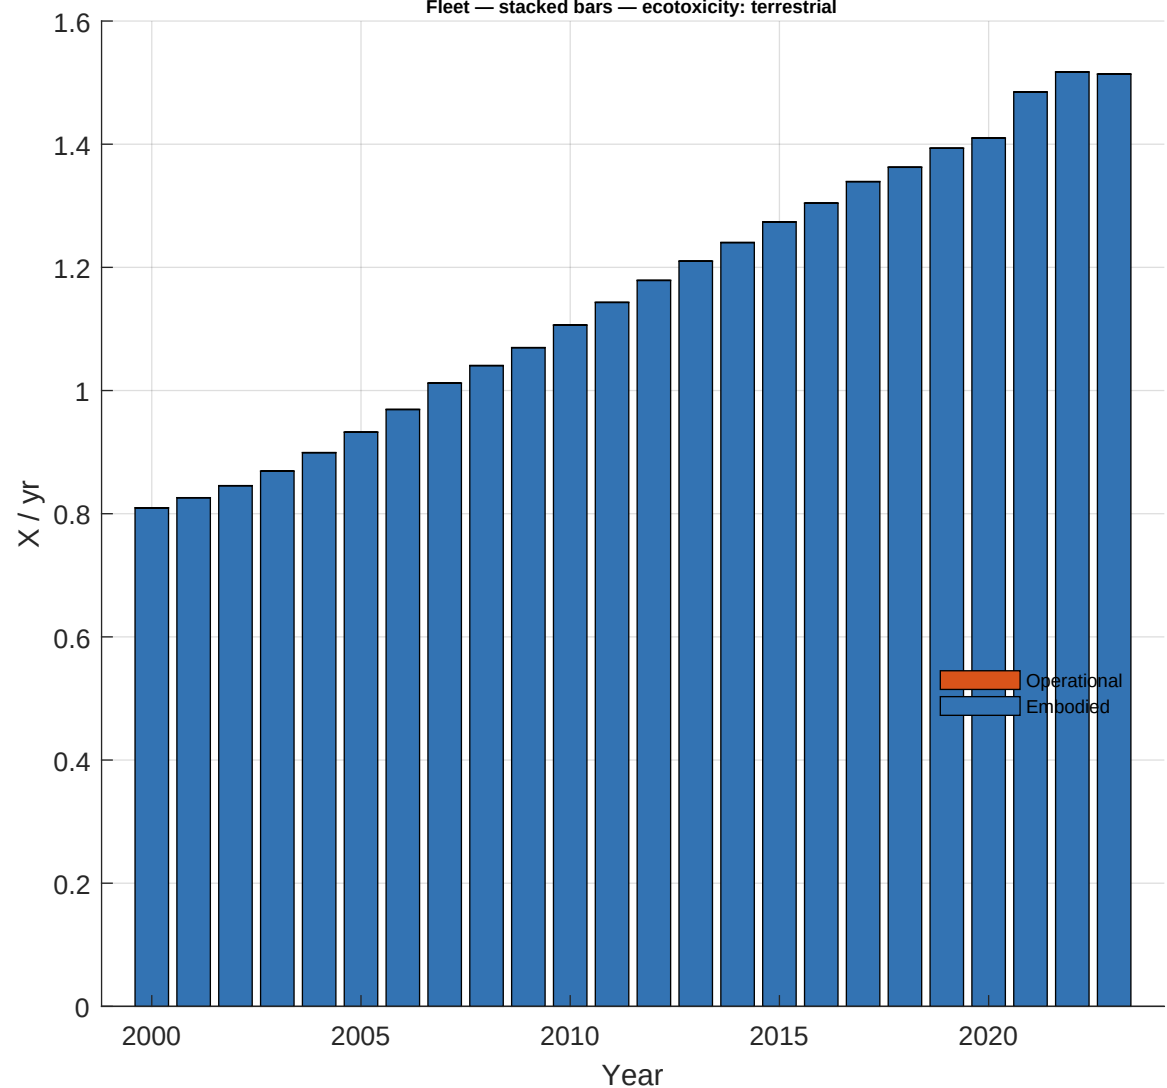

Fleet — stacked bars — ecotoxicity: marine

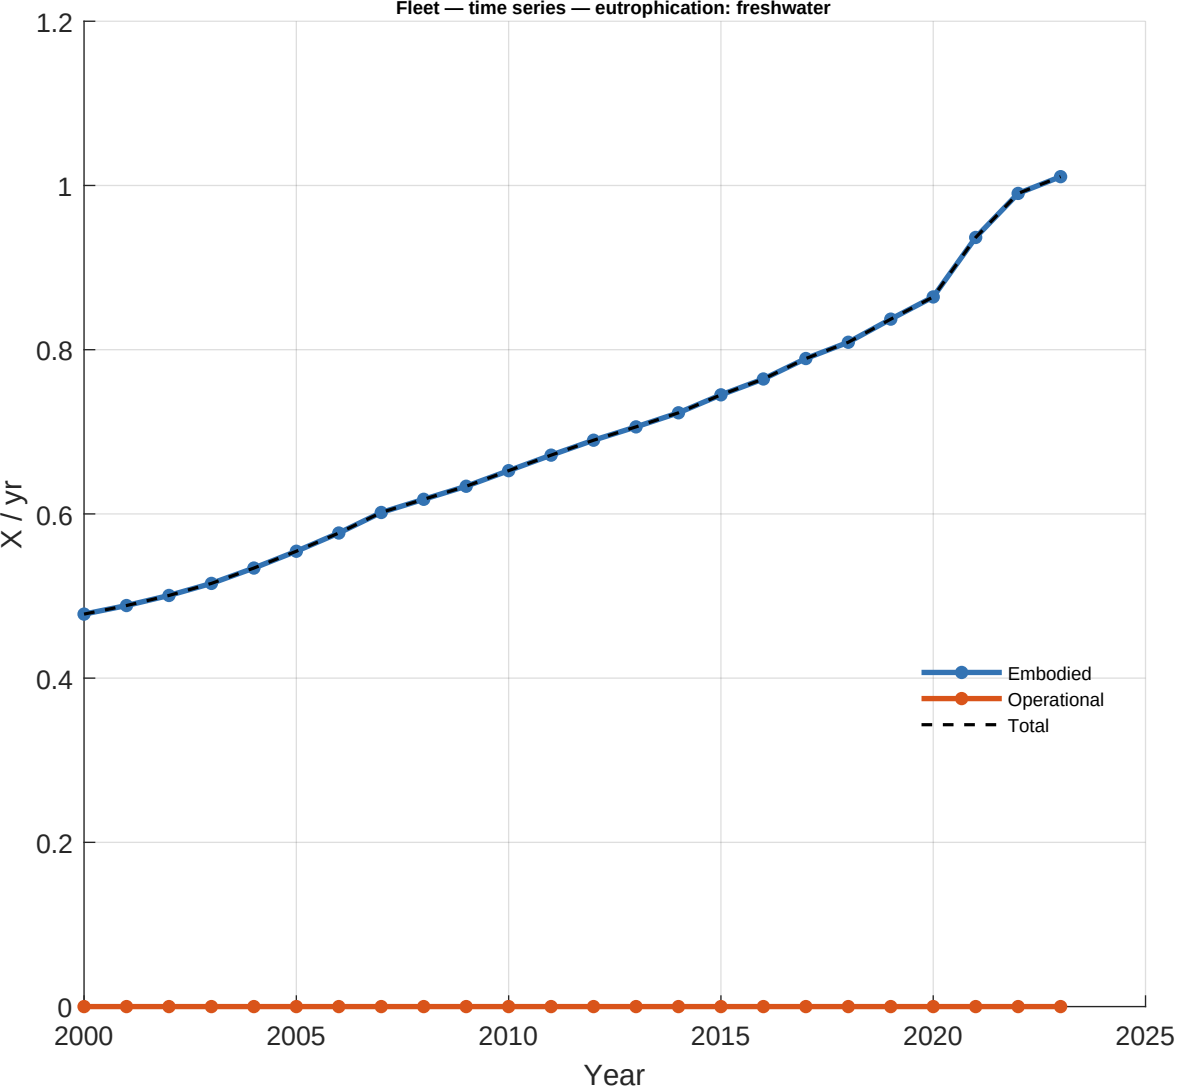

Fleet — time series — ecotoxicity: terrestrial

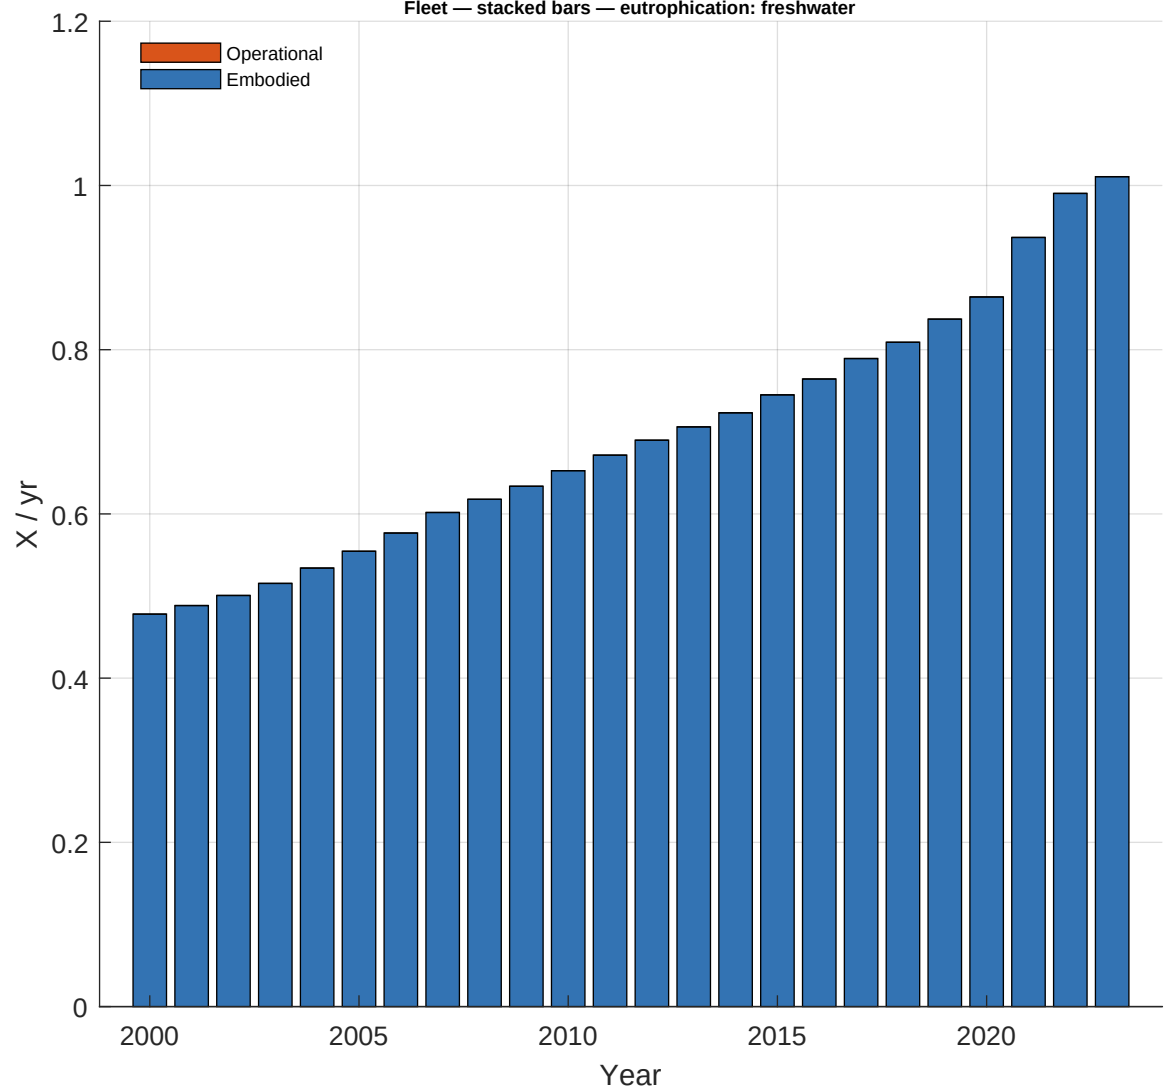

Fleet — stacked bars — ecotoxicity: terrestrial

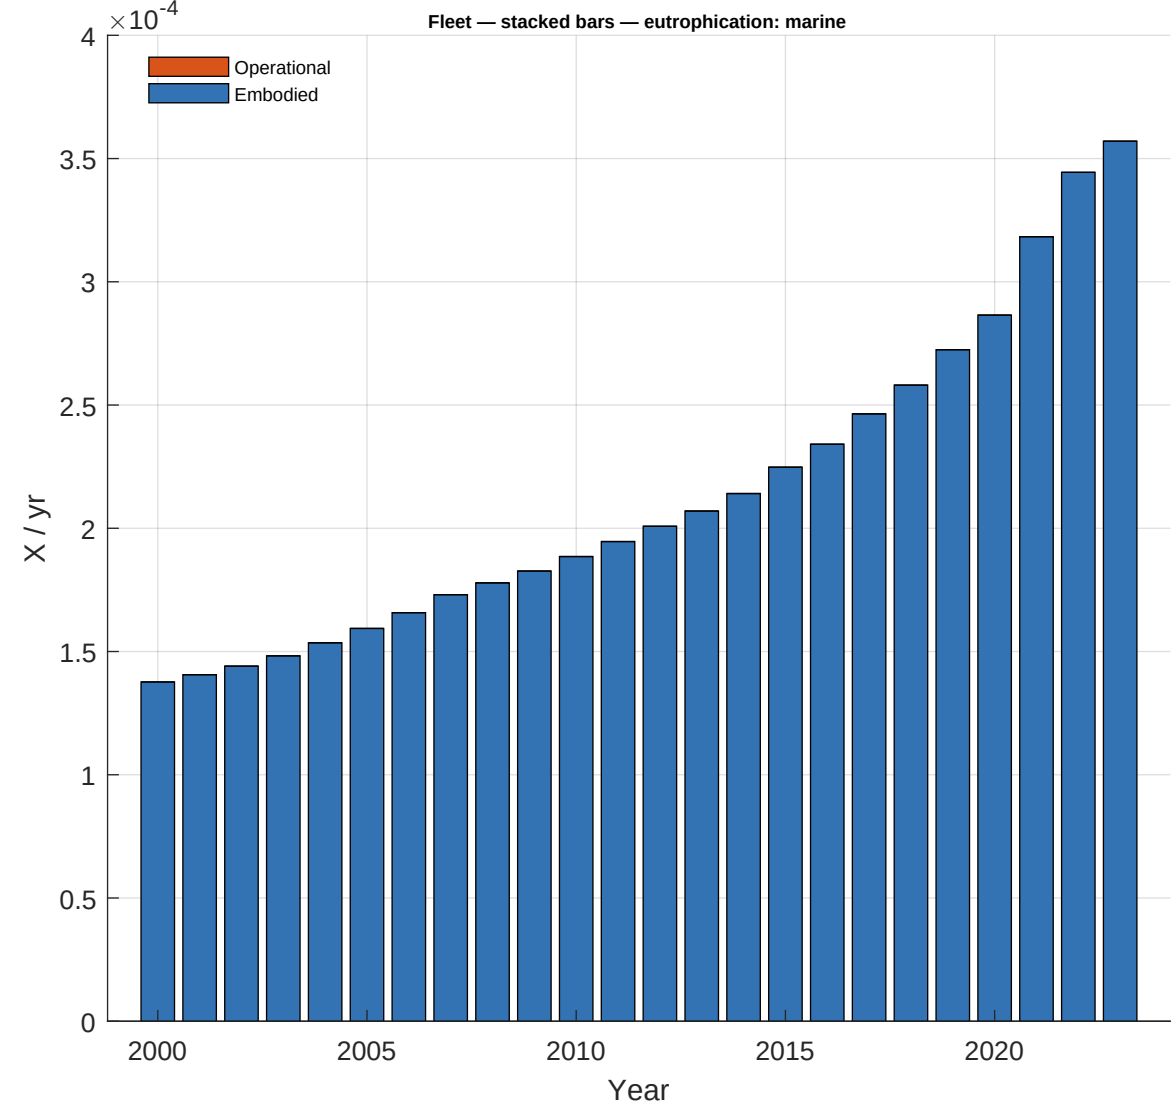

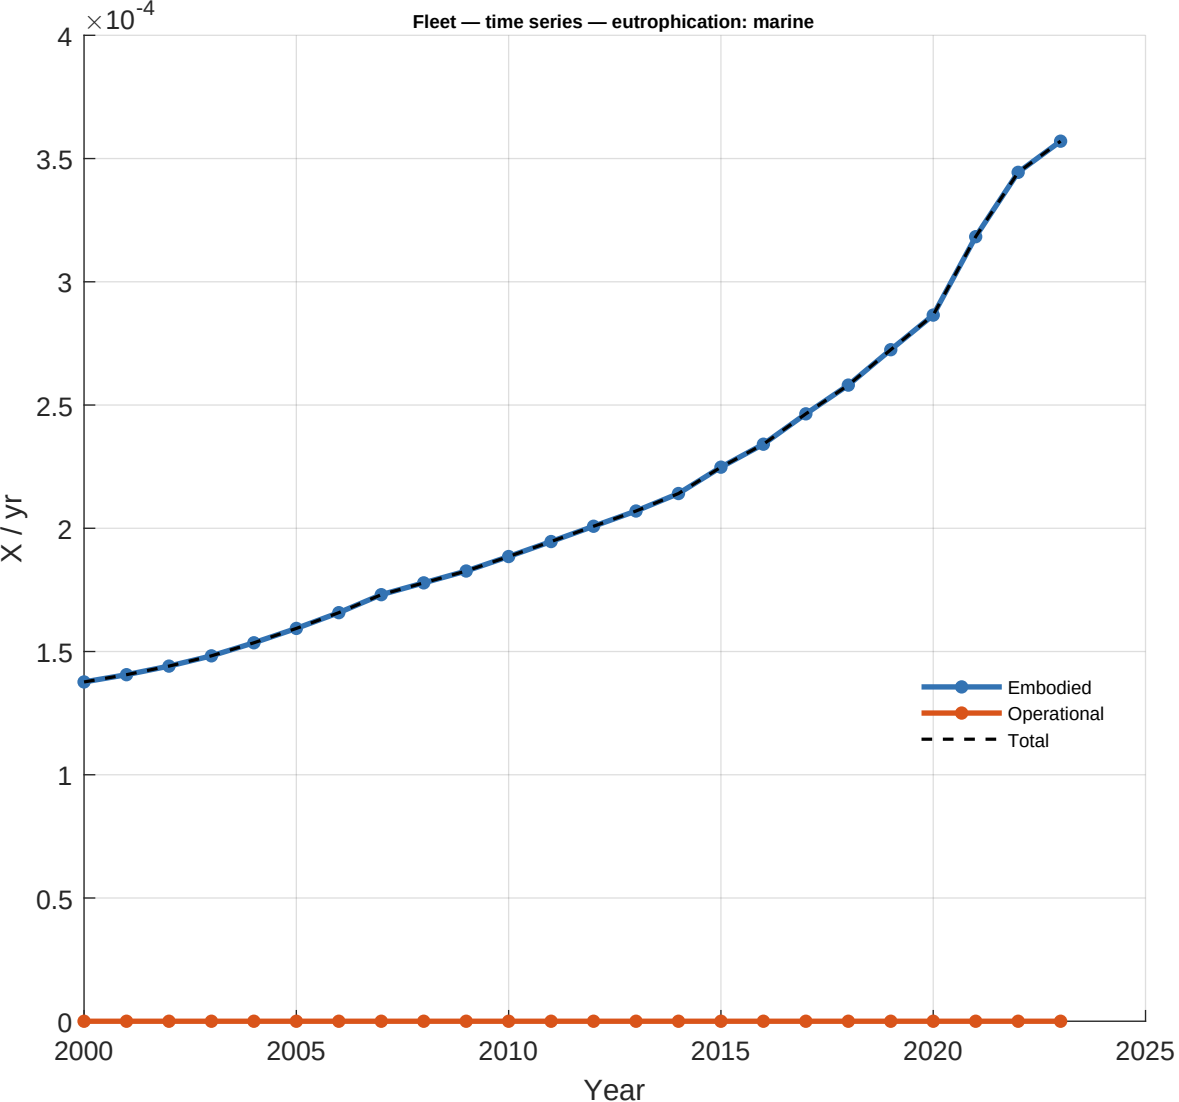

Fleet — time series — eutrophication: freshwater

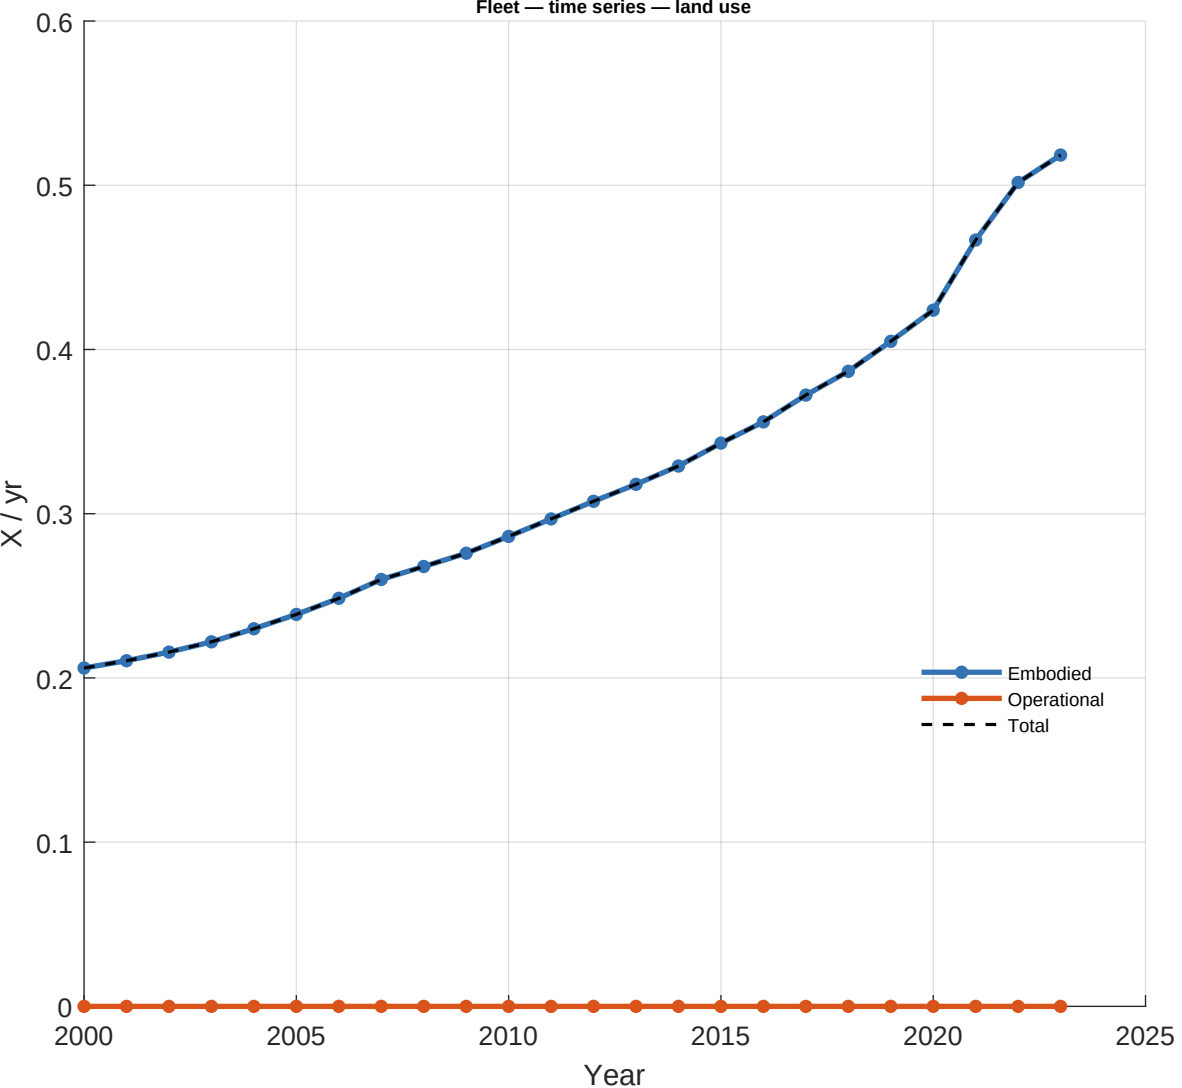

Fleet — stacked bars — eutrophication: freshwater

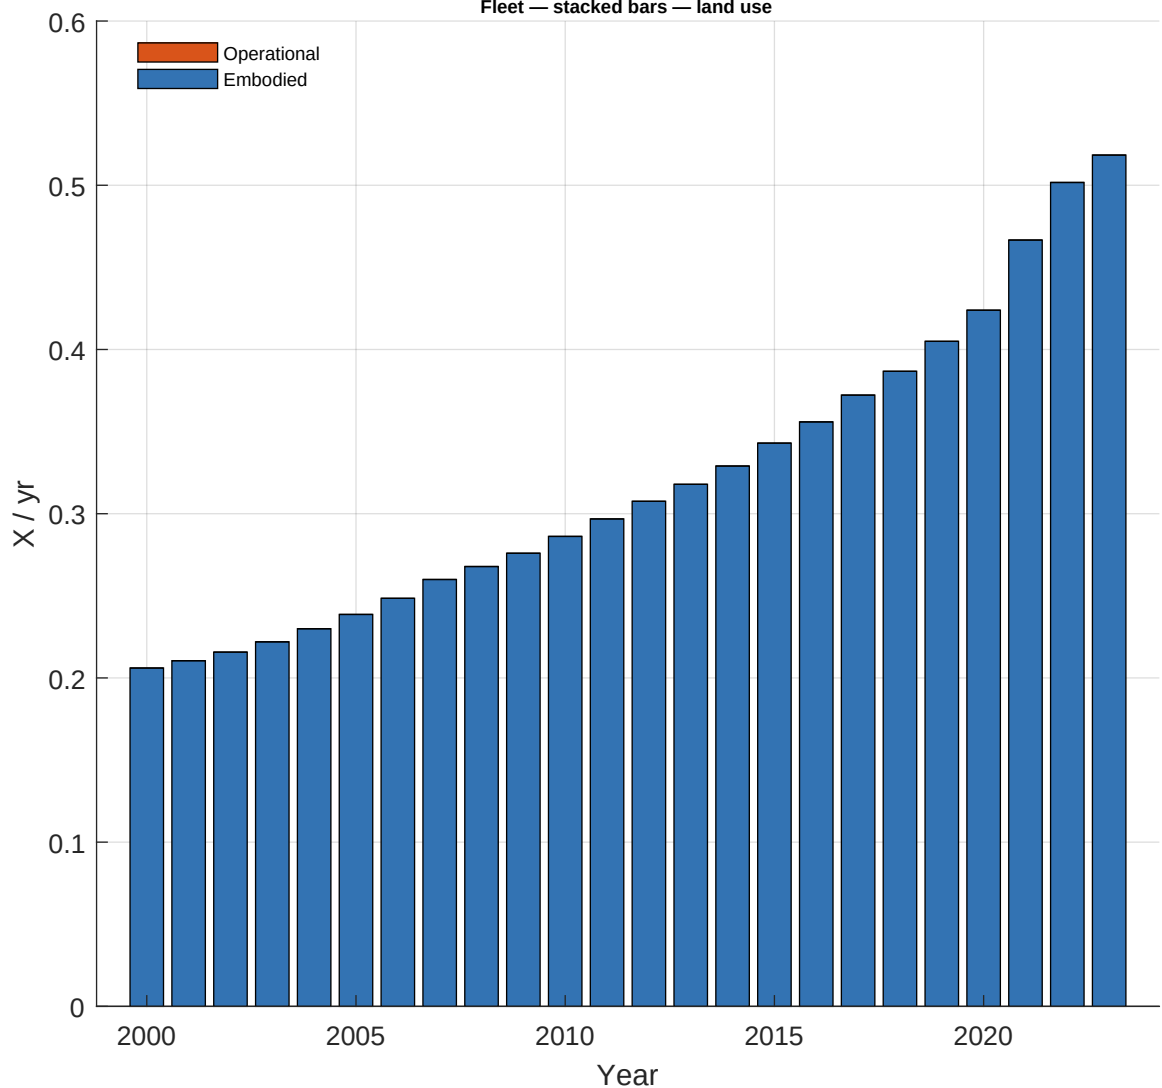

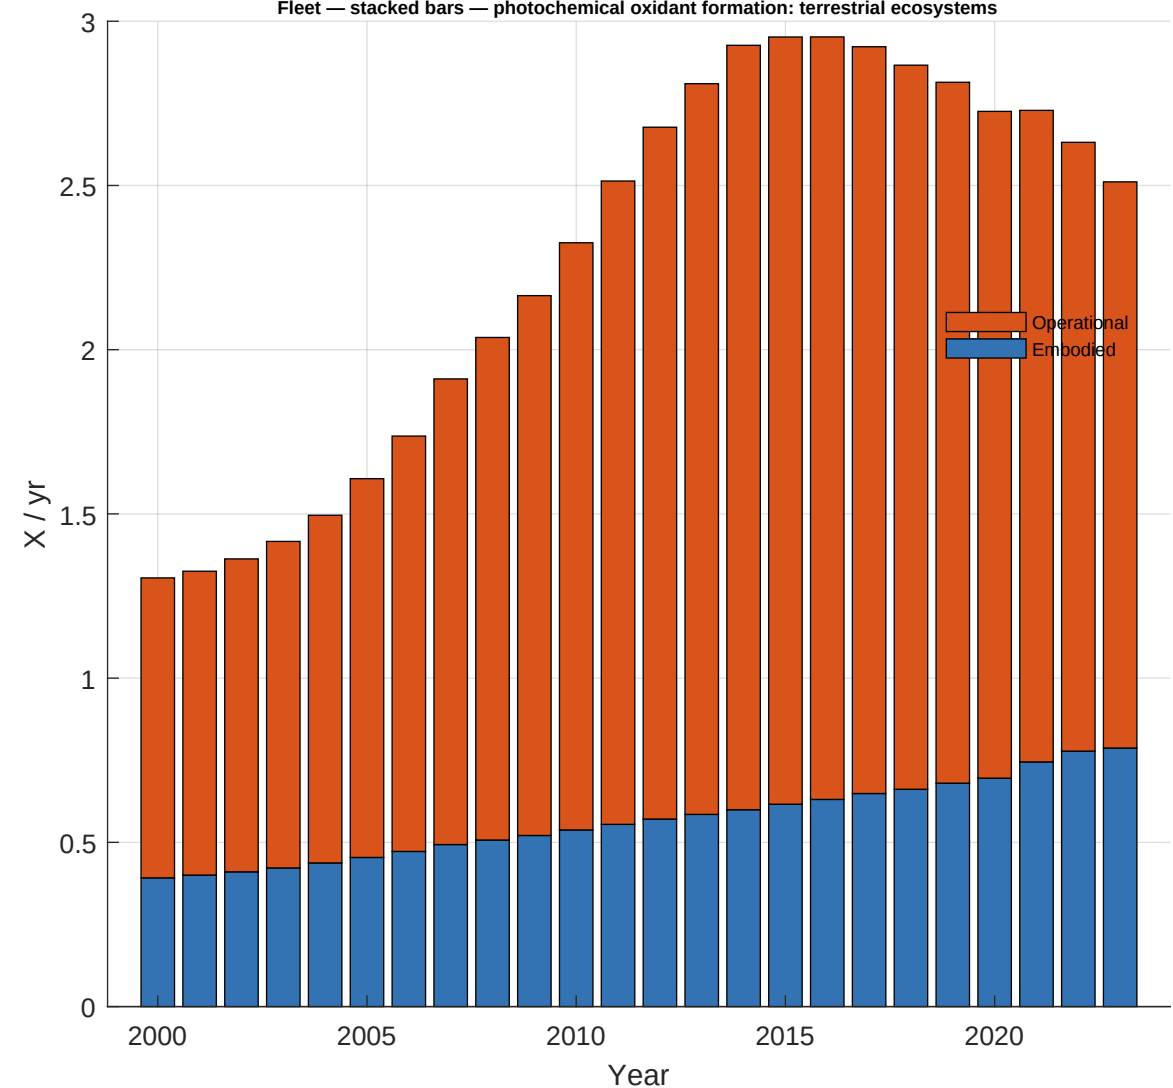

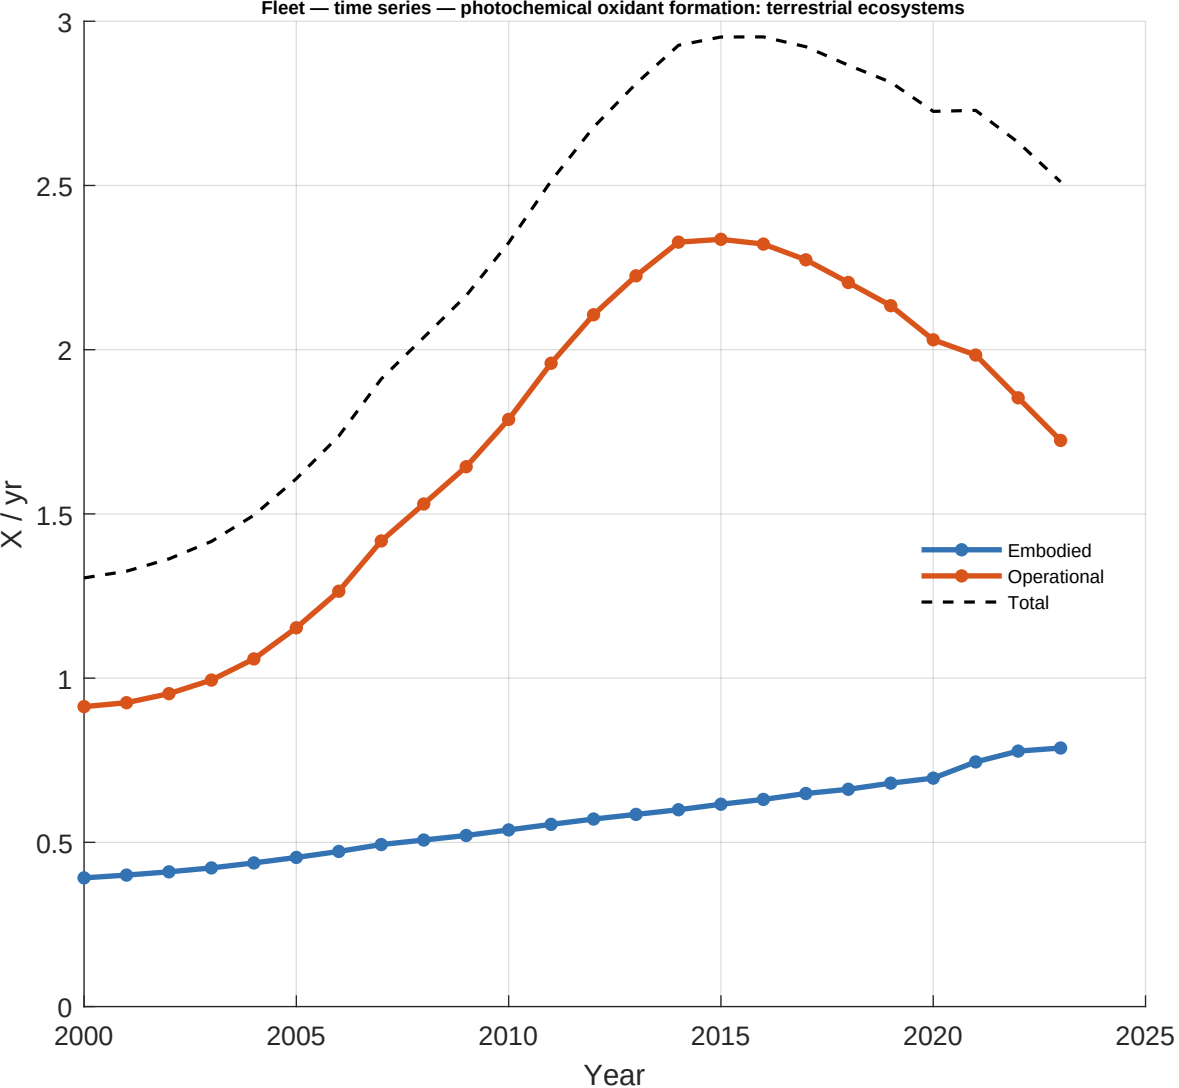

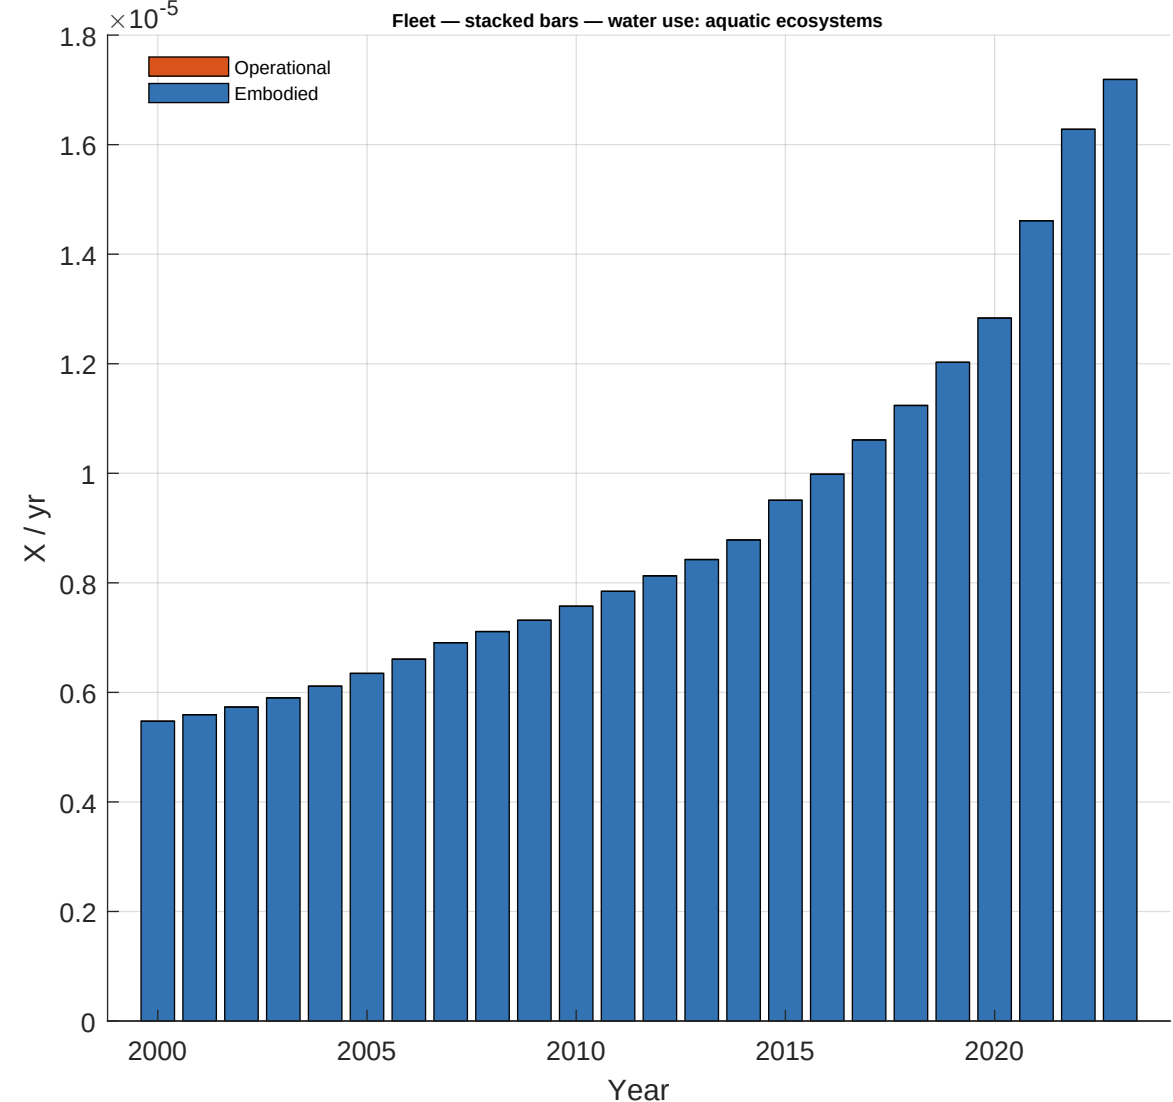

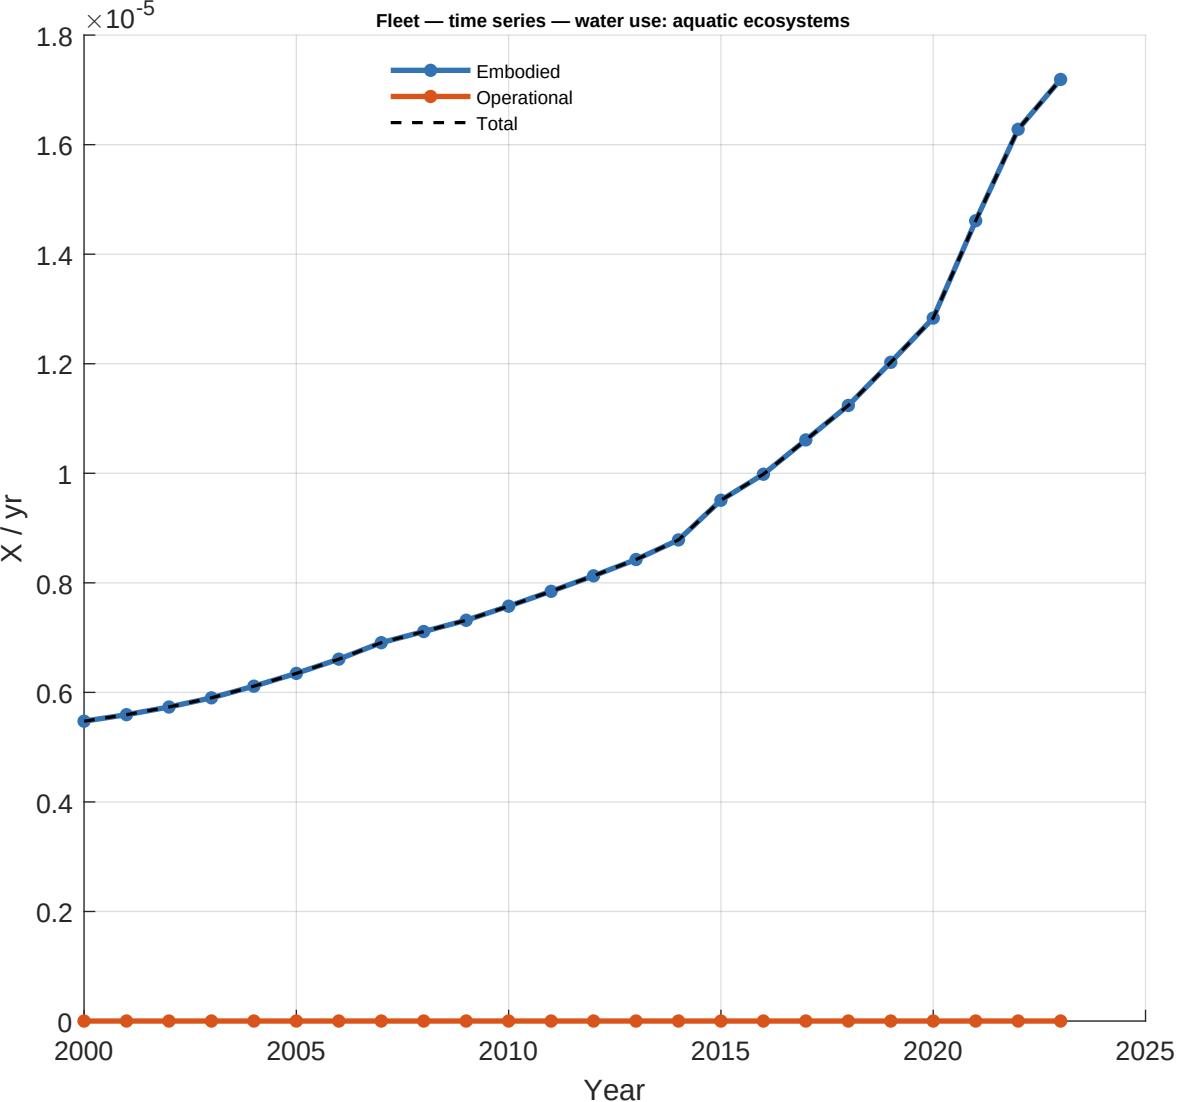

Fleet — time series — land use

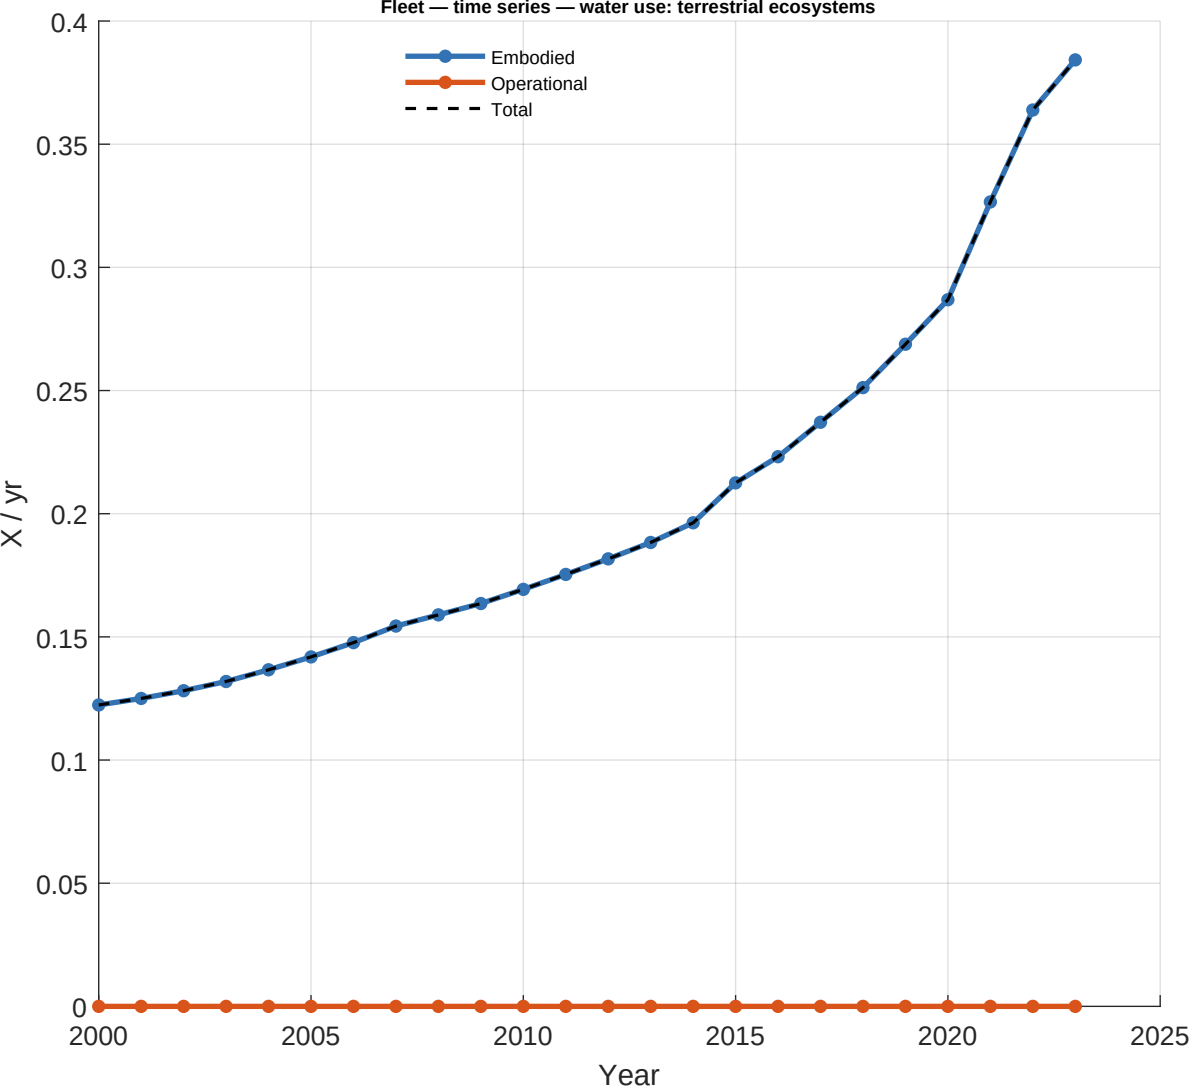

Fleet — stacked bars — land use

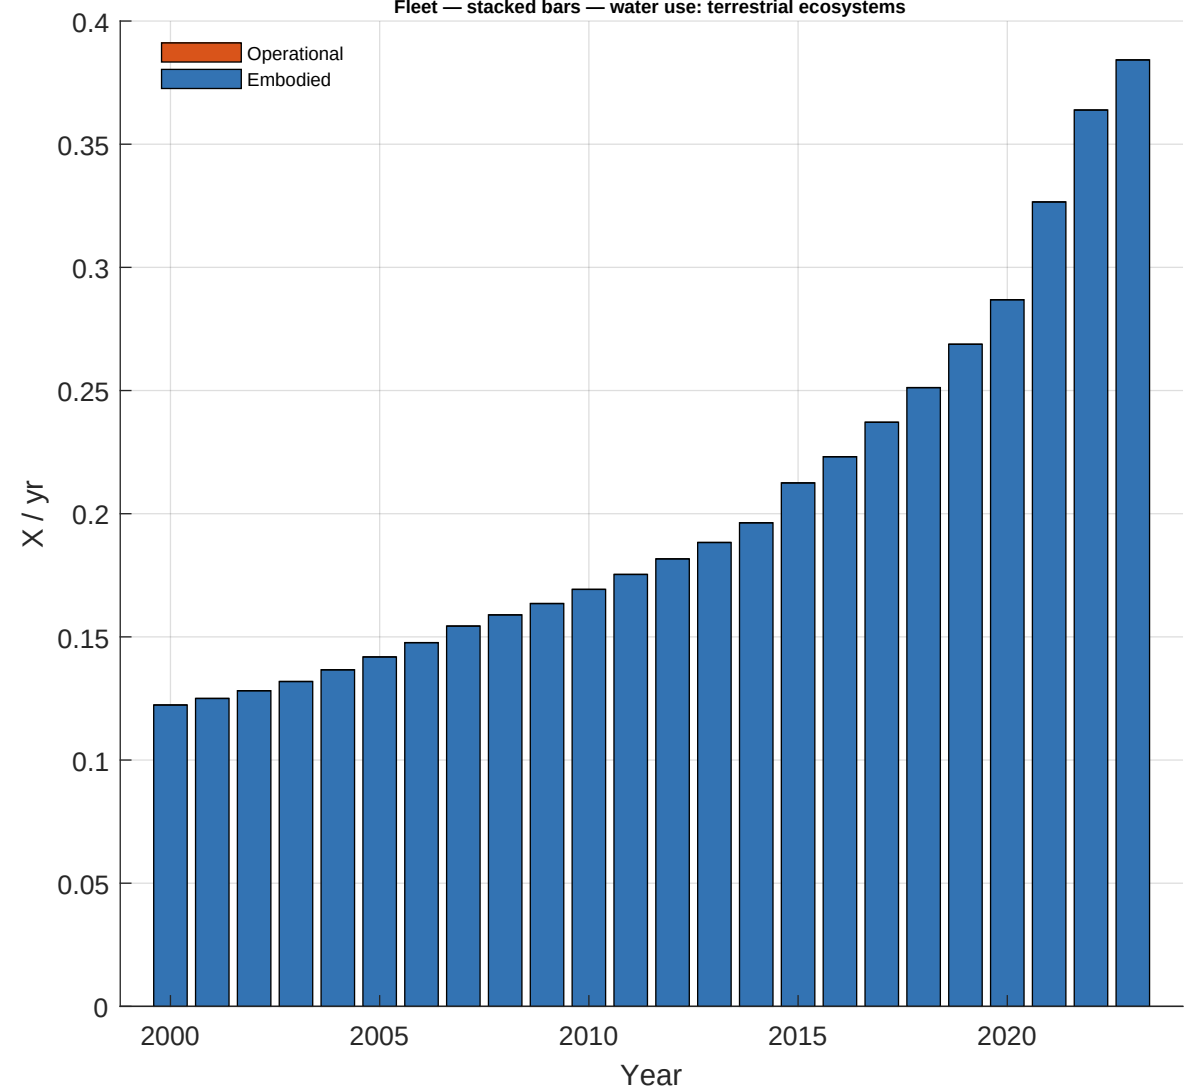

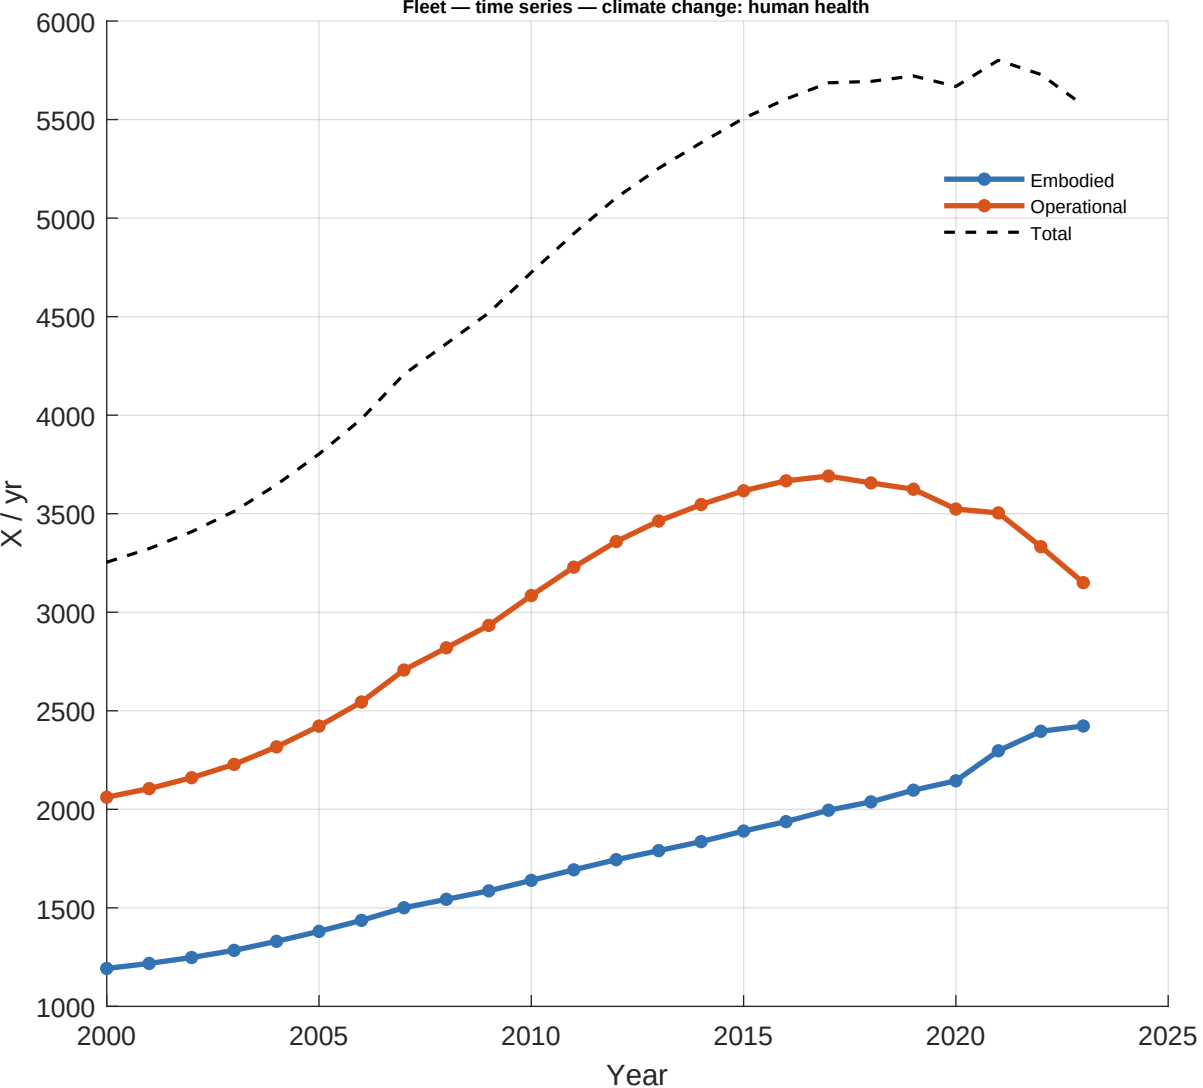

Fleet — time series — water use: terrestrial ecosystems

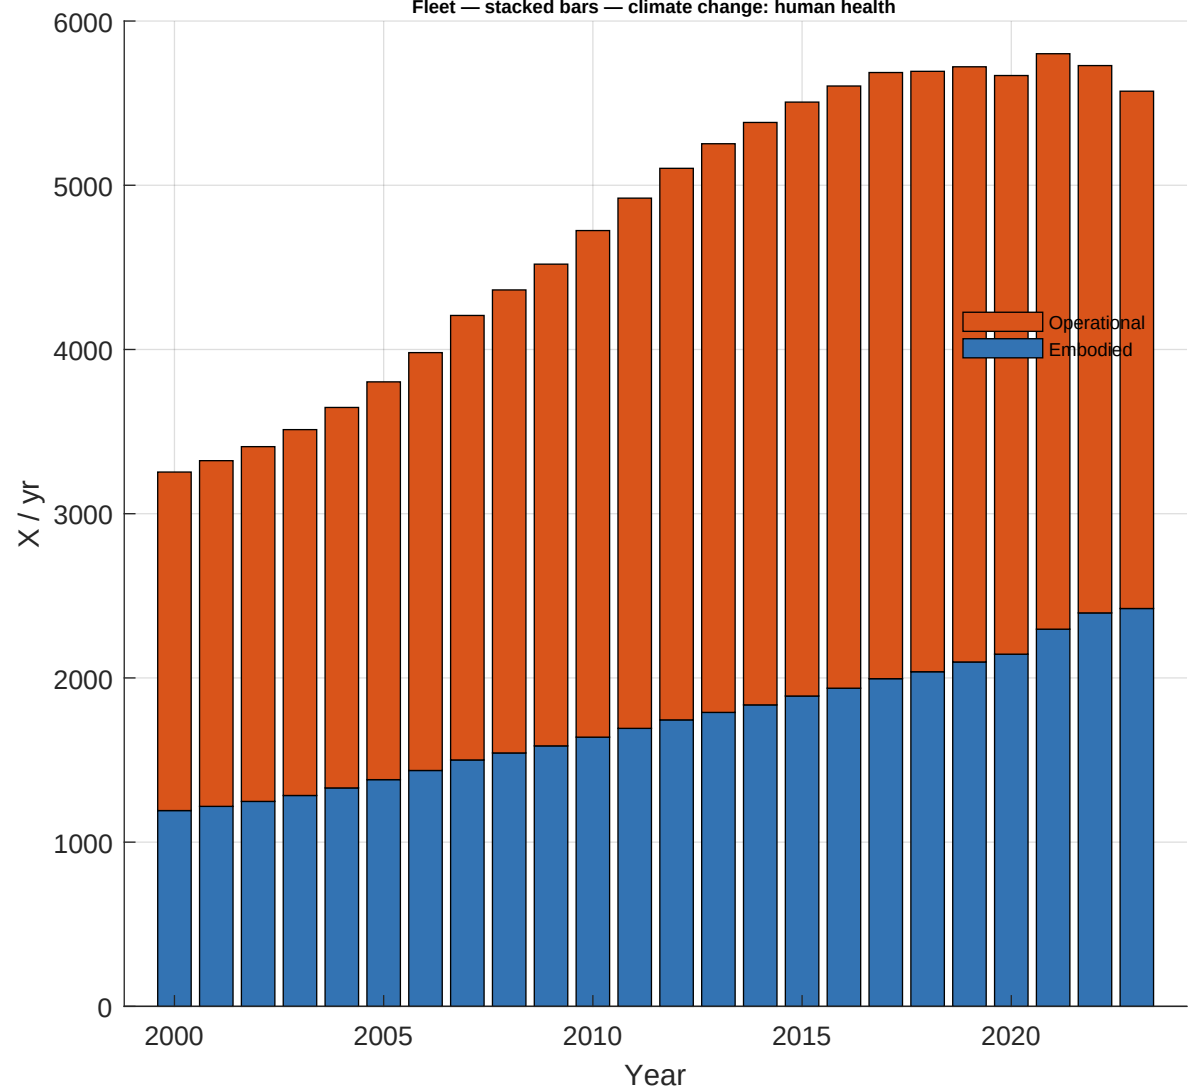

Fleet — stacked bars — water use: terrestrial ecosystems

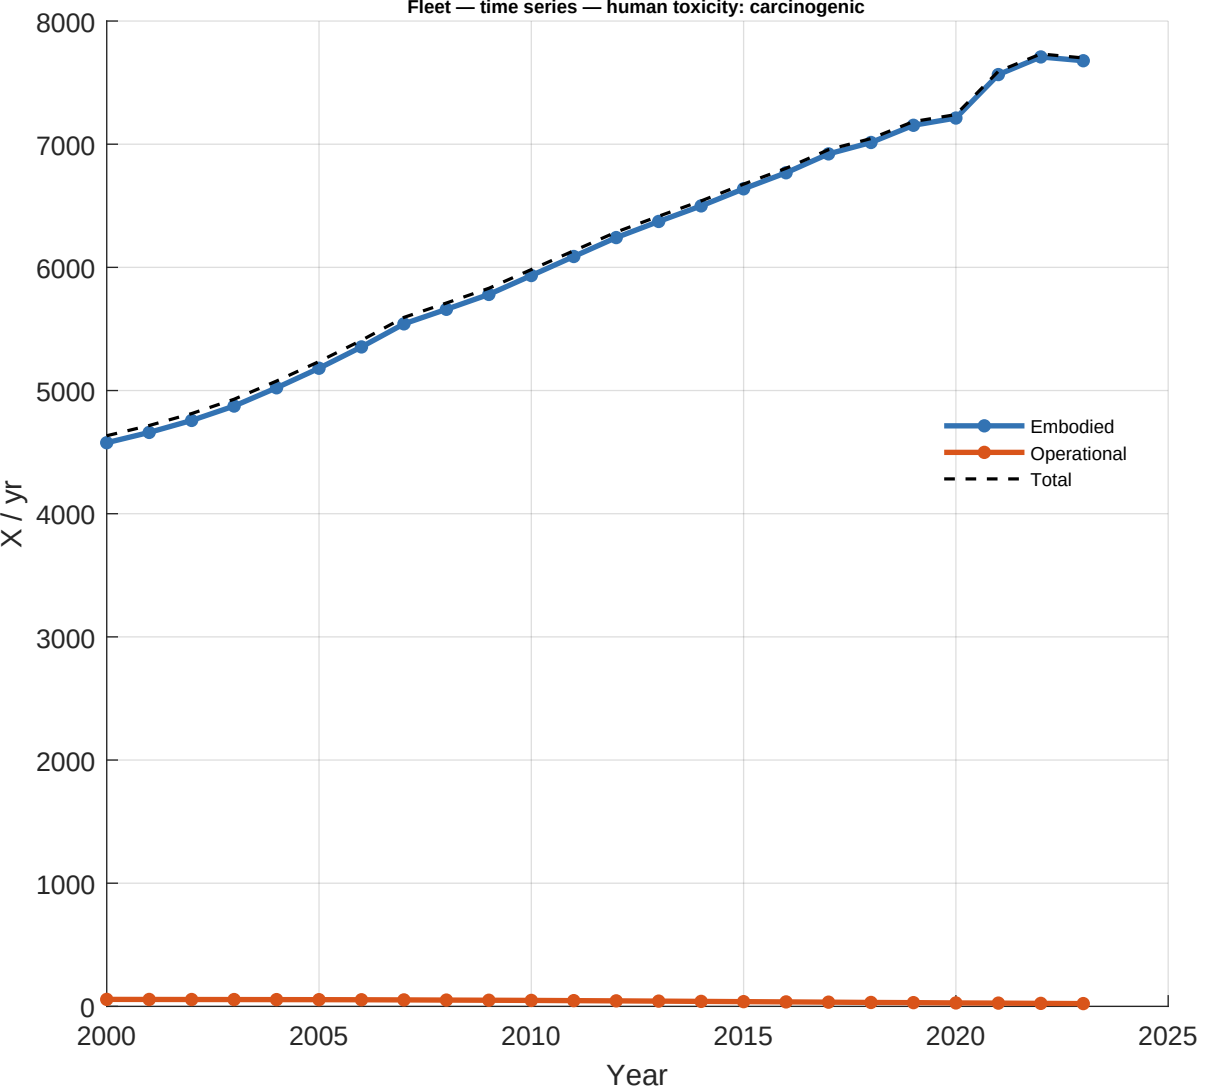

Fleet — time series — climate change: human health

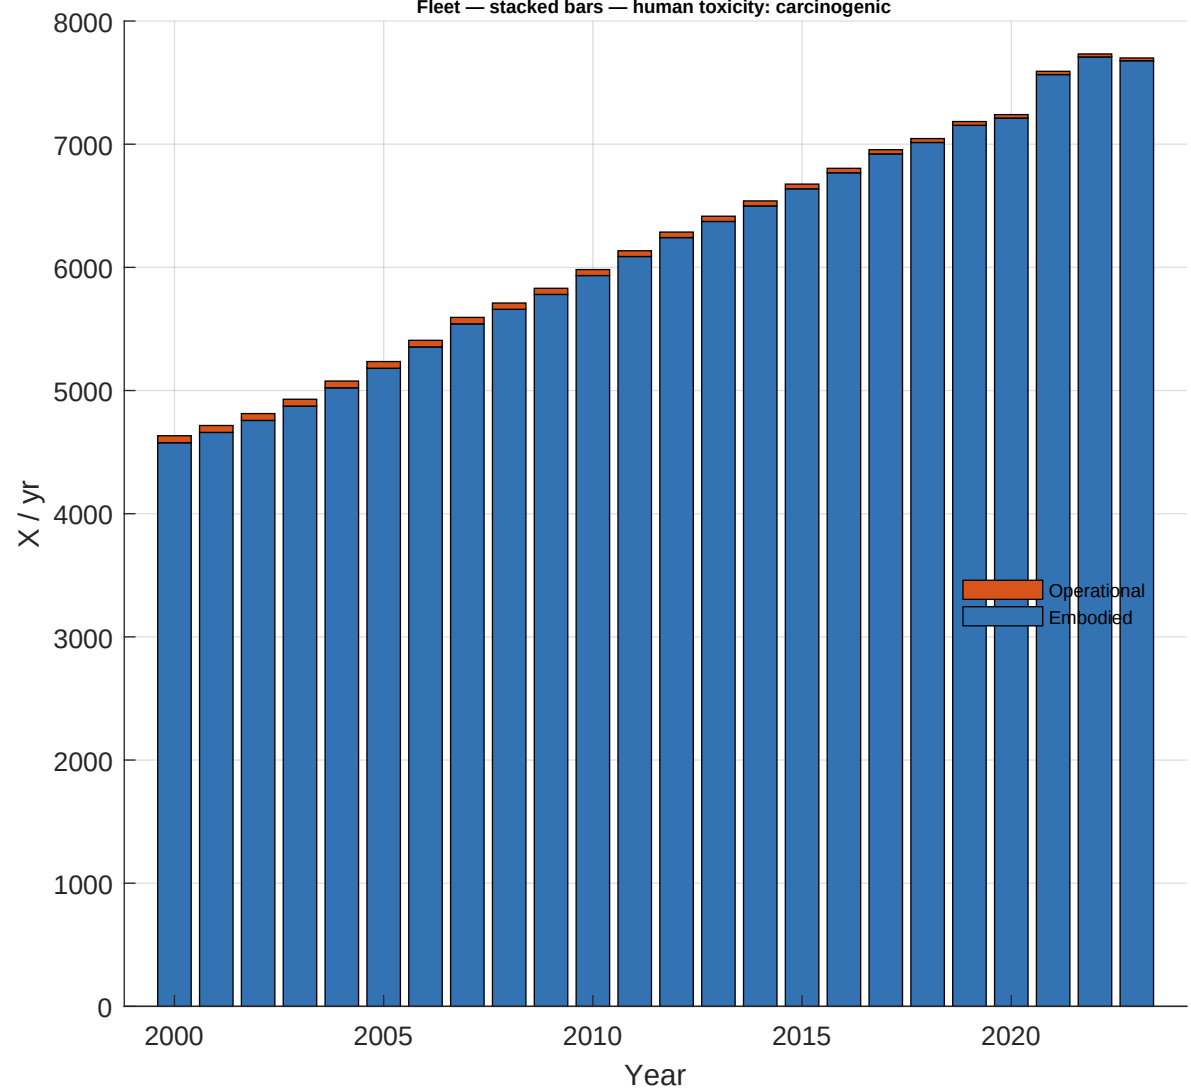

Fleet — stacked bars — climate change: human health

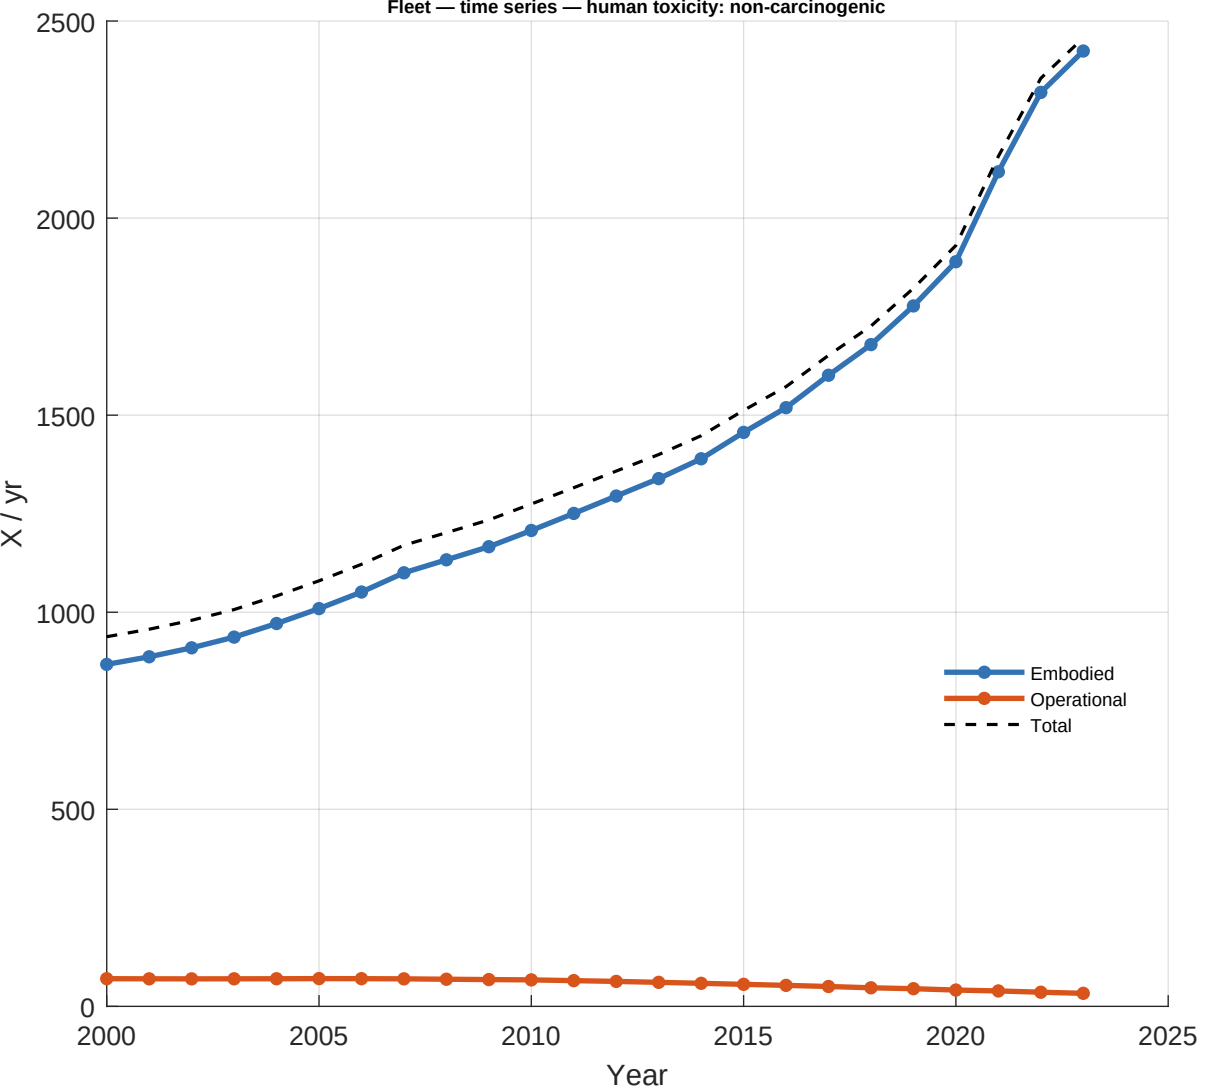

Fleet — time series — human toxicity: carcinogenic

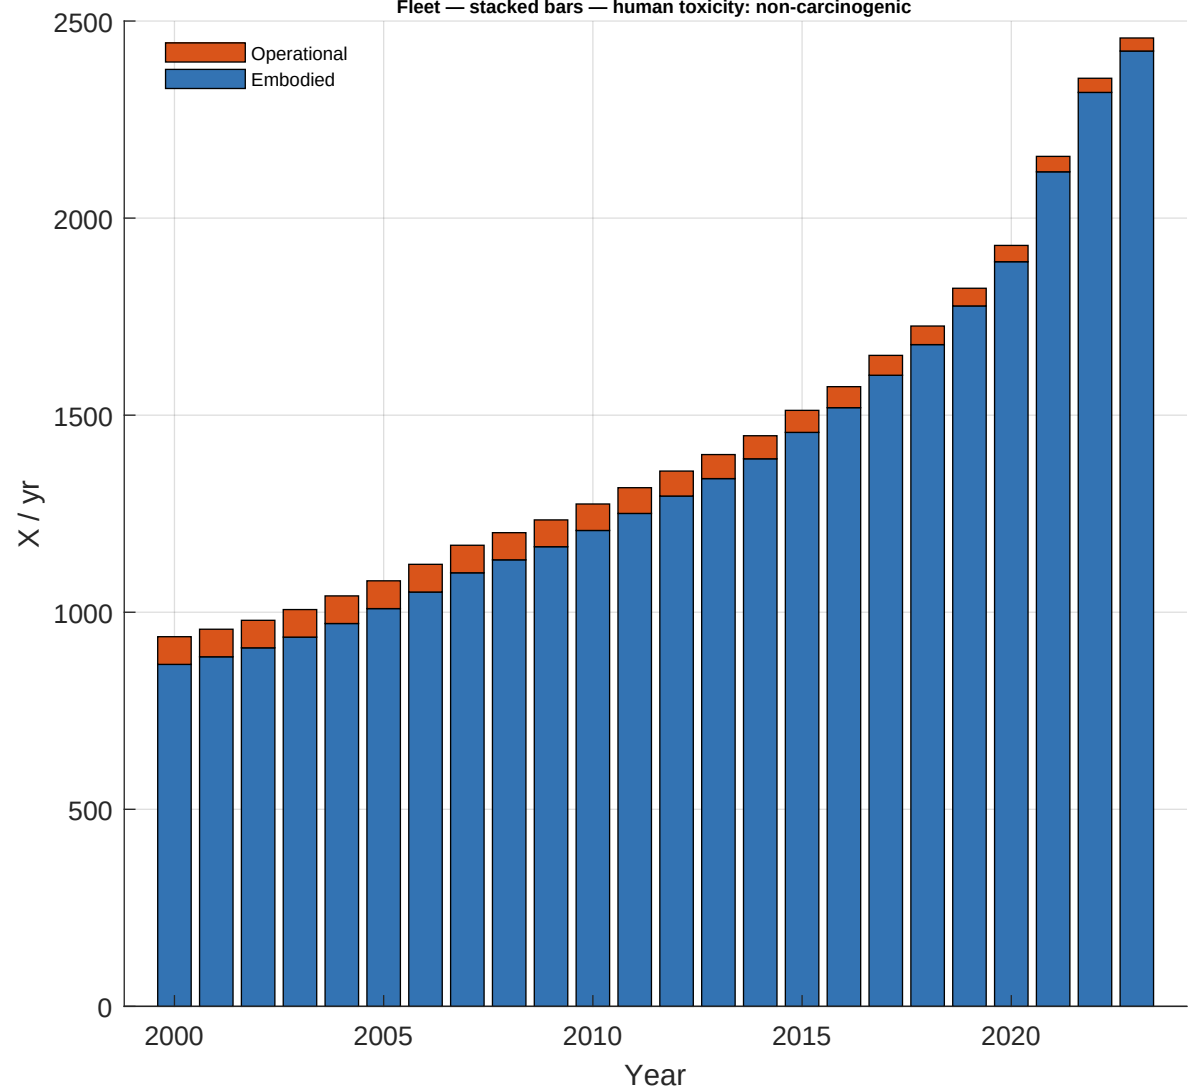

Fleet — stacked bars — human toxicity: carcinogenic

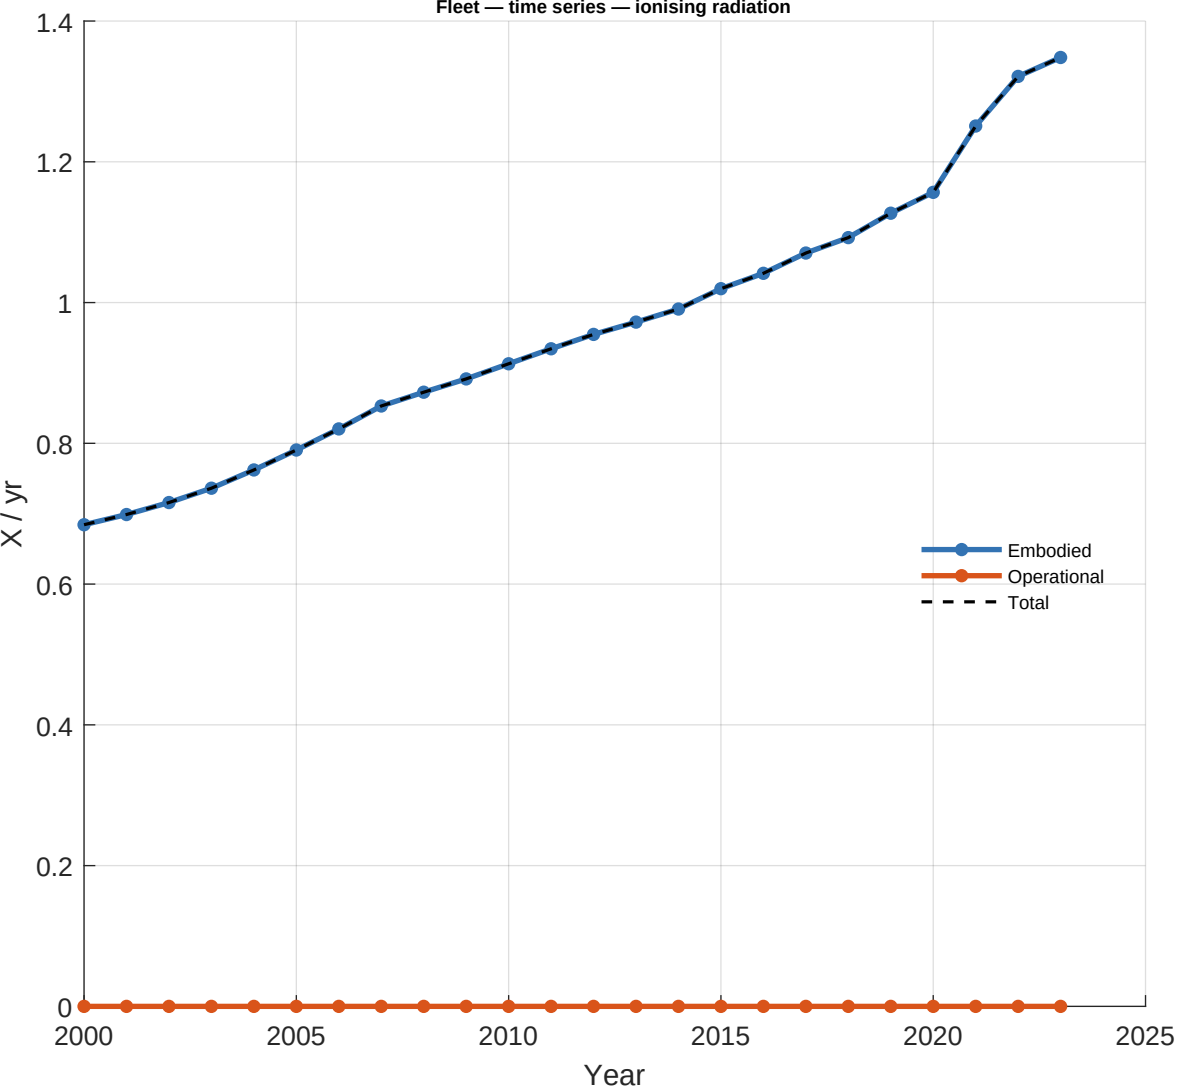

Fleet — time series — human toxicity: non-carcinogenic

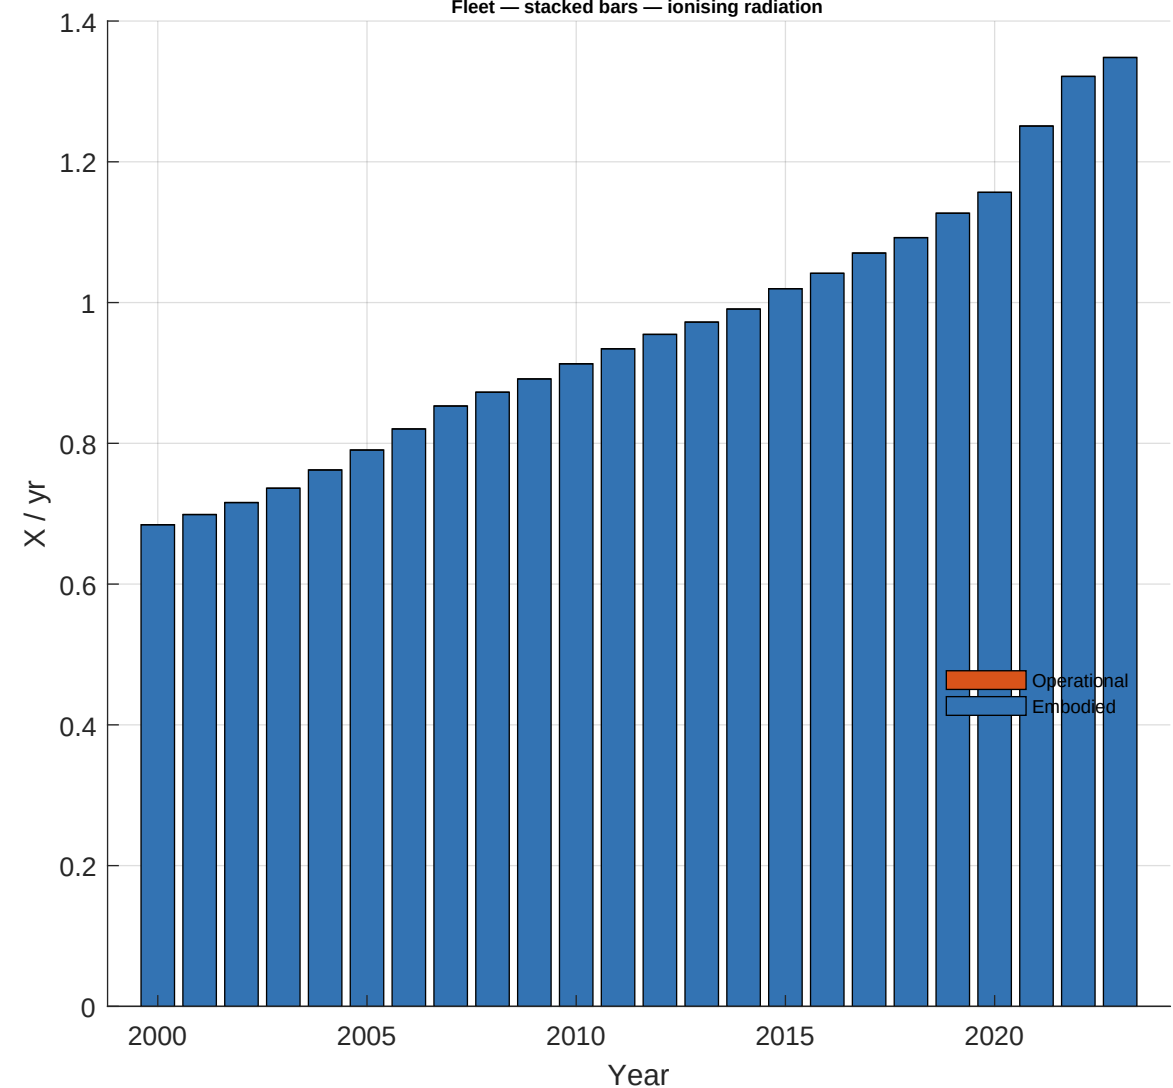

Fleet — stacked bars — human toxicity: non-carcinogenic

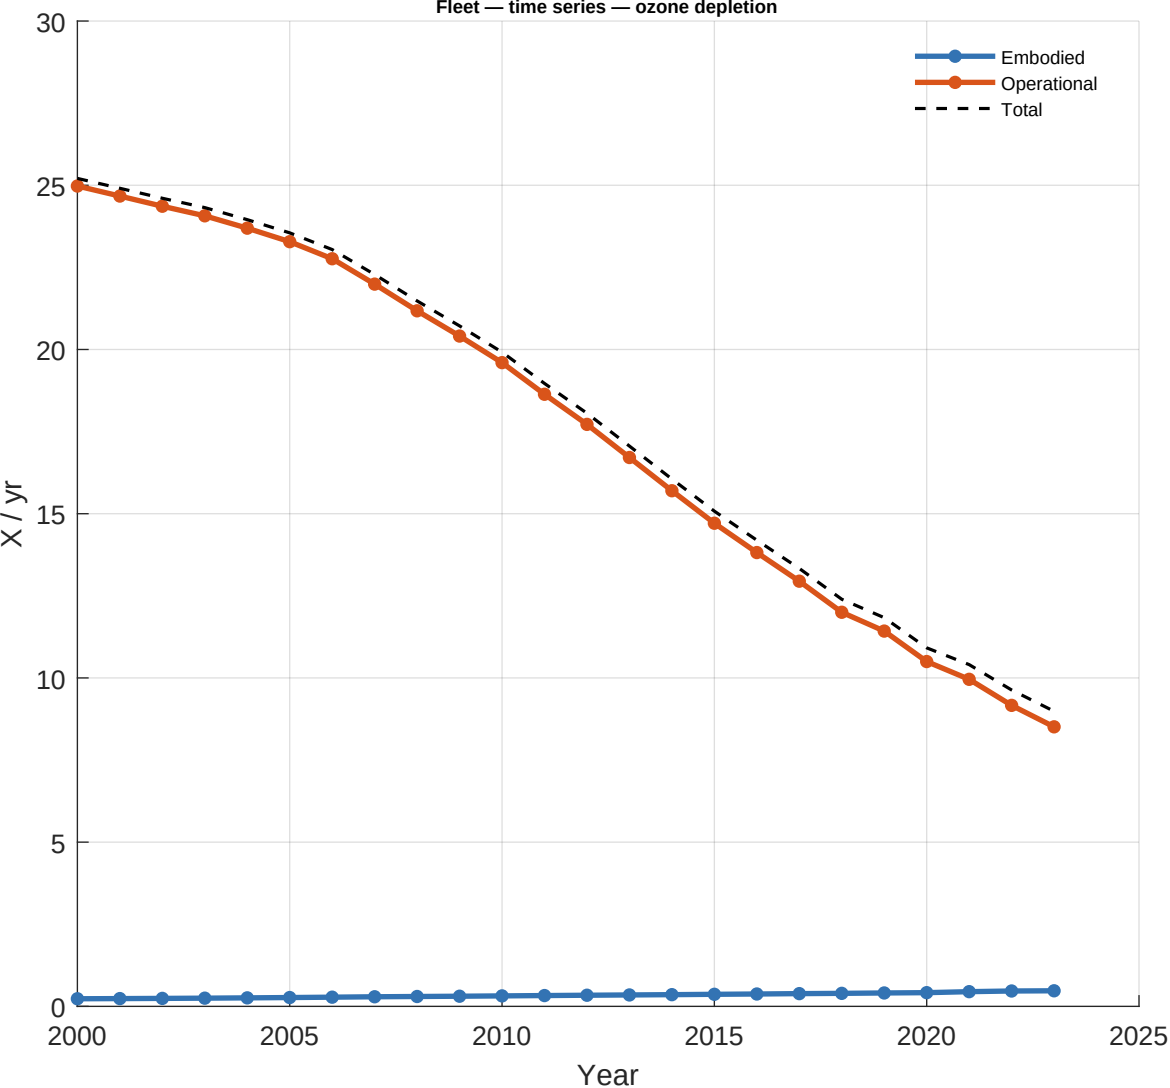

Fleet — time series — ionising radiation

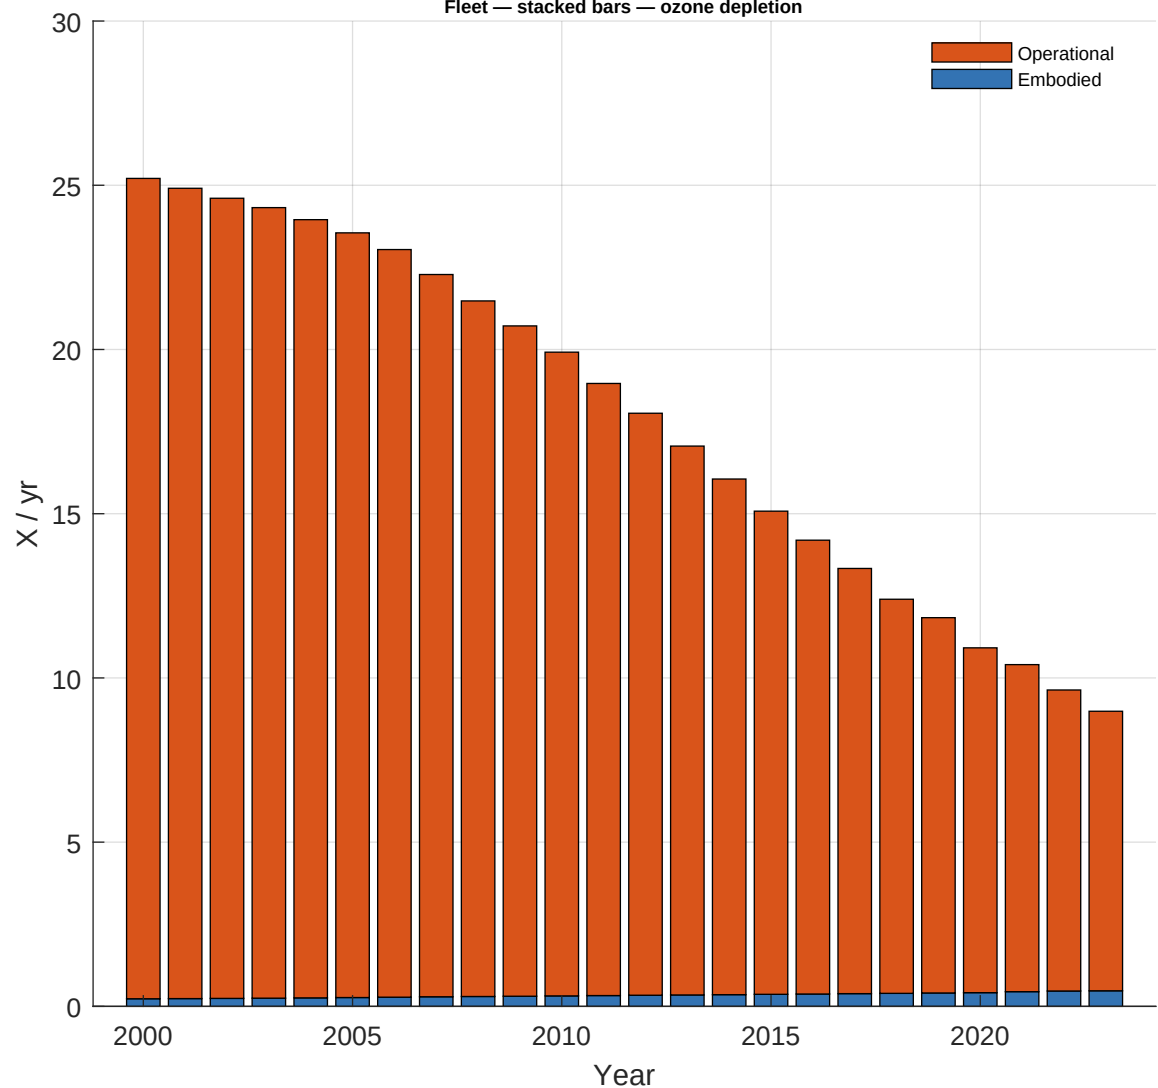

Fleet — stacked bars — ionising radiation

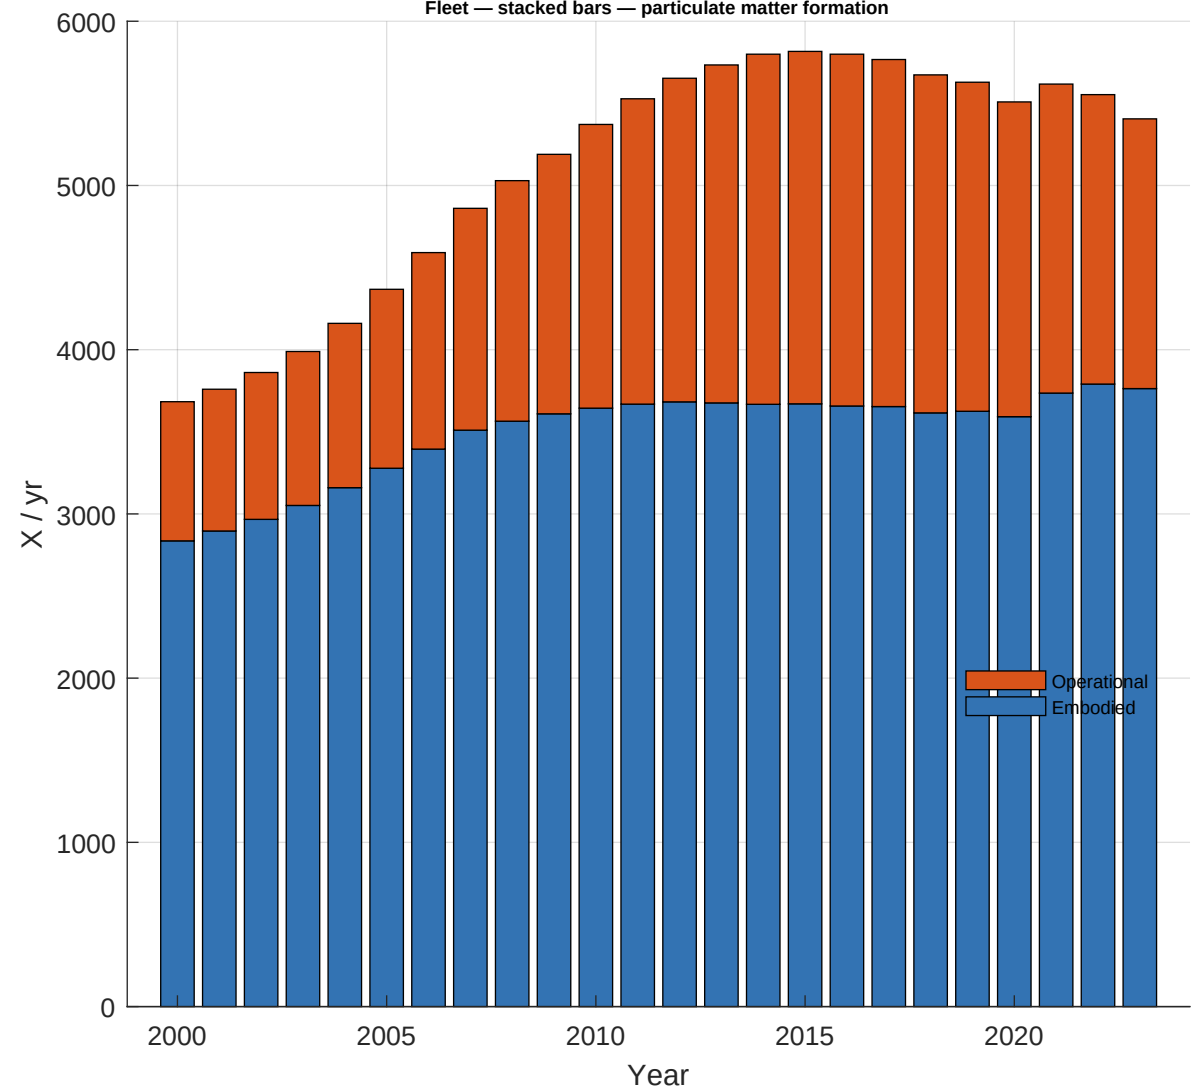

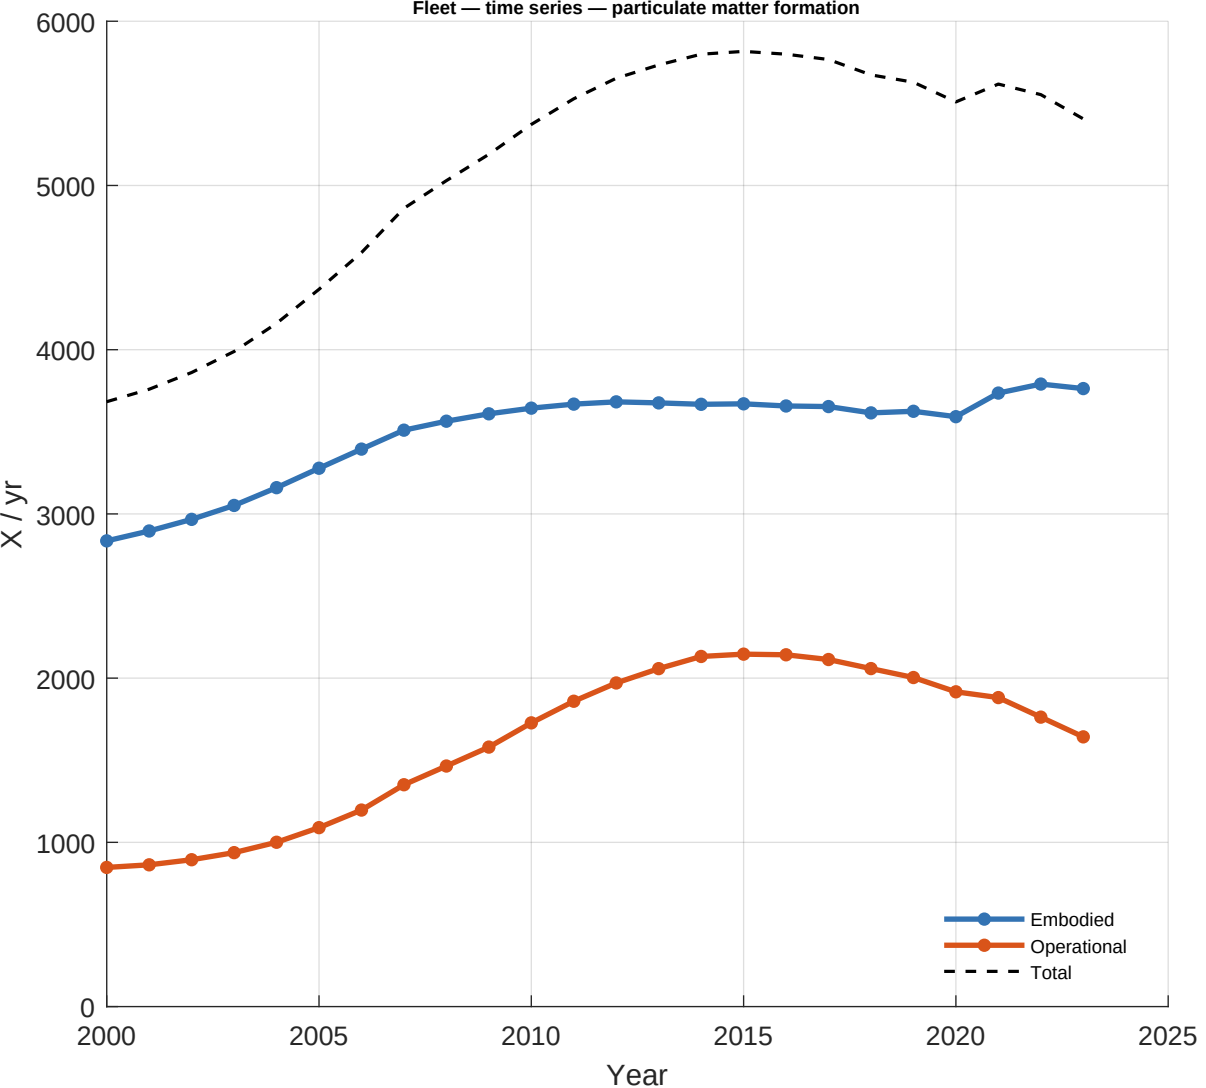

Fleet — time series — ozone depletion

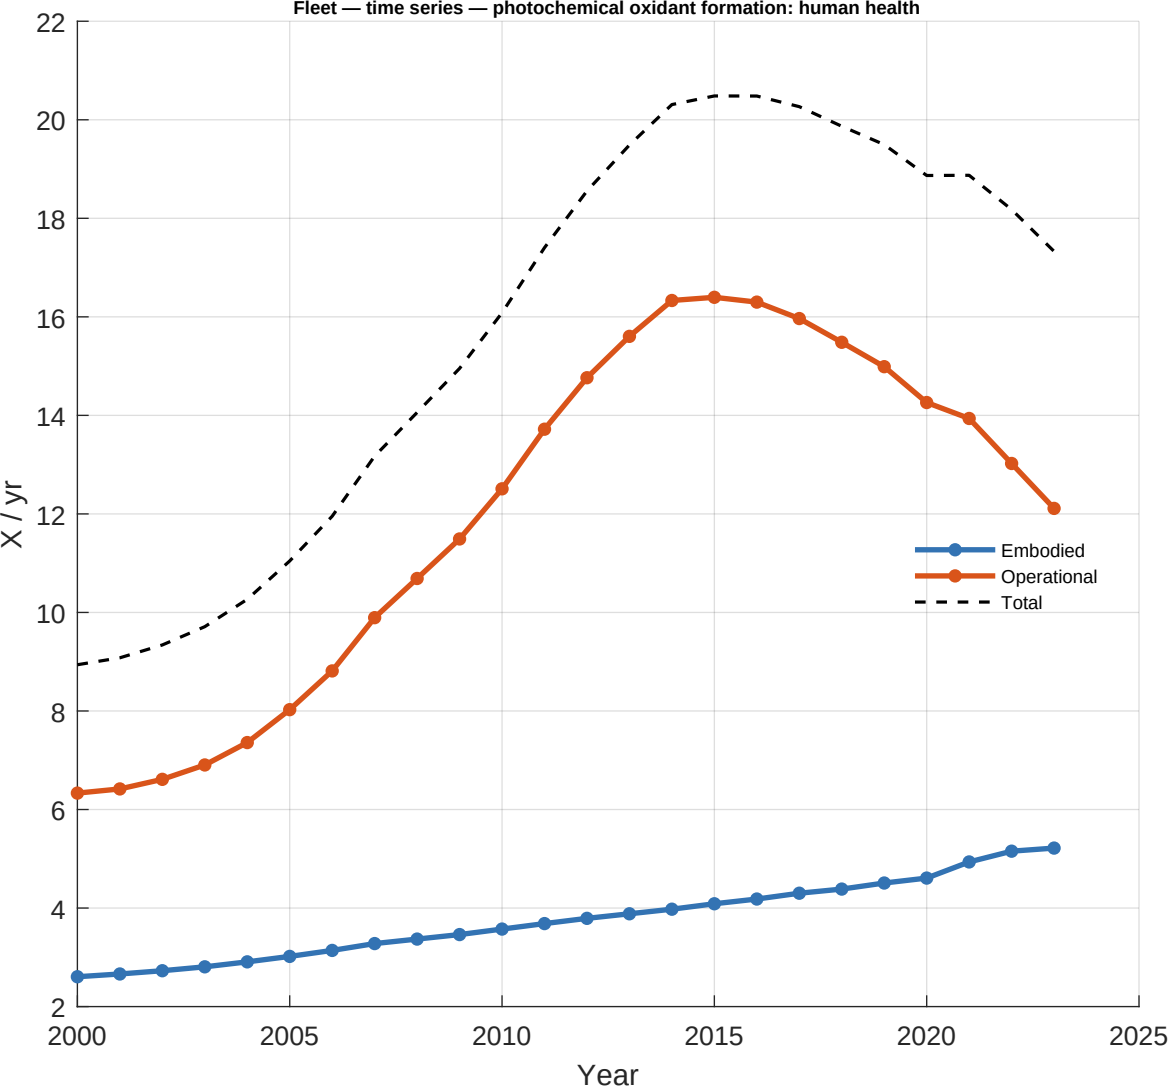

Fleet — stacked bars — ozone depletion

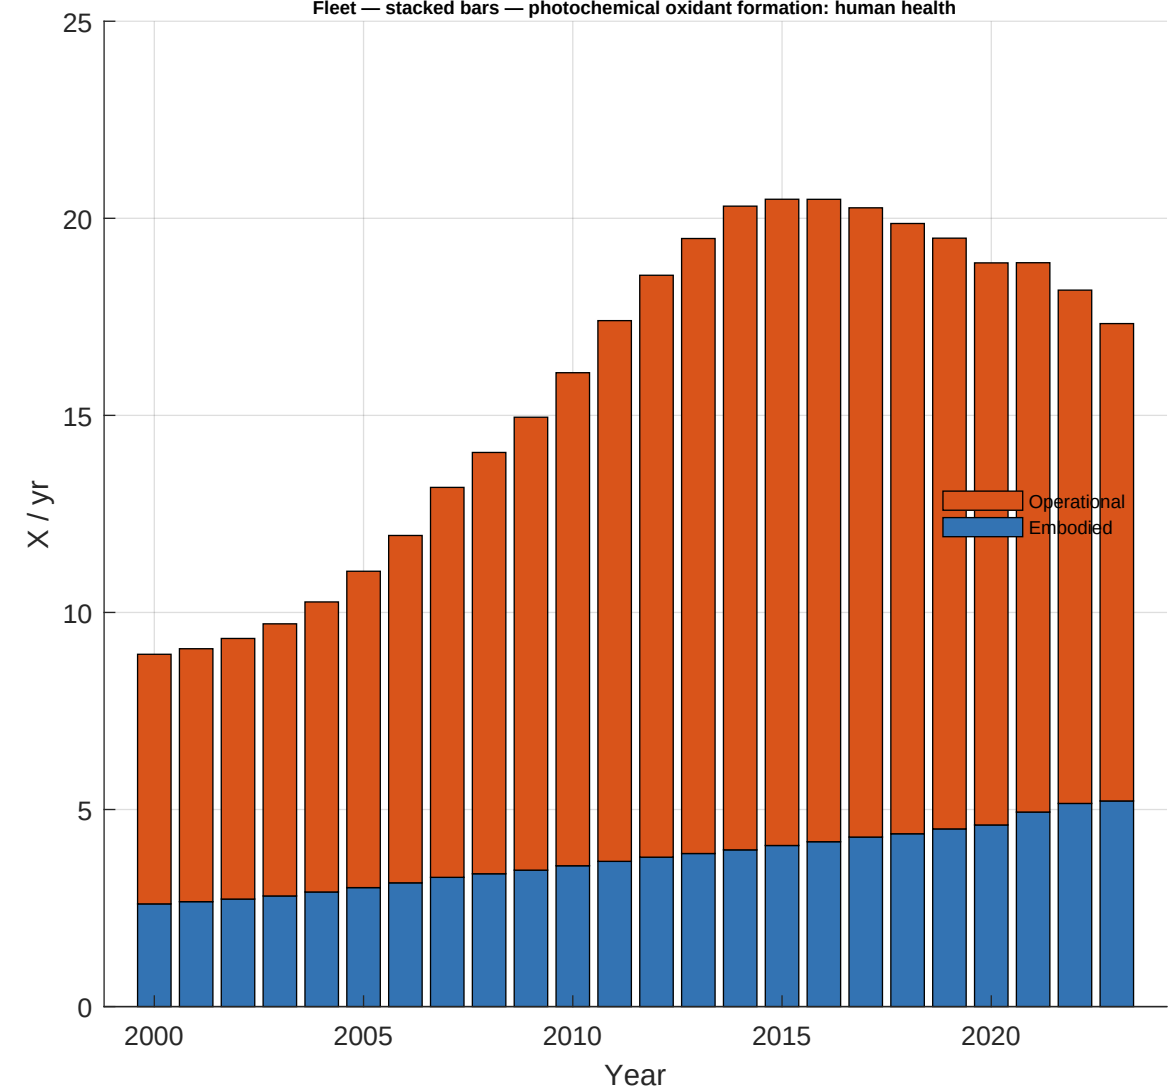

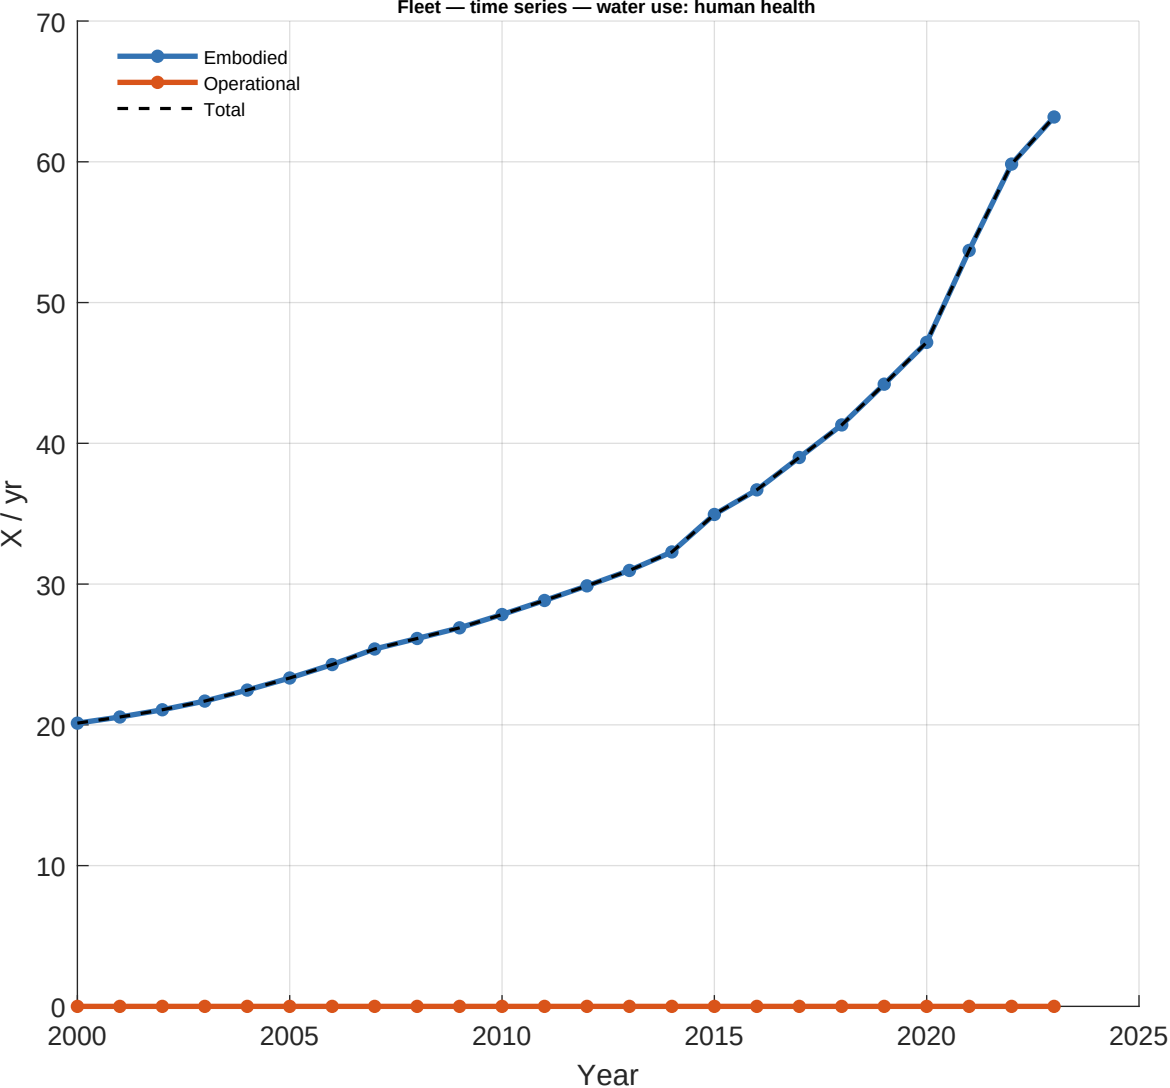

Fleet — time series — photochemical oxidant formation: human health

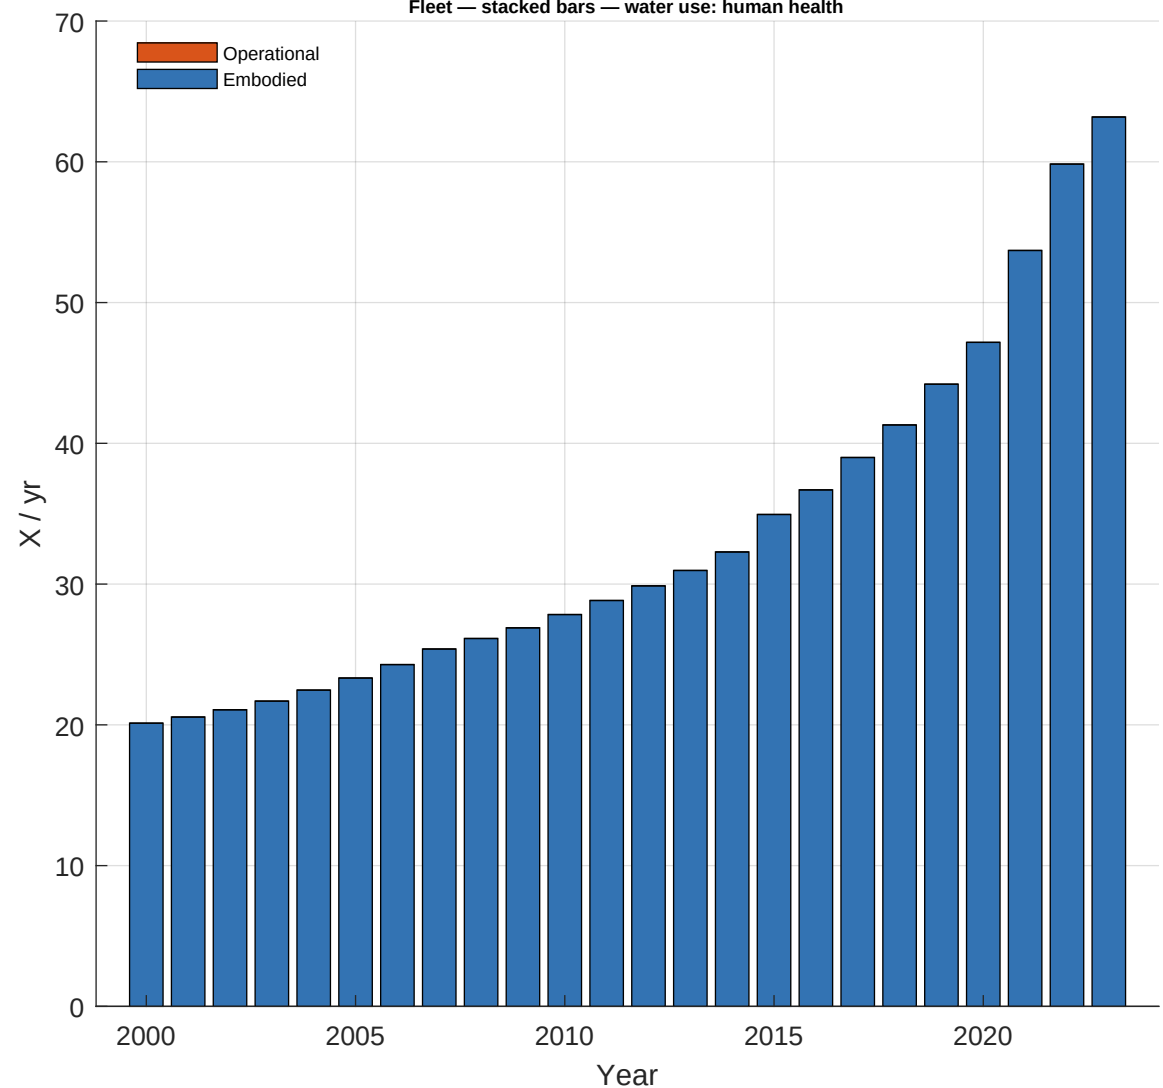

Fleet — stacked bars — photochemical oxidant formation: human health

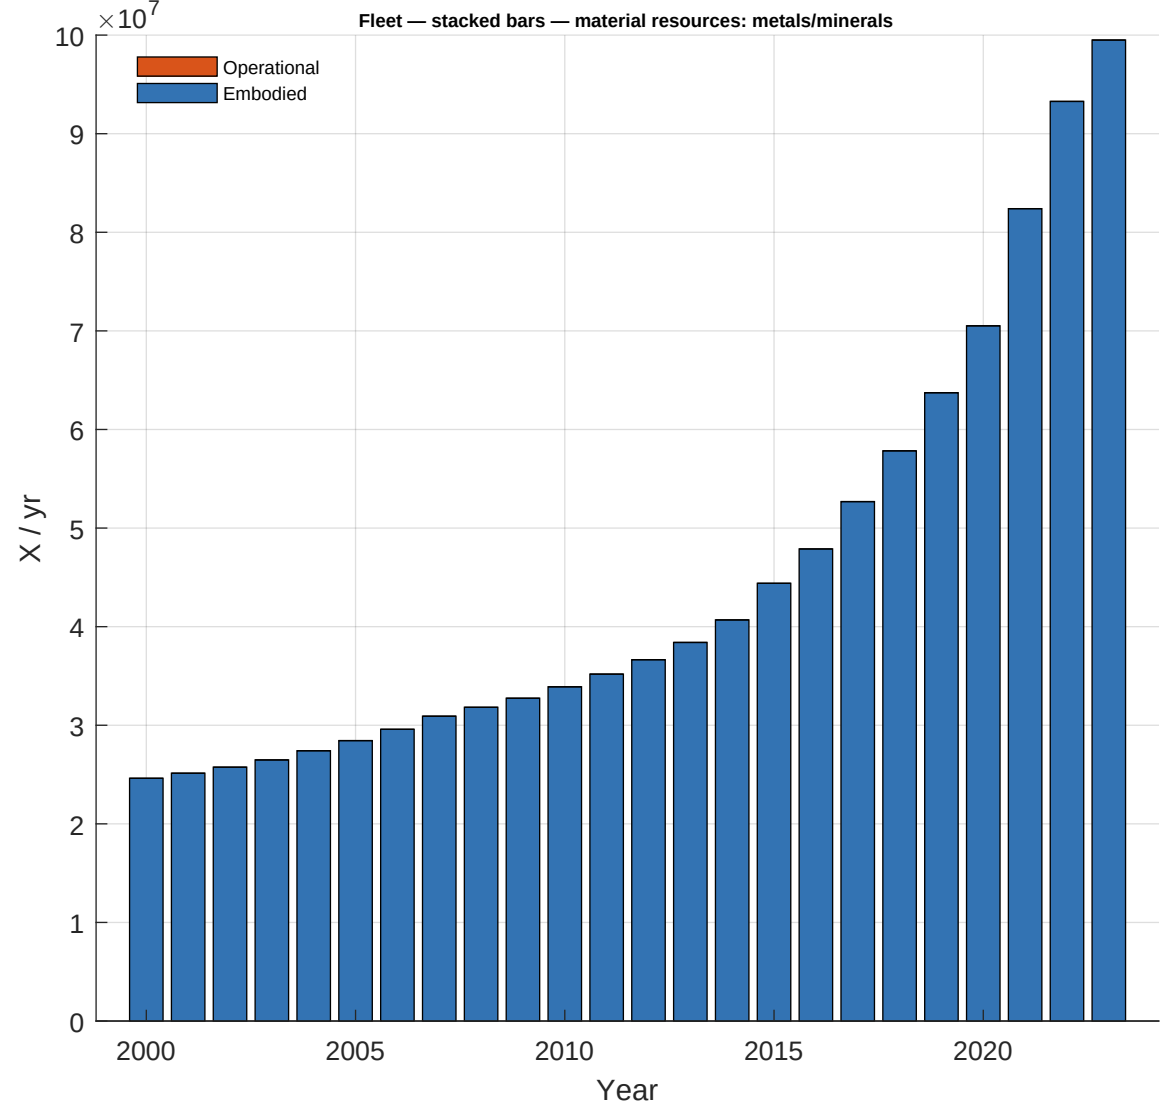

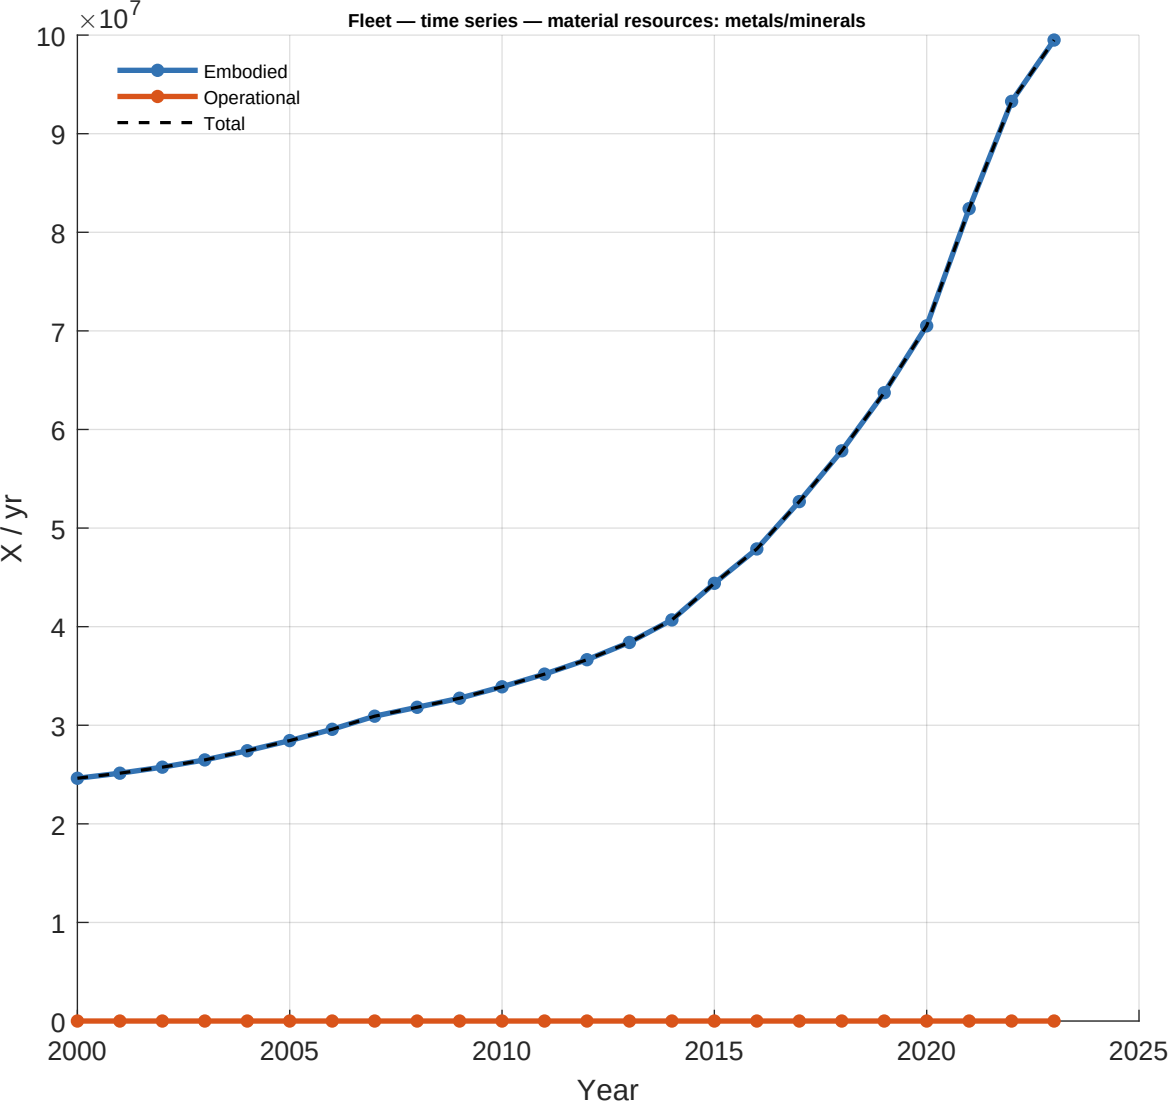

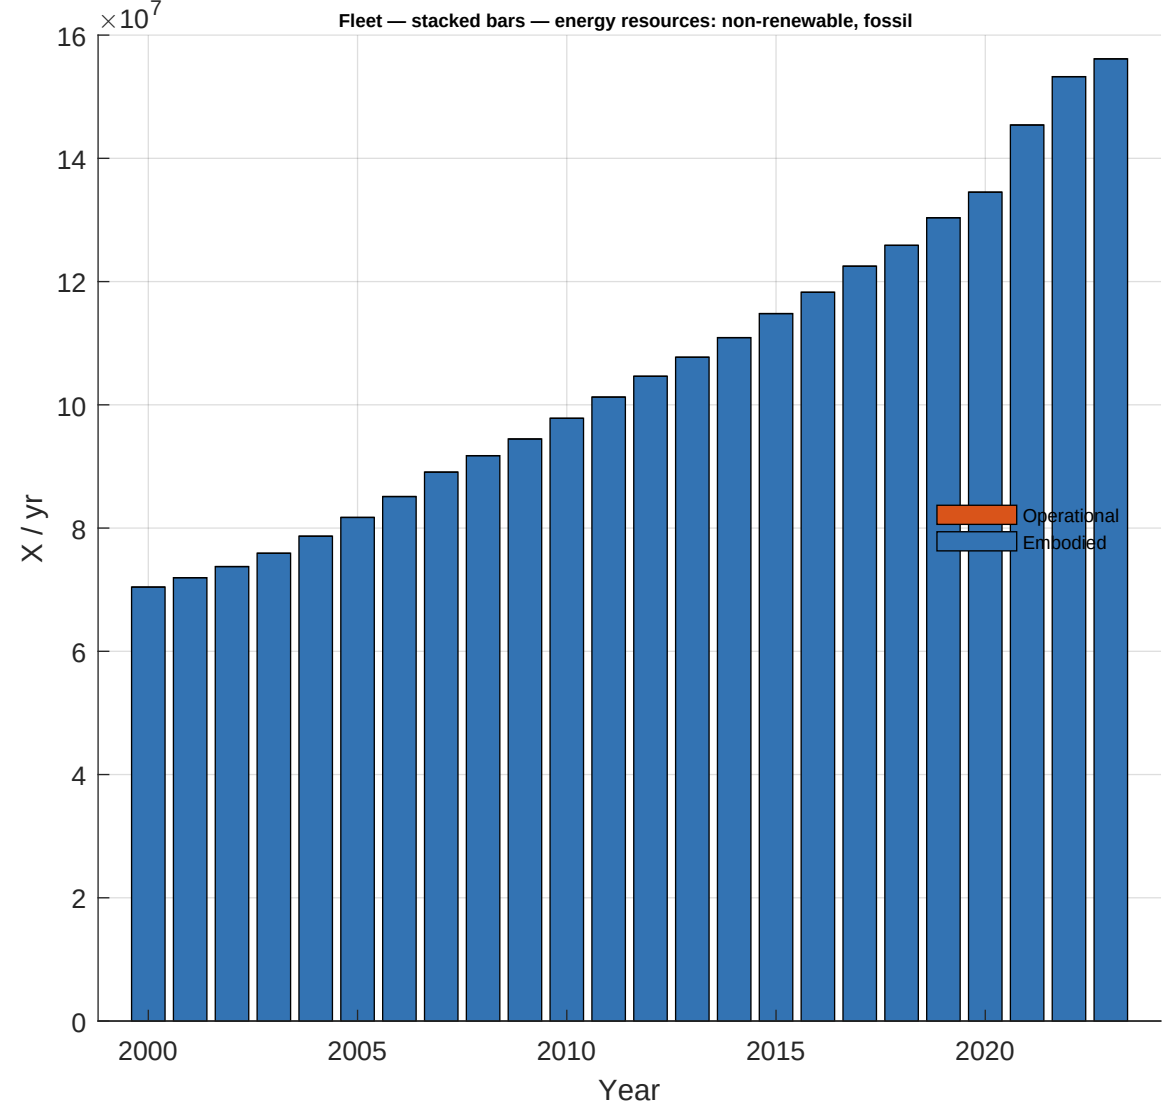

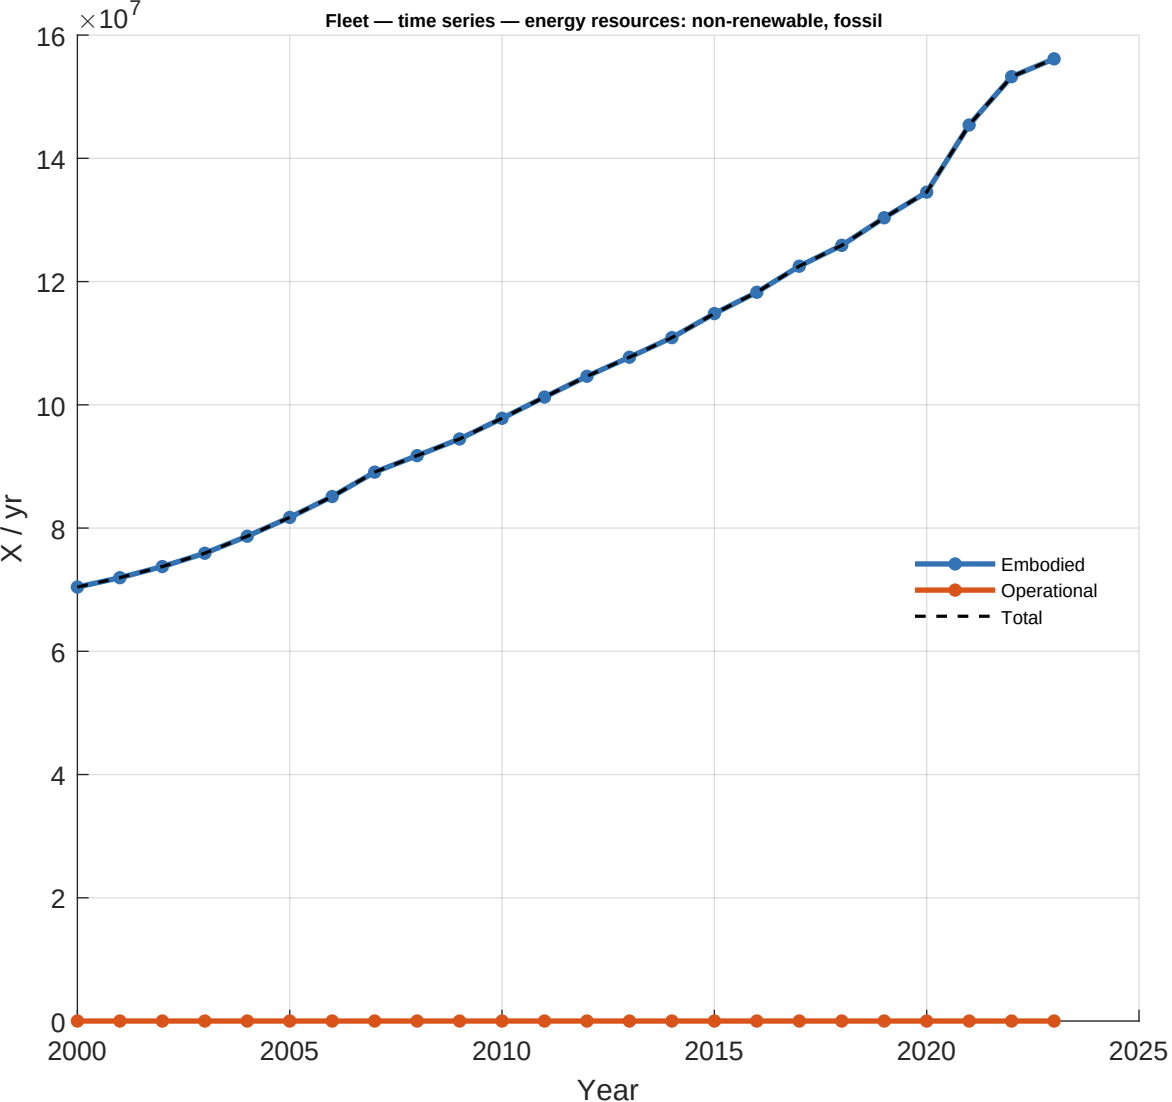

Fleet — time series — water use: human health

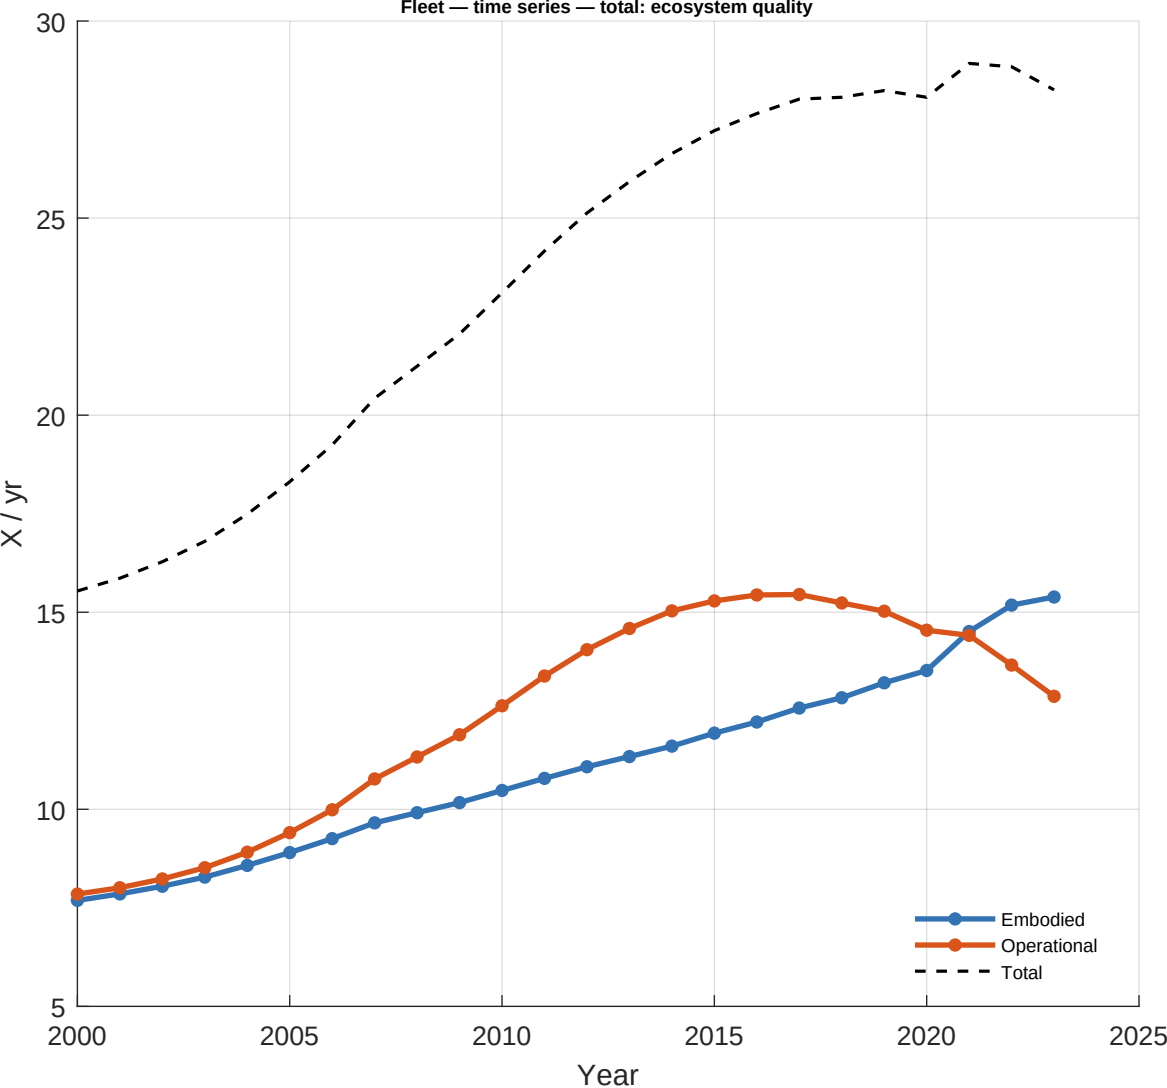

Fleet — stacked bars — water use: human health

Fleet — time series — total: ecosystem quality

Fleet — stacked bars — total: ecosystem quality
