

EF v3.1 : climate change
(kg CO₂-Eq) — per capita allocation, Sala et al. 2020

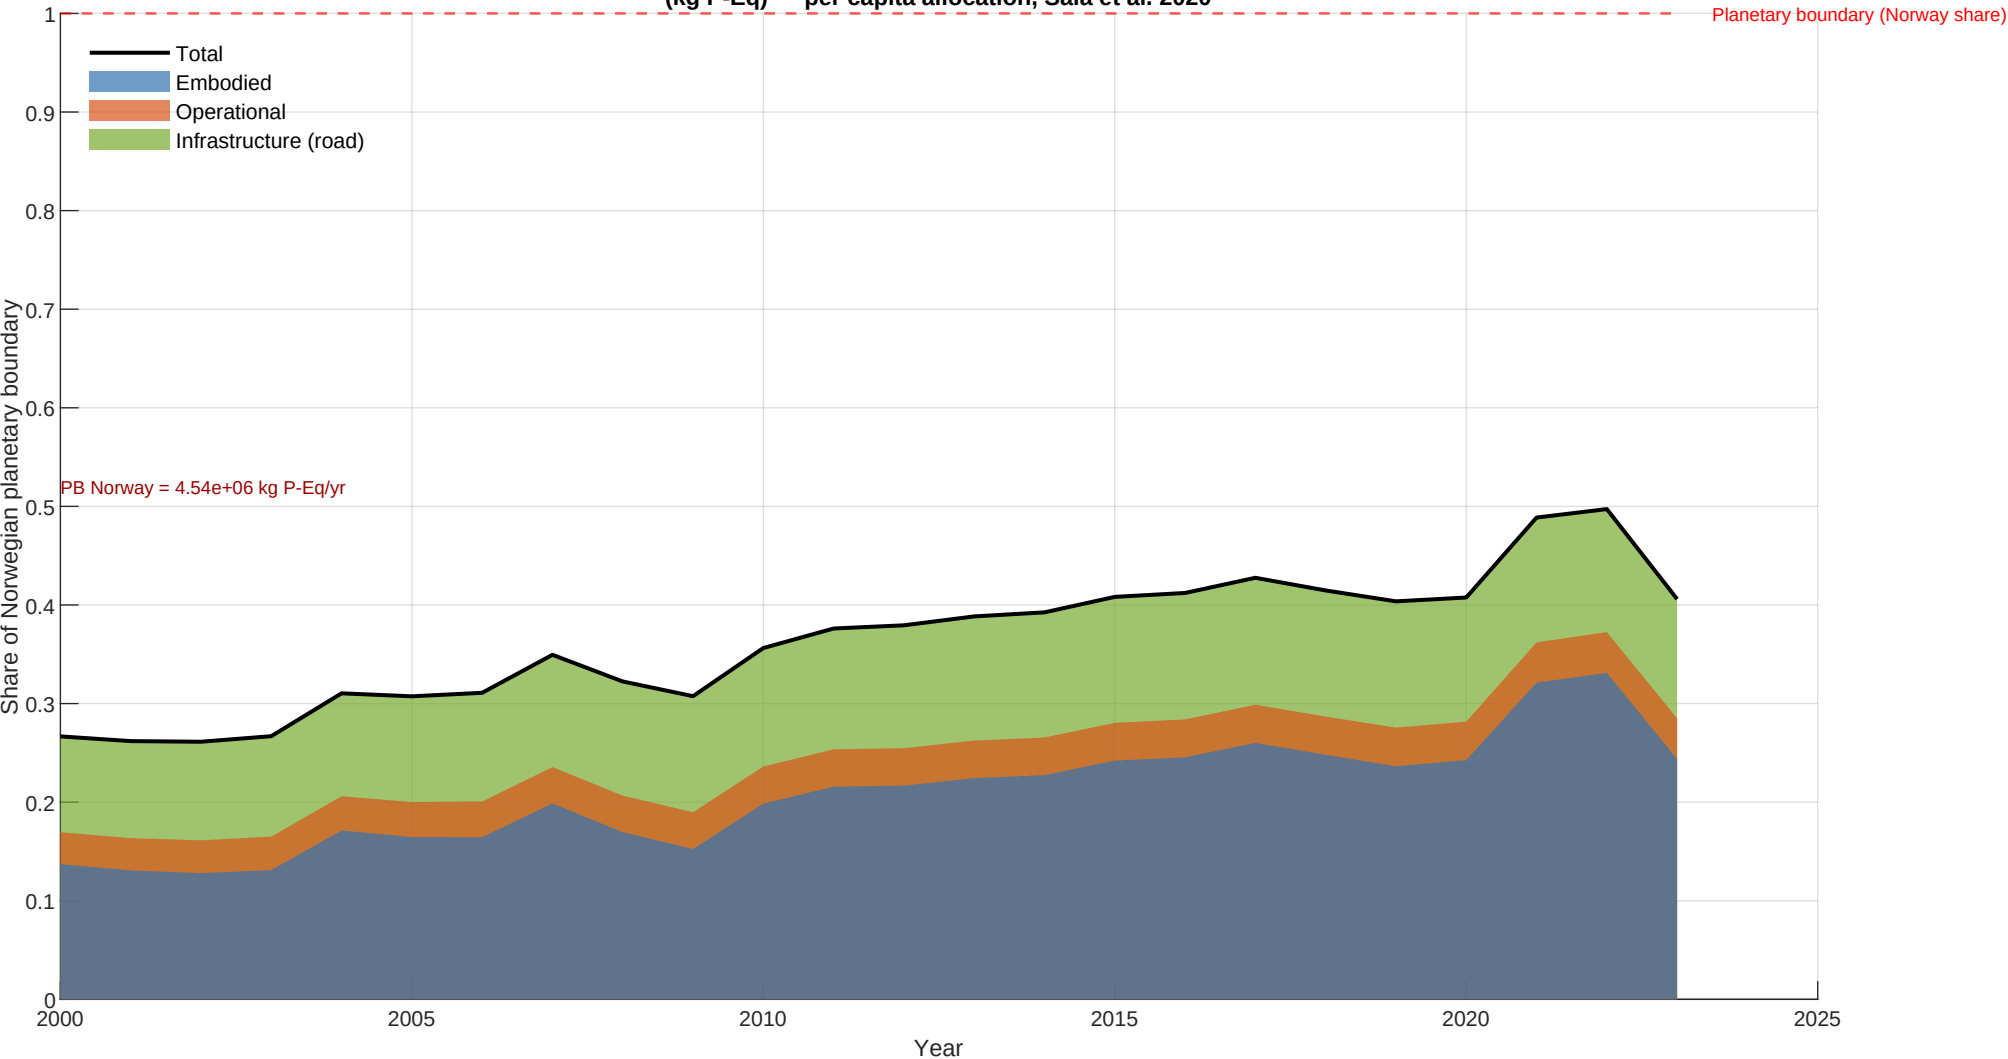

EF v3.1 : ecotoxicity: freshwater
(CTUe) — per capita allocation, Sala et al. 2020

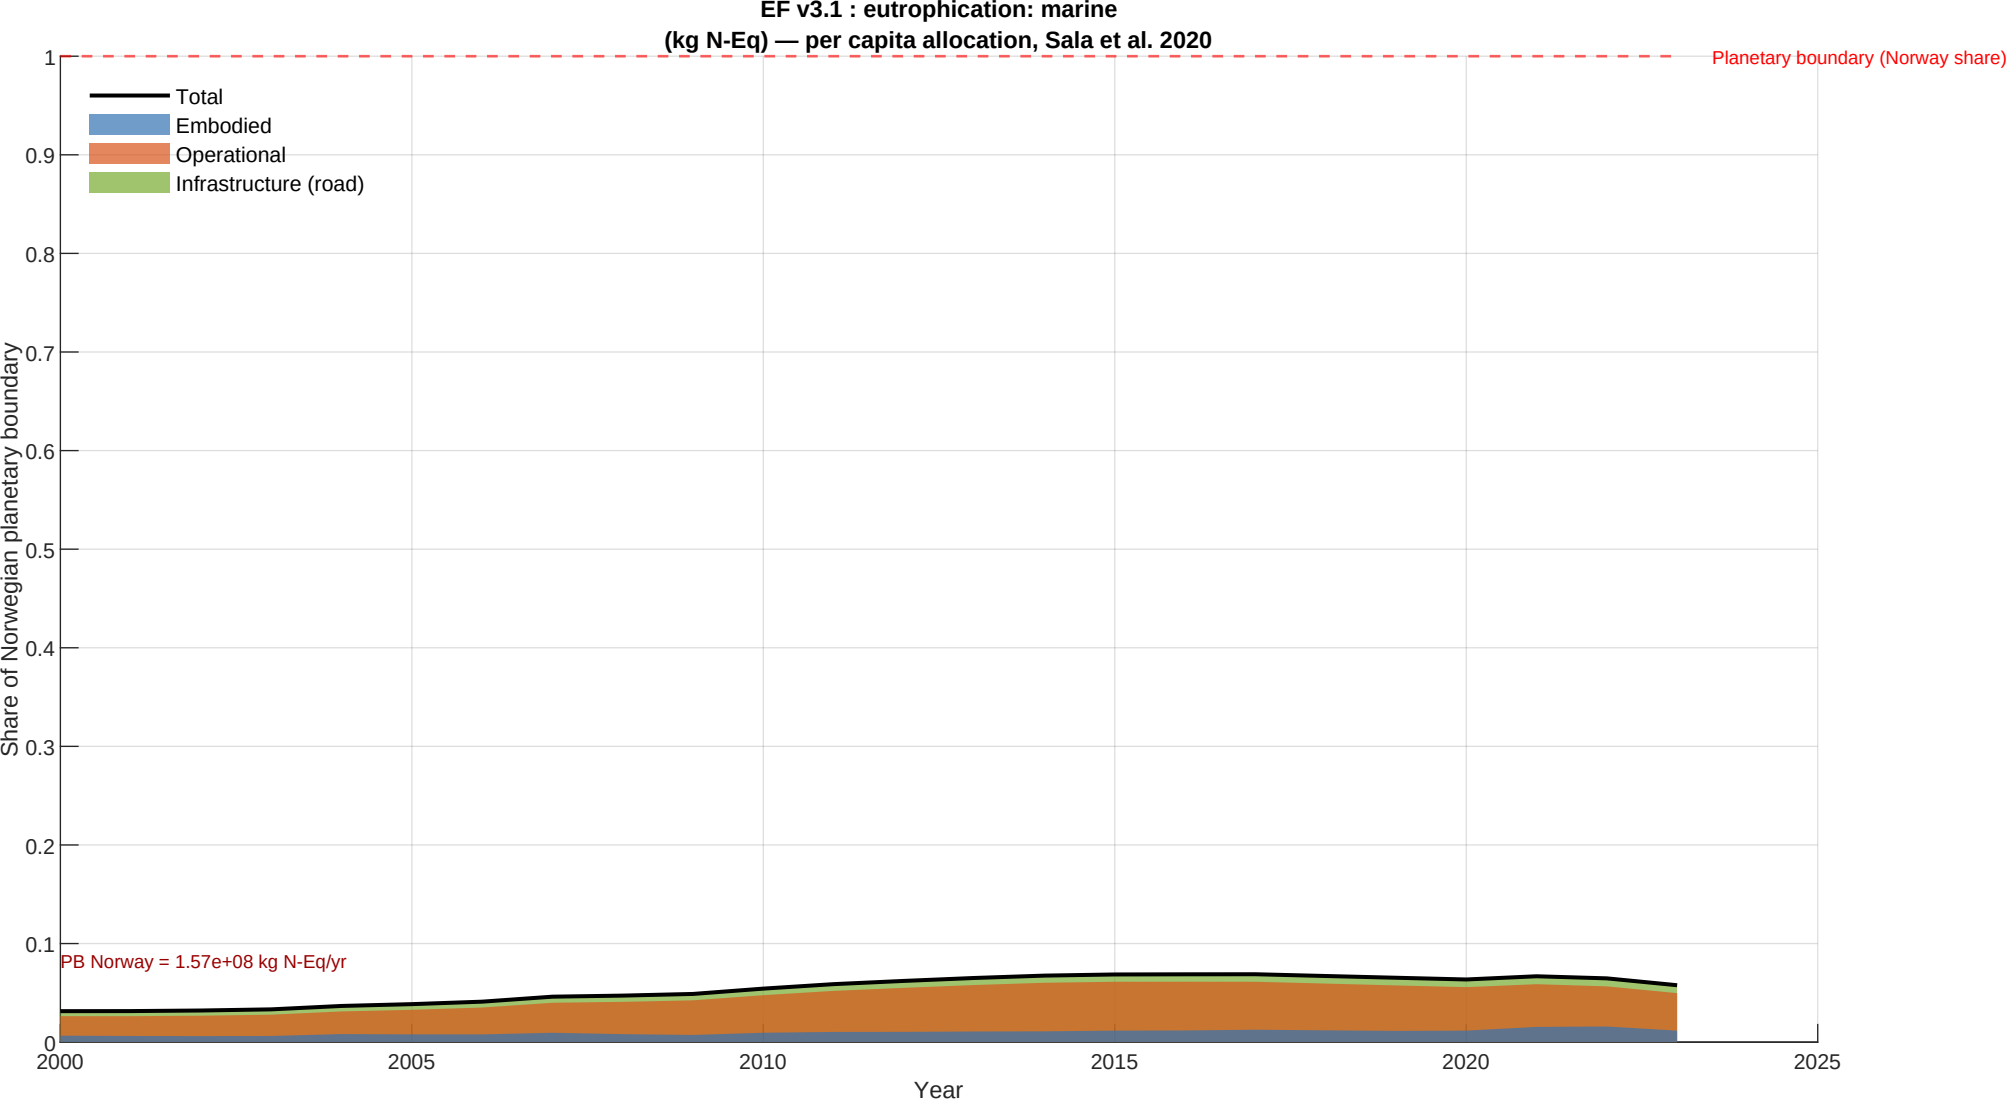

EF v3.1 : energy resources: non-renewable
(MJ) — per capita allocation, Sala et al. 2020

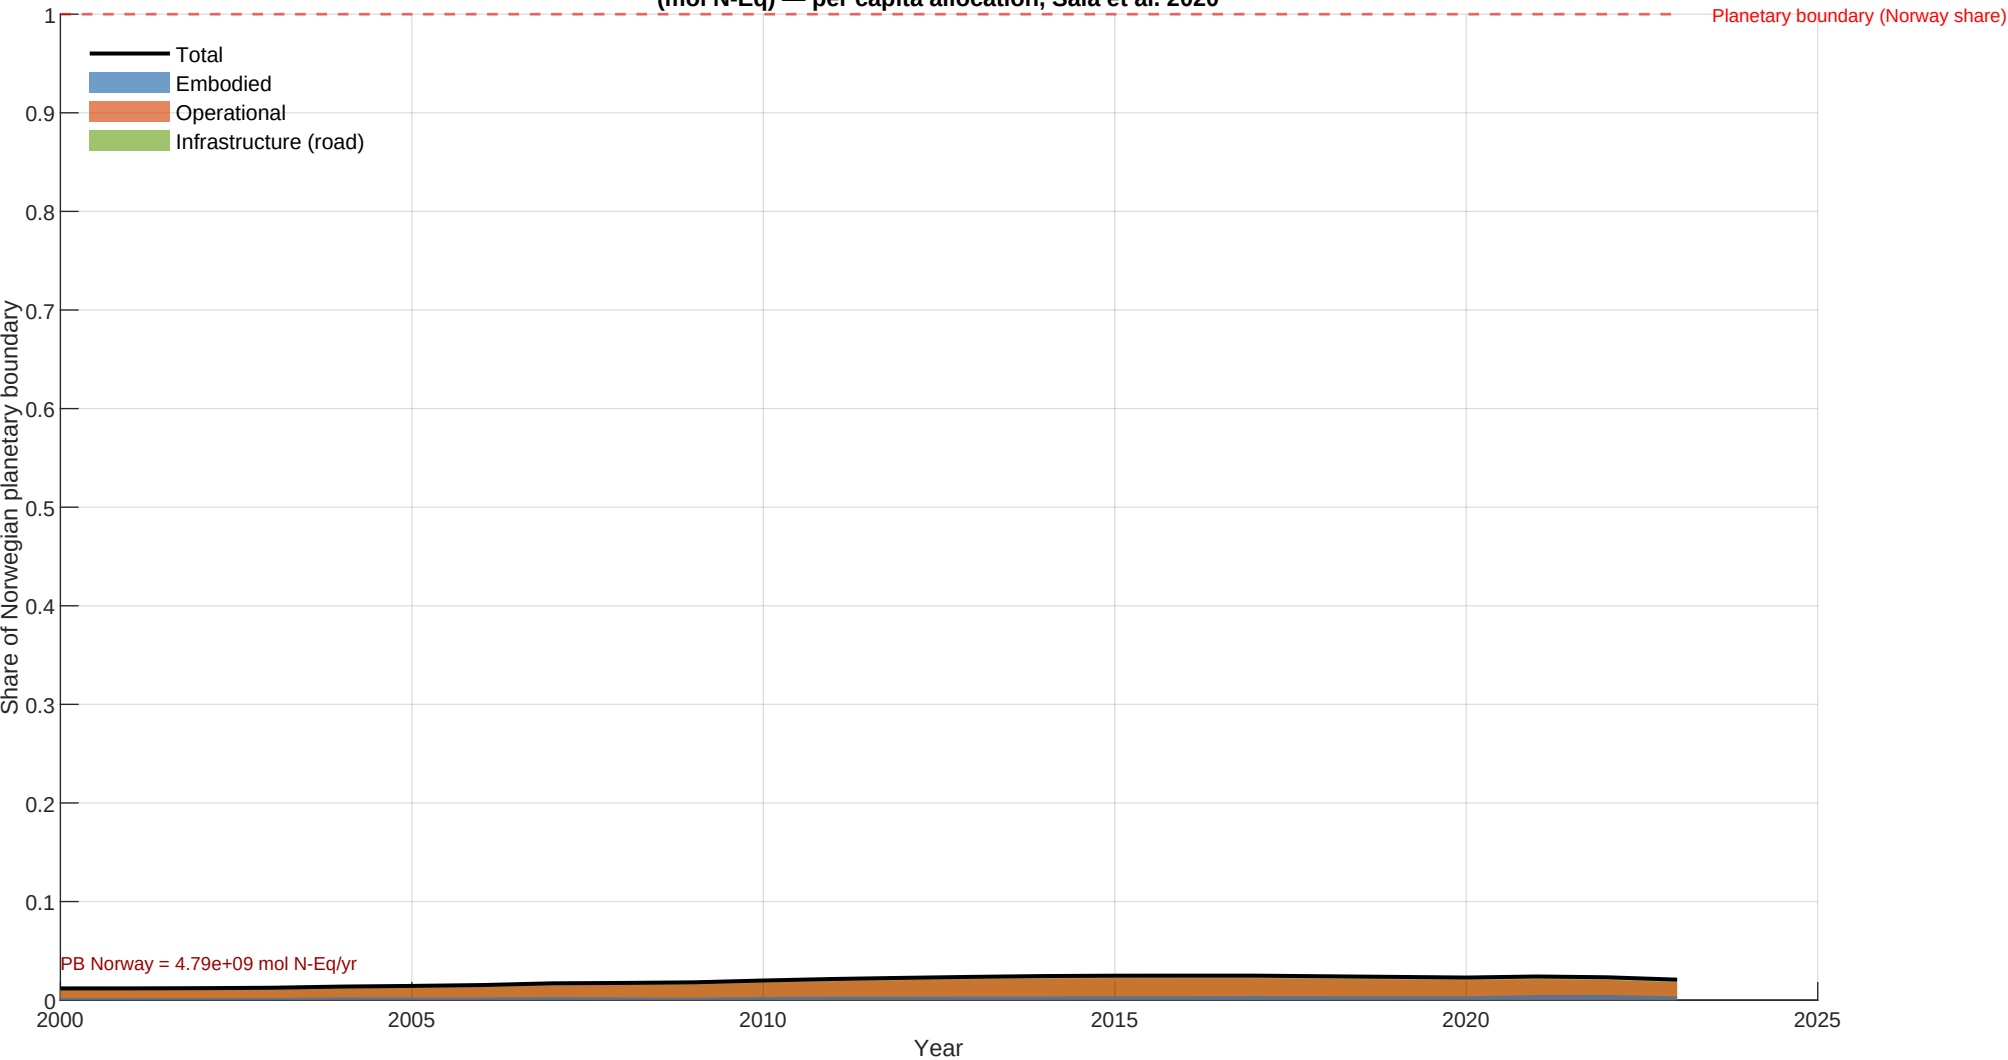

EF v3.1 : eutrophication: freshwater
(kg P-Eq) — per capita allocation, Sala et al. 2020

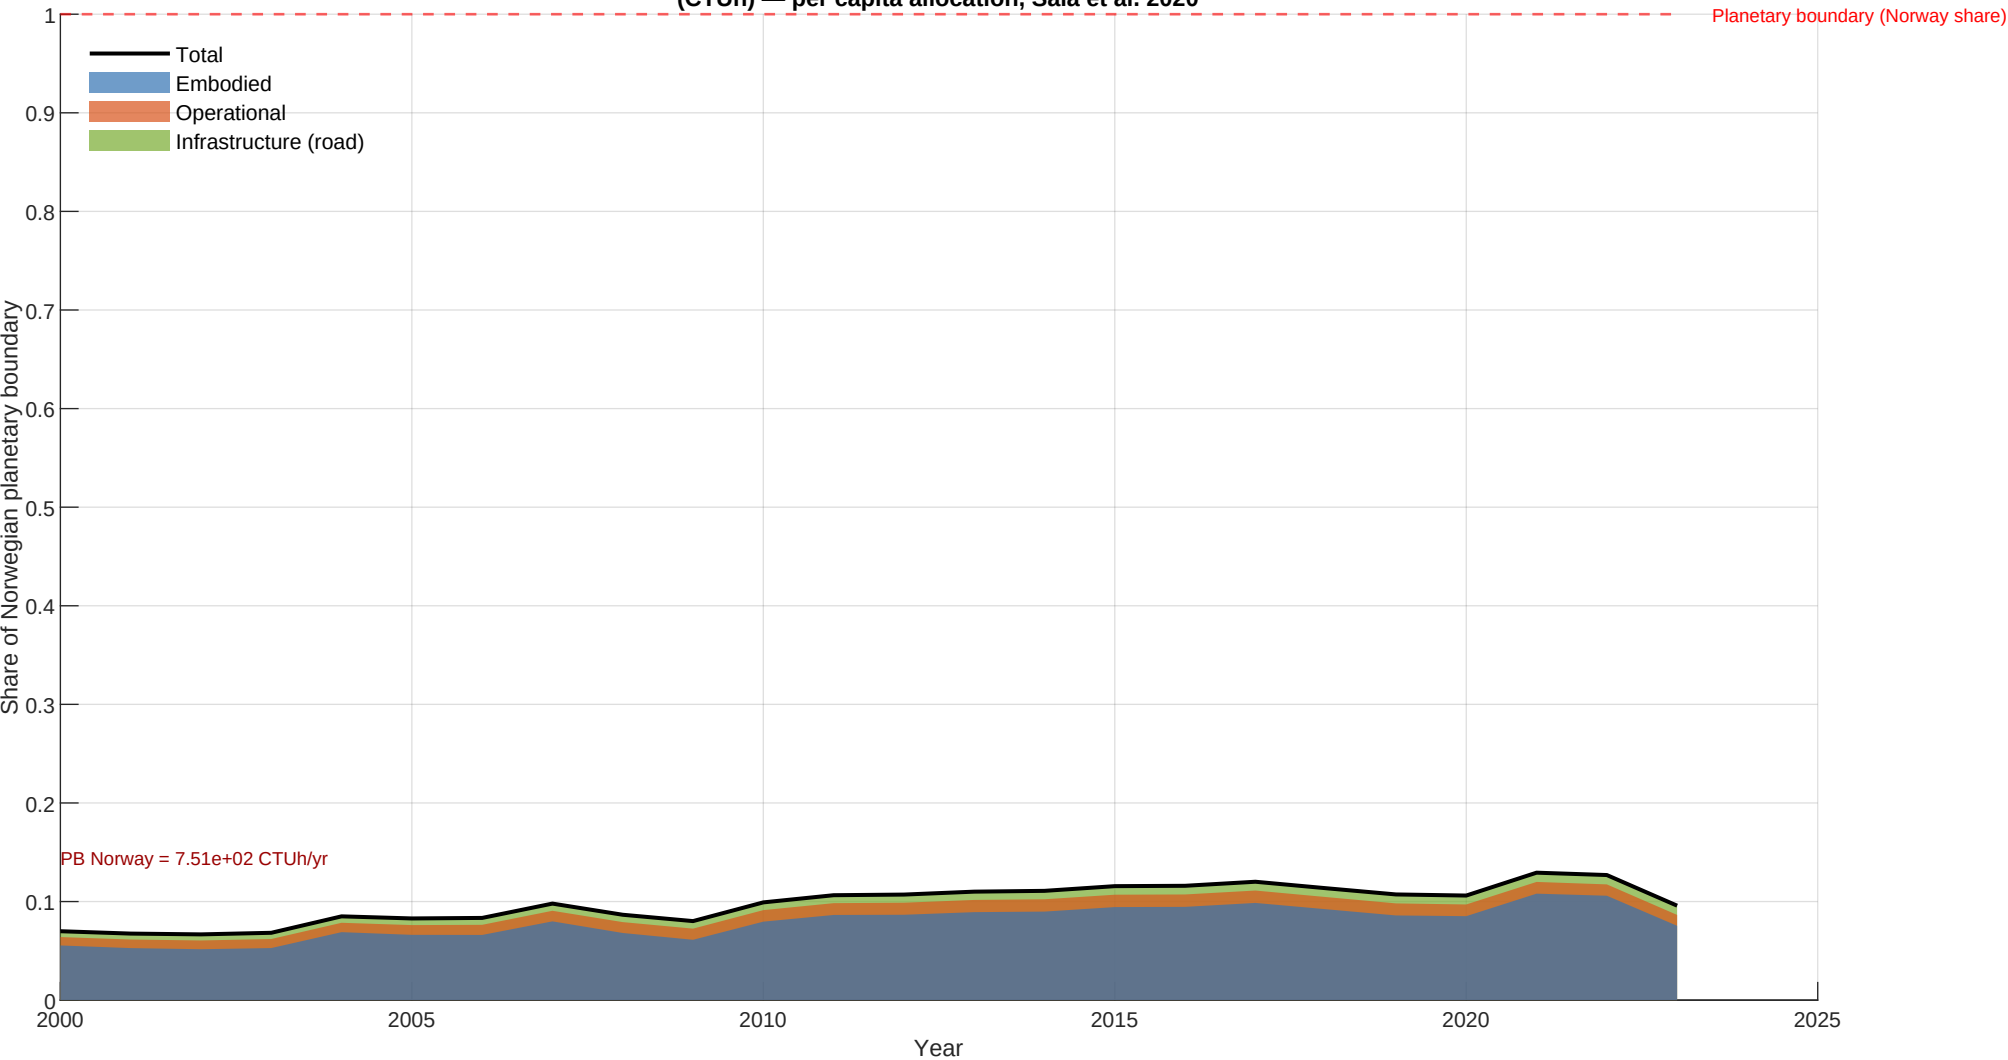

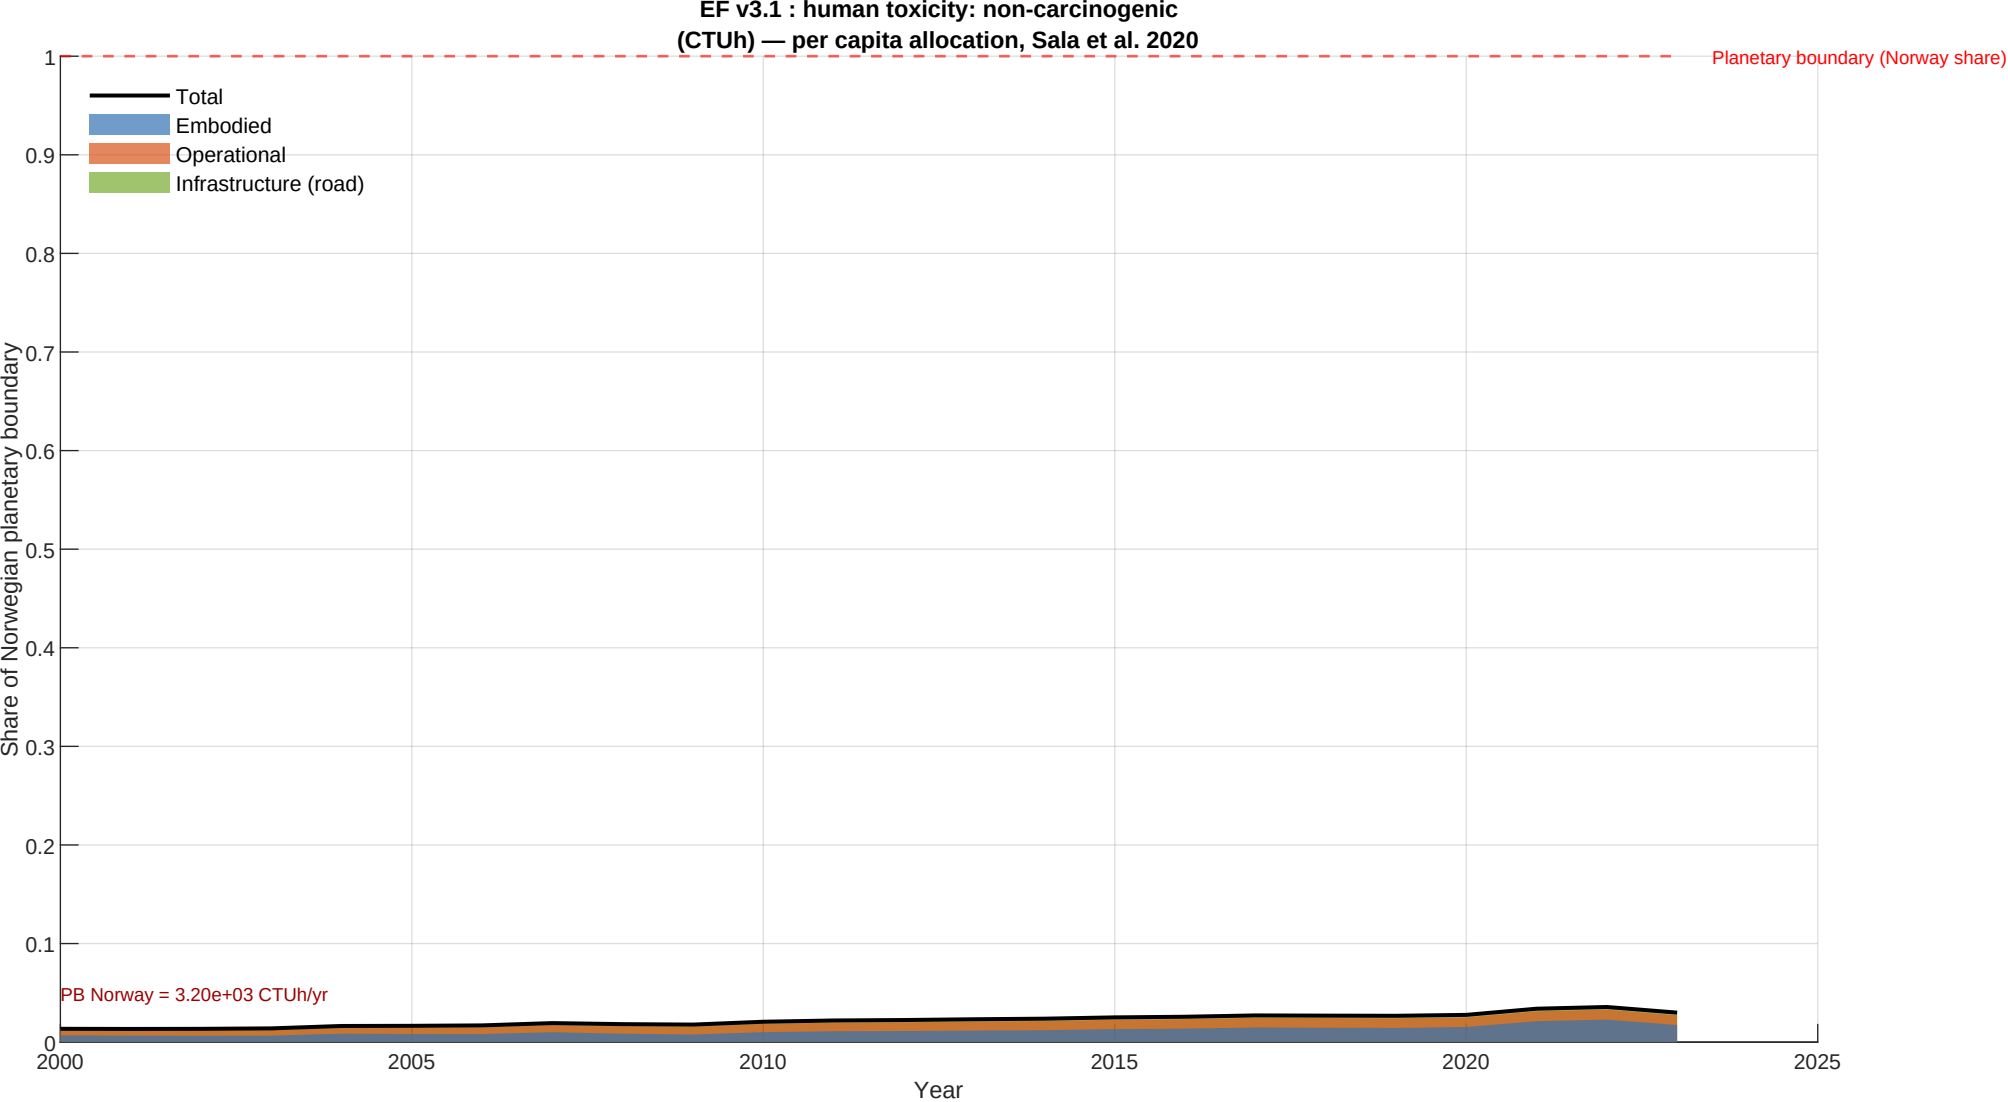

EF v3.1 : eutrophication: terrestrial
(mol N-Eq) — per capita allocation, Sala et al. 2020

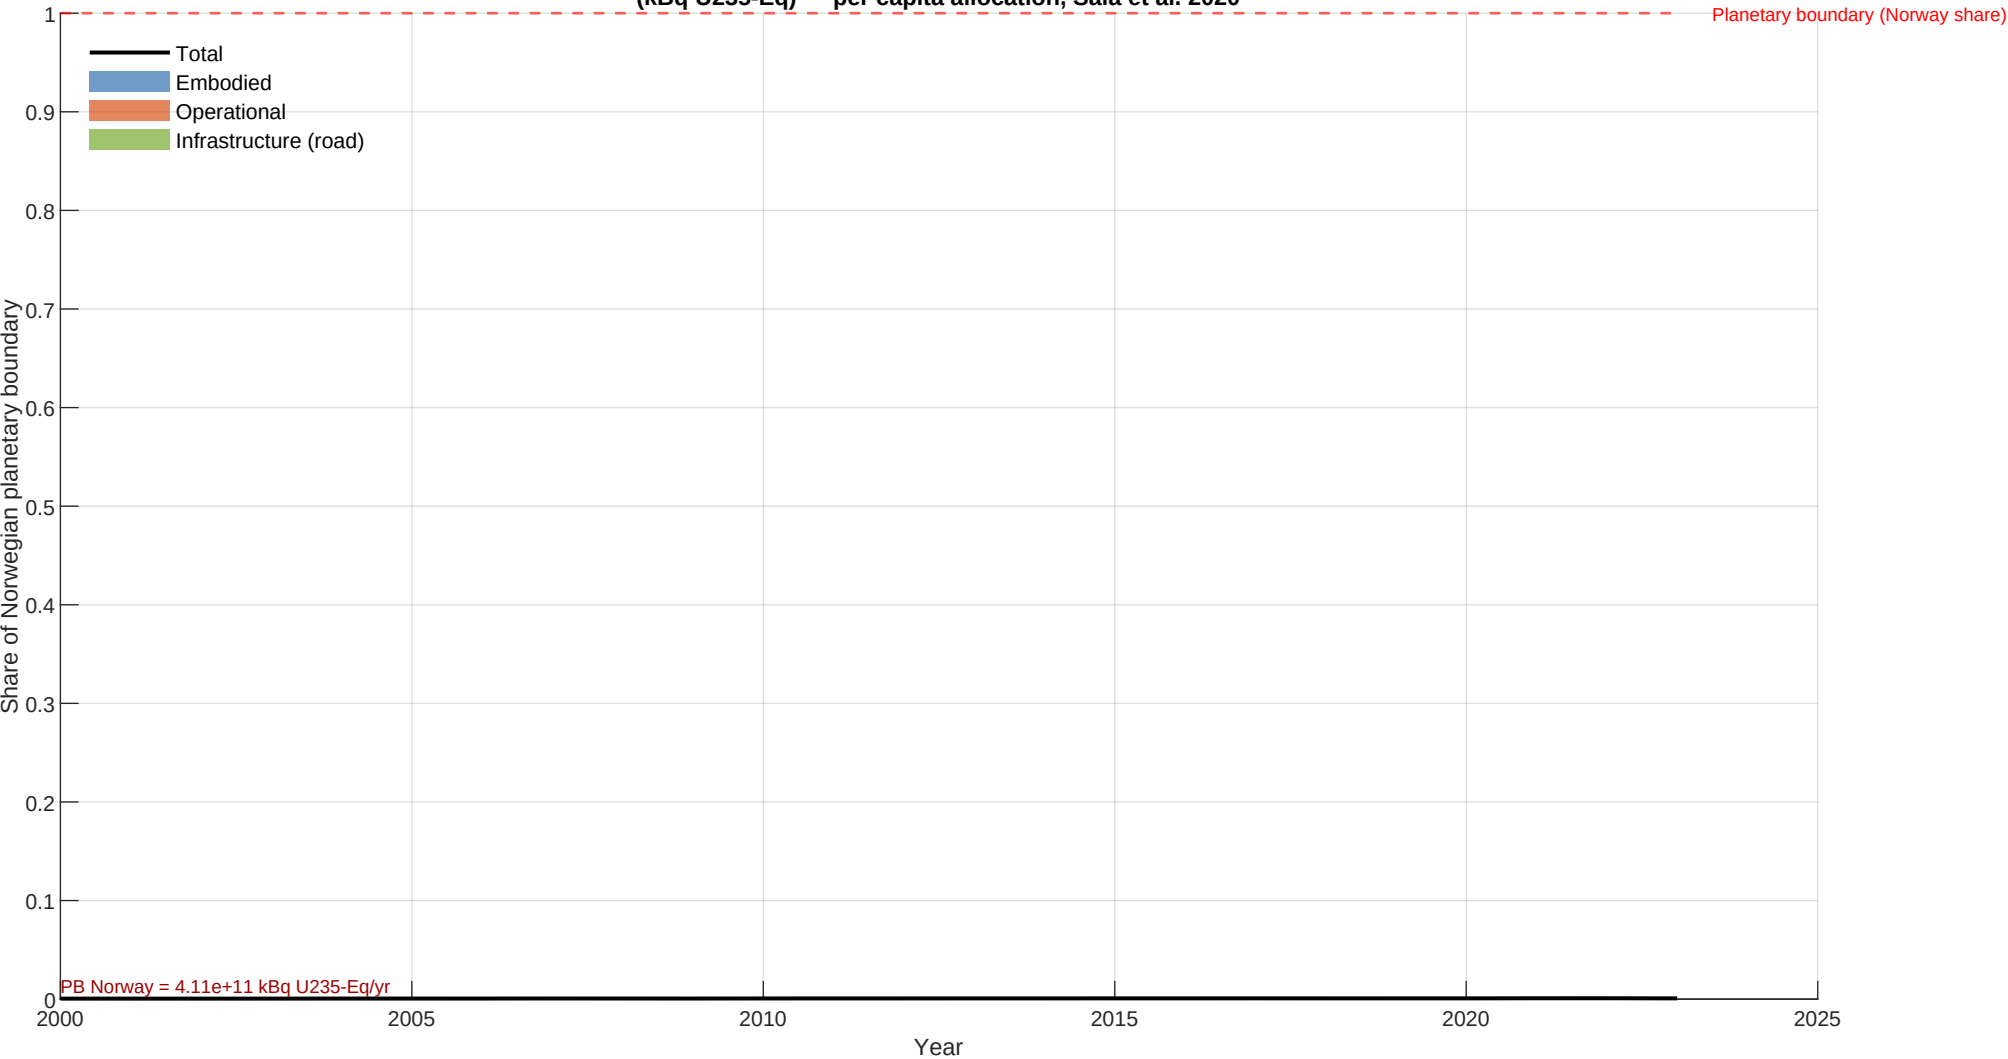

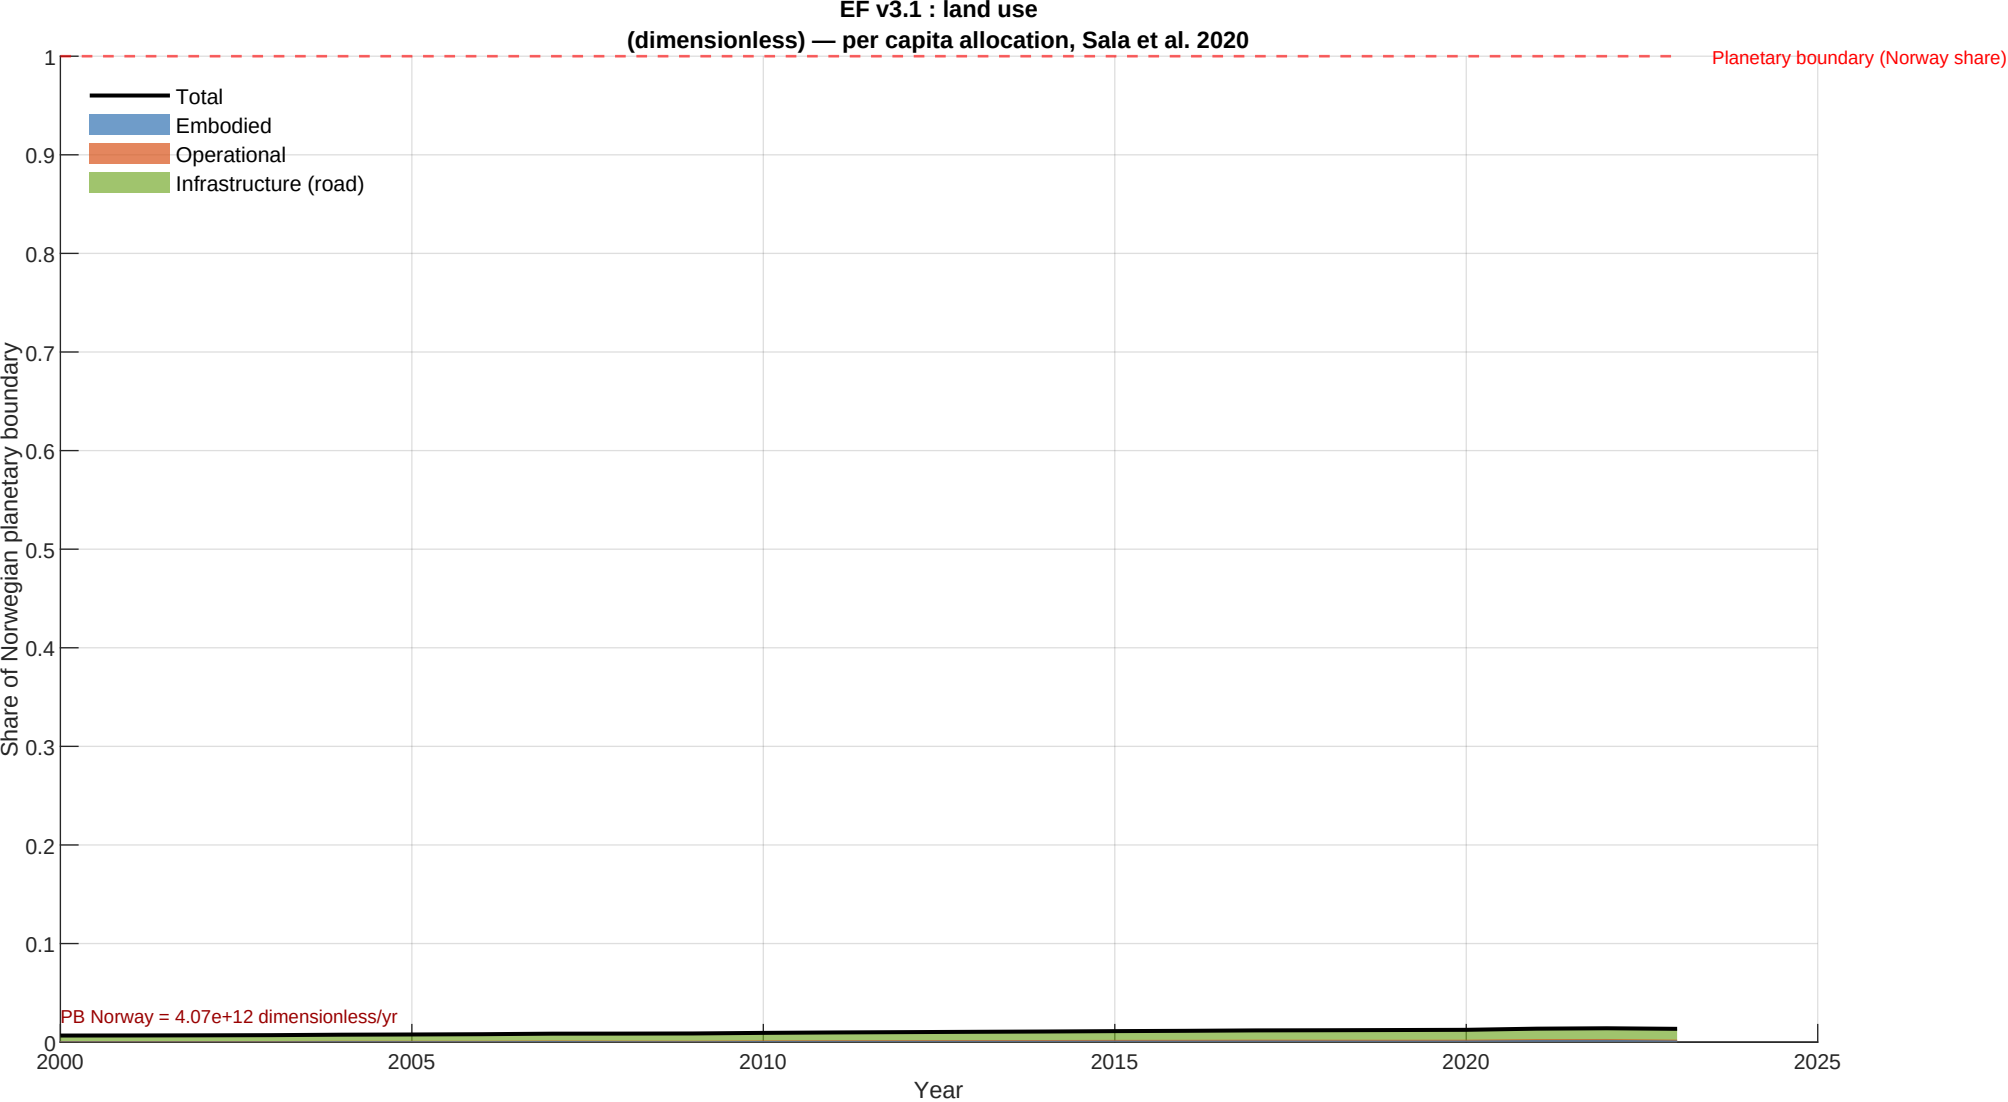

EF v3.1 : human toxicity: carcinogenic
(CTUh) — per capita allocation, Sala et al. 2020

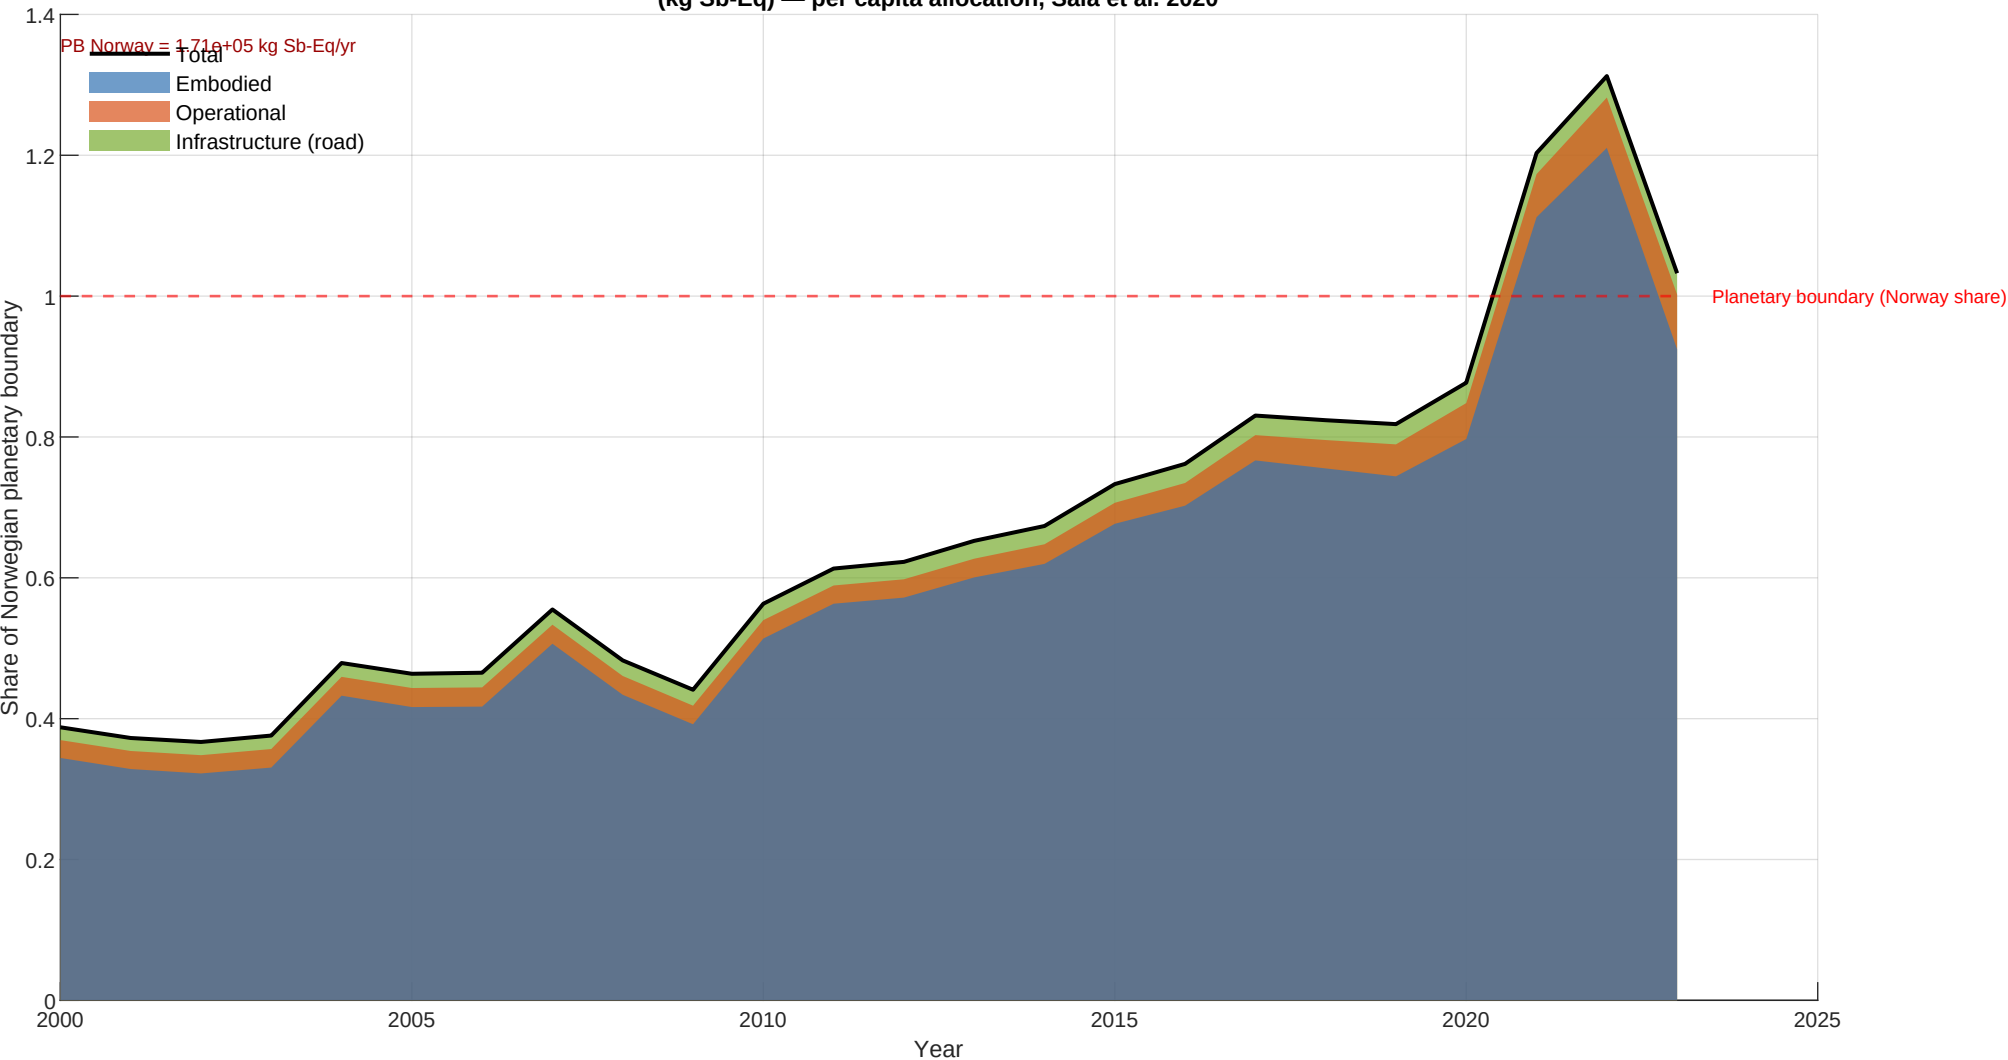

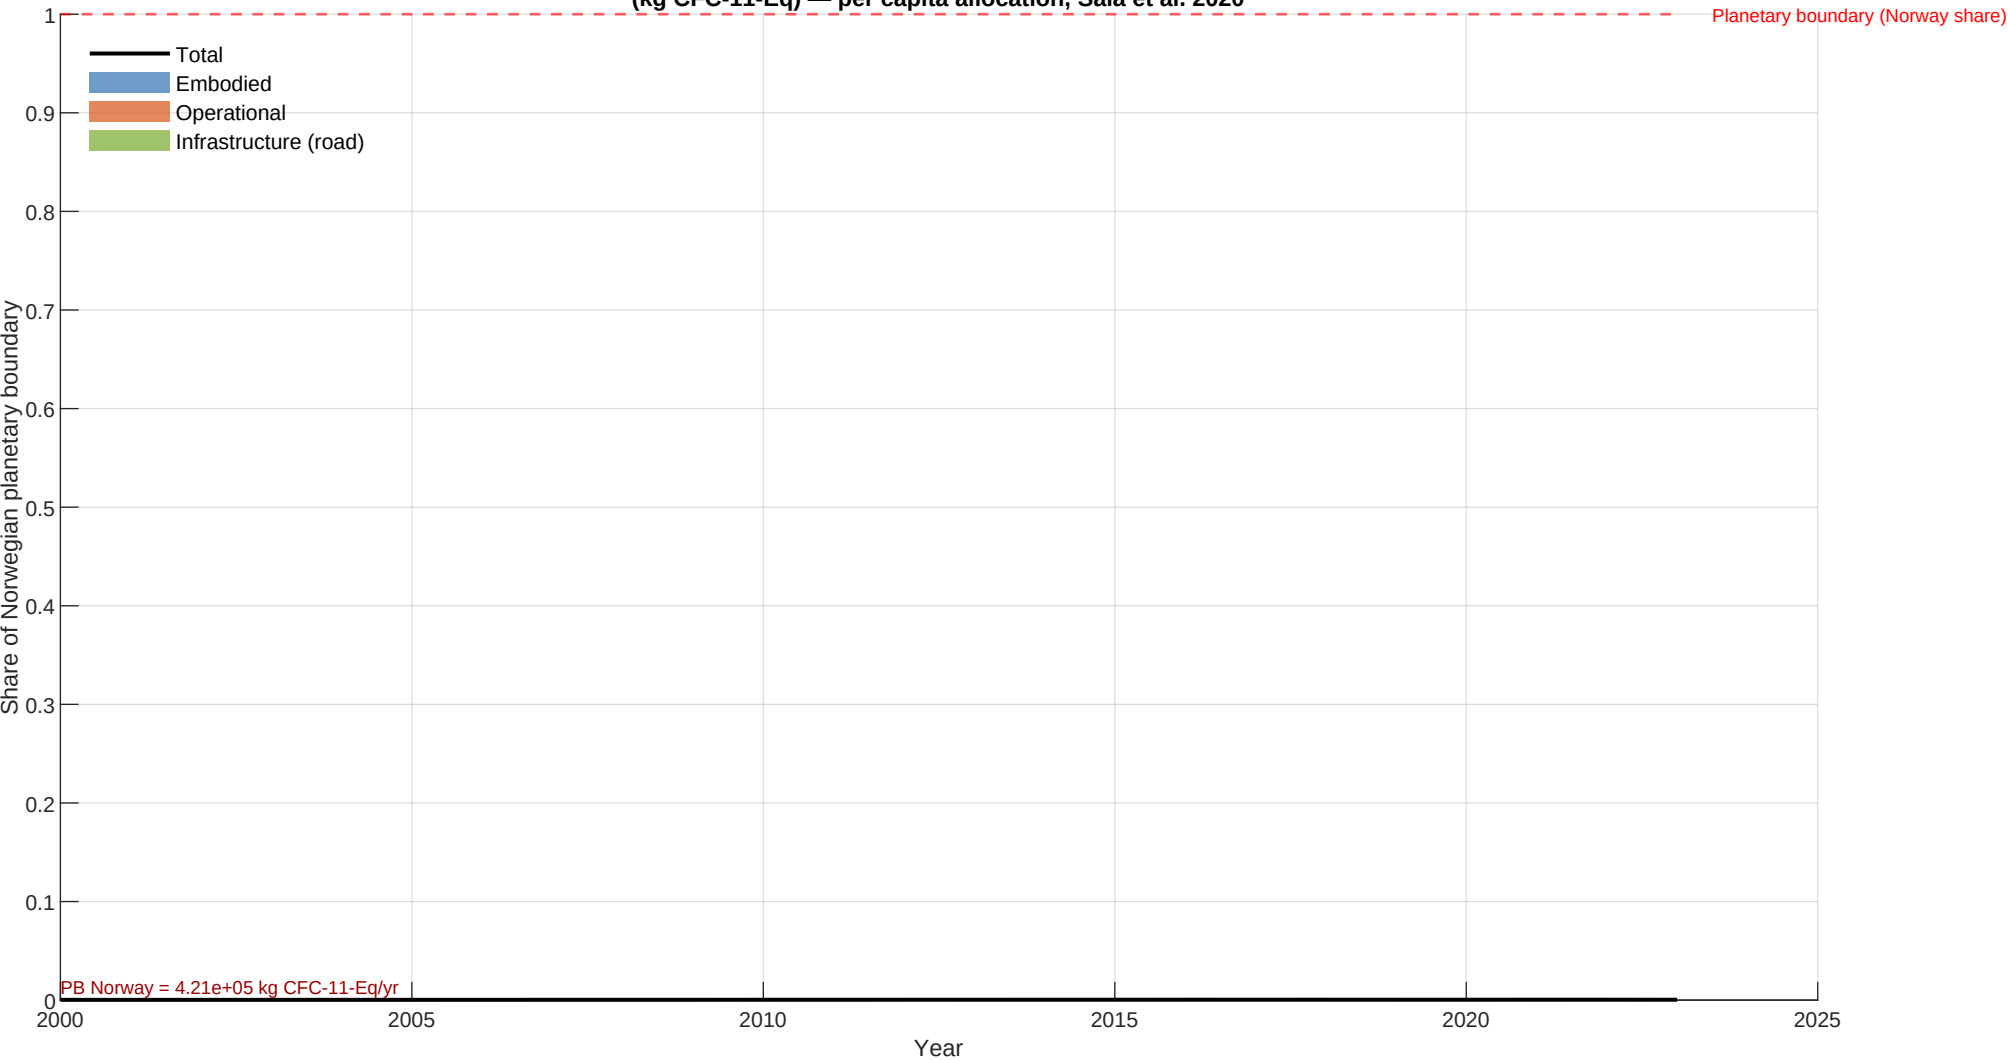

EF v3.1 : ionising radiation: human health
(kBq U235-Eq) — per capita allocation, Sala et al. 2020

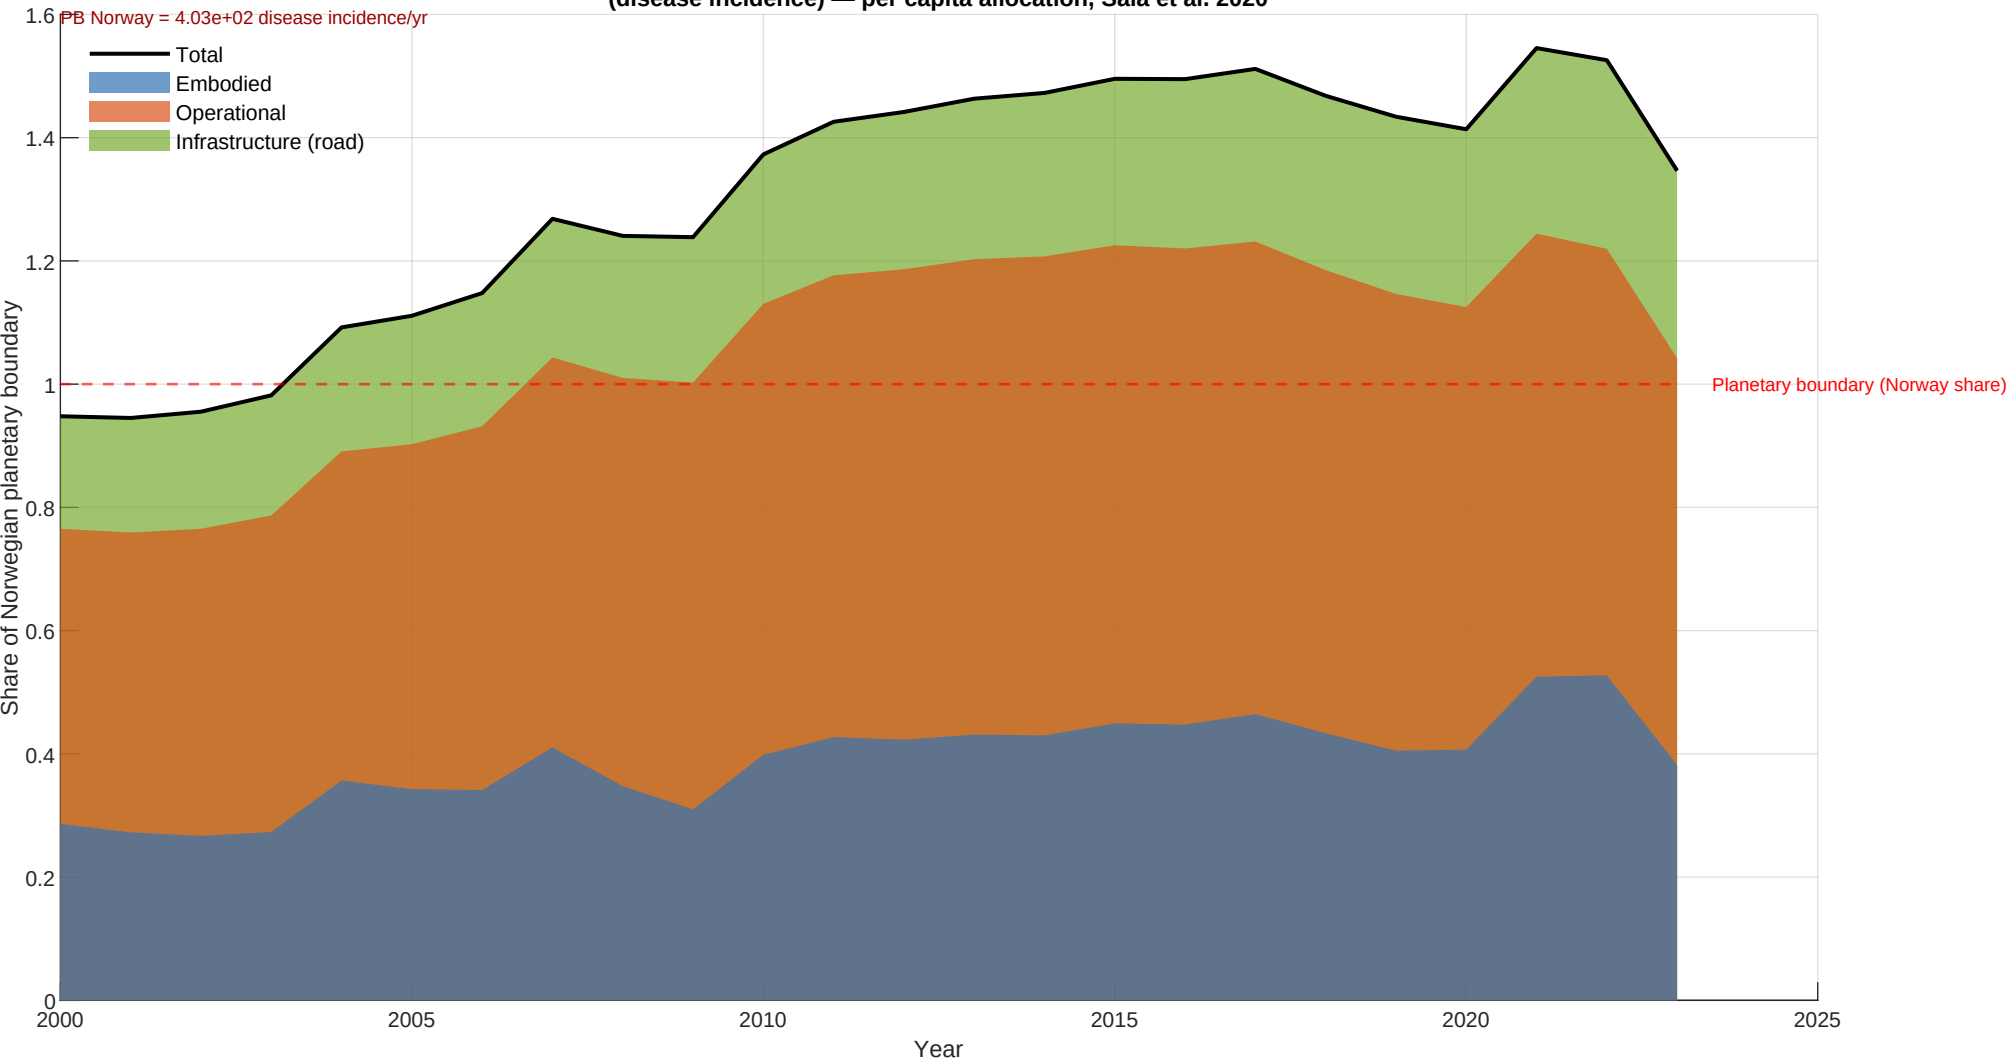

EF v3.1 : material resources: metals/minerals
(kg Sb-Eq) — per capita allocation, Sala et al. 2020

EF v3.1 : particulate matter formation
(disease incidence) — per capita allocation, Sala et al. 2020

EF v3.1 : photochemical oxidant formation: human health
(kg NMVOC-Eq) — per capita allocation, Sala et al. 2020
